Product Description: Classic European design elements and a refined rustic finish come together on the shaped silhouette of the Castella 12-drawer dresser with an intricate acanthus leaf base molding and jewelry-like antique silver shaped drawer hardware. The timeless dresser is made casual with the luminous finish exuding a look of laid-back luxury. The center drawer has a drop front to accommodate wire management and electronics, and the three bottom drawers are cedar-lined.

Collection Features: Commanding attention in any space, the impressive scaling of the Castella Collection combines with classic design elements including scrolls, serpentine shapes, rope twist molding, acanthus leaf details and fleur-de-lis accents to create old world charm. Infused with emotion, the collection's exuberant scale and timeless motifs define its casually opulent style. Presented in an updated mid-tone brown finish with a beautiful patina, Castella offers Classic European design with an updated twist.

Status: Active

Finish: Antique Slate: a mid-tone brown finish with a beautiful patina. Distressing includes sandblasting, drawknife, wormholes and stone. Knob and bail pull hardware in an antique silver finish.

Features: Twelve drawers
Center drawer has drop-front
Top three drawers have removable felt liners
Three bottom drawers have cedar-lined bottoms
Levelers
Anti-tip hardware

Material: Pecan, Quartered Walnut, Quartered Black Walnut, Quartered Ash and Maple Veneers with Cedar Drawer Bottom, Resin and Felt Panel

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
