

Assembly Instruction

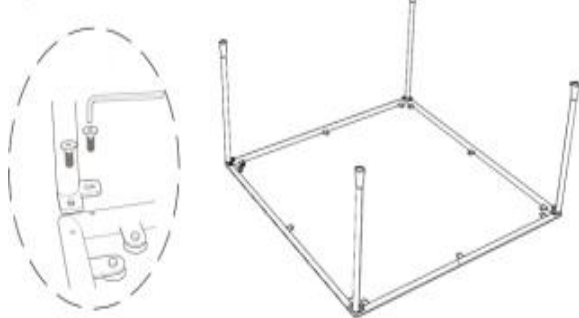

Item	Description	Part	Qty		Item	Description	Part	Qty
A	Table frame		1		1	Bolt		16
B	Glass tabletop		1		2	Suction cup		12
C	X-brace		1		3	Allen key		1
D	Table legs		4					

1. Please check all items against the product list to ensure nothing is missing. Contact us at any time if any parts are not included.
2. Before installation, place the packing foam from the box or prepare a thick cushion on the floor to protect the mirrored surface from scratches.

Step 1 – Assemble 4 legs (D)

Attach the 4 legs(D) to the four corners of the Table frame (A) , and Tighten them by using Allen key.

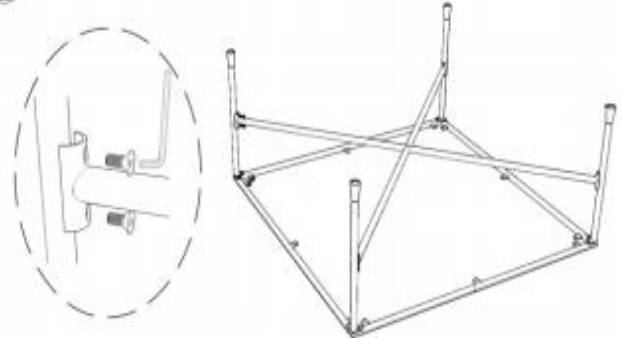

①

Step 2 – Install x-braces (C)

Fit the two X-braces(C) inside the frame. Tighten all screws to reinforce the structure and prevent wobbling.

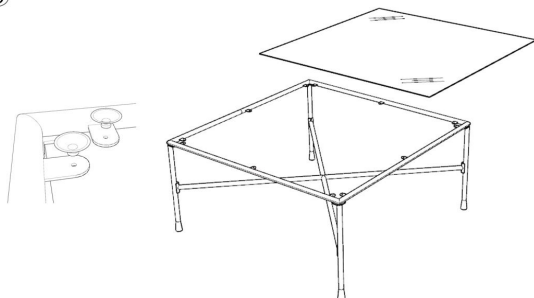

②

Step 3 – Mount suction cups & place glass

Insert the suction cups (2) into the top holes, then set the glass top(B) onto them and align.

③

Step 4 – Final tightening

Confirm that the glass sits flush against all suction cups. Re-check and tighten every screw one last time. Assembly is complete.
