

Board Game Table

As this item contains many parts, please read the installation instruction carefully before installation. Please use tools properly and carefully. If you have any questions about the product and installation, please contact us.

CYCASS1997@Outlook.com

Our professional after-sales team will serve you online all day.

Before You Start

Read through each step carefully and follow the proper order

Separate and count all your parts and hardware

Give yourself enough room for the assembly process

Have the following tools: Flat Head Screwdriver, #2 Phillips Head Screwdriver and Hammer

Caution: If using a power drill or power screwdriver for screwing, please be aware of to slow down and stop when screw is tight. Failure to do so may result in stripping the screw. (Assembly speed can be increased by using electric screwdriver)

Helpful Hints

PEOPLE NEEDED FOR ASSEMBLY: 1-2

-Open your item in the area you plan to keep it to avoid excessive heavy lifting.

-Identify, sort and count the parts before attempting assembly.

-Compression dowels are lightly taped in with a hammer.

-Slides are labeled with an R (right) and L (left) for proper placement.

-Make sure to always face the point on the top of the Cam Lock towards the outer edge.

-If there is a back panel in the package, please install it to make sure your unit is complete and sturdy.

-please fix all the screws provided for the back panel which can enhance product stability. If it is difficult to fix it when tightening, it can be fixed with the help of a hammer and then tightened.

-Do NOT use harsh chemicals or abrasive cleaners on this item.

-Newer push, pull, or drag your furniture.

INSTALLATION STEPS

STEP1

Tips:

As shown in the picture, install part ⑦ and part ⑧, making sure to align the holes as shown in the image. Be careful not to reverse them. Then, tighten them with screws ③.

STEP2

Insert ④ into the holes of the **inner ring**. You can **gently** tap it in with a hammer.

INSTALLATION STEPS

STEP3

Insert parts ⑨,⑩ and ⑪ into the ④ and tighten with screws ①.

STEP4

Similarly,insert ④ into the **outer ring hole**, then insert parts ⑪ and parts ⑫.

INSTALLATION STEPS

STEP5

Tightening with screws (A).

STEP6

1. First, insert (D) into part (19), then install part (6), making sure the holes of (D) and part (6) are aligned.

Finally, tighten part (6) with (I).

2. Continue installing part (5), ensuring that part (5) and part (6) are tightly aligned. Then, tighten part (5) with (I). Repeat the above steps to complete Step 6.

ATTENTION: Make sure that parts (4), (5), and (6) are tightly aligned; otherwise, the installation of the last part (4) may not be completed, or part (10) may be damaged by screws. If this happens, please stop the installation, reinstall part (5), or contact us: CYCASS1997@outlook.com.
