Mela Wall Clock 625694

Contemporary Elegance for the Home: Sleek and sophisticated, this eye-catching analog wall clock steals the spotlight with its glossy dial and handsome wooden frame. Its clean lines and slender profile lend it a contemporary look that beautifully complements any area of the home. As decorative as it is functional, it stands out thanks to a lean pendulum featuring a silver-finished cylindrical bob and a round stick dangling below. The effect is subtle in design, yet striking in impact.

Premium Materials Made to Last: This statement timepiece offers enduring quality thanks to premium materials, including rich Macassar Ebony wood and silver. Its practical configurations allow it to fit perfectly into any space, from the home office or the bedroom to the dining room or the kitchen.

Sleek and Modern Design Features: The rectangular frame evokes a sense of modernity with its open-work center. A shiny, round, circular-spun silver dial held in place by silver grips stands front and center, marked with distinctive black bar hour and minute markers and hands. At the center is a satin silver-tone finish that nicely complements the glass crystal on top and the cylindrical pendulum below.

Quartz Movement: Quartz, battery-operated movement requires 1 AA battery (not included).
