

# INSTALLATION INSTRUCTIONS

Dear customer, thanks for choosing our product.

For your better use of our products, please follow the steps below and pay attention to relevant matters:

Please read and understand this entire manual before attempting to assemble, operate or install the product. Failure to do so could lead to electric shock, fire or other injuries that could be hazardous or even fatal.

**IMPORTANT:** NEVER attempt any work without shutting off the electricity.

Go to the main fuse box, or circuit breaker, in your home. Place the main power switch in the "OFF" position and unscrew the fuse(s), or switch "OFF" the circuit breaker switch(es), that control the power to the fixture or room that you are working on.

Place the wall switch in the "OFF" position. If the fixture to be replaced has a switch or pull chain, place it in the "OFF" position.

## CAUTION

- Read and understand all instructions and illustrations completely before proceeding with assembly and installation of this fixture.
- If you have any doubts about how to install this lighting fixture, or if the fixture fails to operate completely, please contact a qualified licensed electrical contractor.
- All parts must be used as indicated in these instructions. Do not substitute any parts, leave parts out, or use any parts that are worn out or broken. Failure to obey this instruction could invalidate the UL listing, C.S.A. certification, and/or ETL listing of this fixture.
- This fixture is intended for installation in accordance with the National Electric Code (NEC) and all local code specifications.
- This fixture is for indoor use only, and is suitable for dry locations.

**Note:** The scope of this product does not include damage caused by natural disasters, damage suffered in the process of transportation, damage caused by improper operation, damage caused by using other parts other than the factory, man-made damage, etc.

## INSTALLATION METHOD

1. Shut off the power at the circuit breaker and remove existing fixture, including the mounting hardware.
2. Carefully unpack your new fixture and lay out all the parts on a clear area. Be careful not to lose any small parts necessary for installation.
3. Install the mounting plate onto the outlet box by strap mounting screw.

### 4. Electrical Connections:

- Refer to chart left of the figure for correct connections. Wire supply wires to fixture wires accordingly.
- Connect grounding wire from supply source to fixture ground wire with connector.
- Never connect ground wire to black or white to black or white power supply wires.
- Never connect ground wire to black or white power supply wires.

### 5. Carefully push the screws through the side holes in the fixture and lock them onto the mounting plate.

### 6. Install the bulb (not included). Please follow the wattage label located on the fixture body. Do not exceed the recommended wattage.

### 7. Screw the glass shade into the fixture separately.

(Note: DO NOT over tightening could cause damage to glass.)

### 8. Restore electricity and check the operation of your lighting fixture.

SAVE THIS MANUAL: RETAIN FOR CONSUMER'S USE. READ THESE INSTRUCTIONS COMPLETELY BEFORE INSTALLING THE PRODUCT.
