

## Seat Cushion

Cushions are vacuum packed, once open, they will not fit back in box, please make sure you have measured for a good fit.

1

Measure the **Width** of the chair between the arms.

2

Measure the **Depth** of the seat.

STEP 1

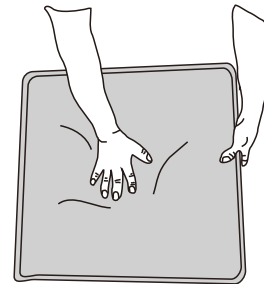

Take the cushion out of the box.

STEP 2

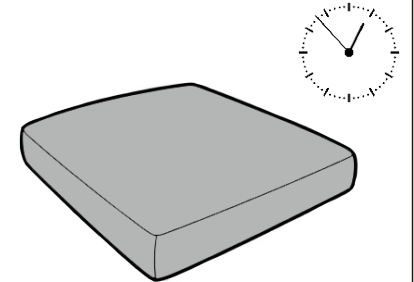

Cut the packaging seal carefully to avoid damaging the cushion inside.

STEP 3

Flap the cushion and make the 4 corners in place.

STEP 4

Allow cushions 48 hours to fully expand.
