### Installation

1. Connect 4 C rods to two A connectors to create the base shelf  
Put the base shelf on the floor and press lightly against connector until both sides are balanced  
Repeat #1 step to make the other 4 shelves.
2. Once the 5 shelves are done, connect them on top of each other by attaching the B rods on all 4 corners
3. Finish the top shelf by putting the F rods on each corner of the top shelf.  
Attach the L-shaped D connectors to the E rods, and attach to the F rods.

### Assembled product:

MAXIMUM WEIGHT CAPACITY PER SHELF: 8 kgs / 17.6 lbs.
