These motion-activated, full-bodied creatures are the perfect addition to your creepy haunted house display with a focus on gory details and gruesome realism.

Colossal, the Hunched Skeleton Reaper, is a terror from the underworld who lurks in the darkness, searching for lost souls. His mouth moves as he speaks sinisterly. "The grave cannot hold me, for I will feast on your souls, which gives me new life." Green LED lighting illuminates this scary soul collector's eyes and mouth as his head and waist move from side to side. Add fogging breath for increased dramatic effect when you hook him to your fog machine.
