Be sure to check all packing material carefully for small parts, which may have come loose inside the carton during shipment.

To prevent possible scratches and damage, this furniture must be assembled by two people on a soft surface such as a blanket or carpet.

**Step 1:** Attach the Lower Bridge Panel (D) on top of the Pedestal (E) using the 1-3/4" Allen Head Bolts (H), Spring Washers (K) and Flat Washers (L). Tighten using the Allen Wrench (M).

**Step 1**

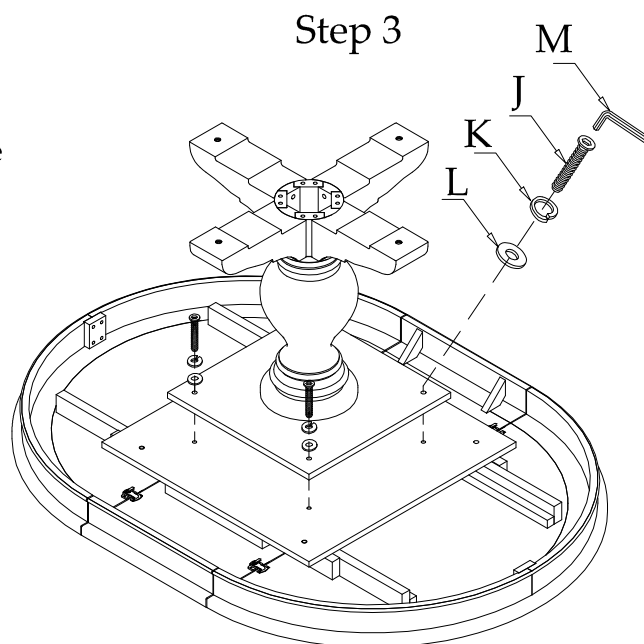

**Step 2**

**Step 2:** Assemble the four Base Feet (F) to the Pedestal (E) using the 2-3/8" Allen Head Bolts (I), Spring Washers (K) and Flat Washers (L). Tighten using the Allen Wrench (M). Install the Levelers (G) into the Base Feet, if they are not already installed.

Step 3: Position and attach the assembled Pedestal and Base onto the bottom side of the Table Top using the 1-3/8" long Bolts (J), and the same Washers in previous Steps. Tighten using the Allen Wrench (M).

Step 4: To install the Table Top Leaf (B), reach underneath the sides of the Table Top and twist the handle of the Locks to unlock. Pull the two halves of the Table Top open, place the Leaf in position, aligning the pins with the holes on the edges and push the halves back together. Reach underneath the Table Top and relock.

The levelers underneath the Base Feet can be adjusted to compensate for uneven flooring if needed.

To prevent undue stress on the Dining Table if it is moved, using two people, always lift and carry your Dining Table from one location to another.
