

Assembly Instructions

CAUTION

• Inspect the wire insulation for any cuts, abrasions, or exposed copper that may have resulted during shipping. If there is a defect in the wire, do not attempt installation.

• Before starting installation of this fixture or removal of a previous fixture, disconnect the power by turning off the circuit breaker or by removing the fuse at the fuse box.

CAUTION IMPORTANT SAFETY INSTRUCTIONS

• This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter the plug.

TOOLS REQUIRED

Ladder

Safety glasses

Electrical tape

Phillips screwdriver

Flat blade screwdriver

Pliers

Wire strippers

HARDWARE INCLUDED

Fixture

Cage

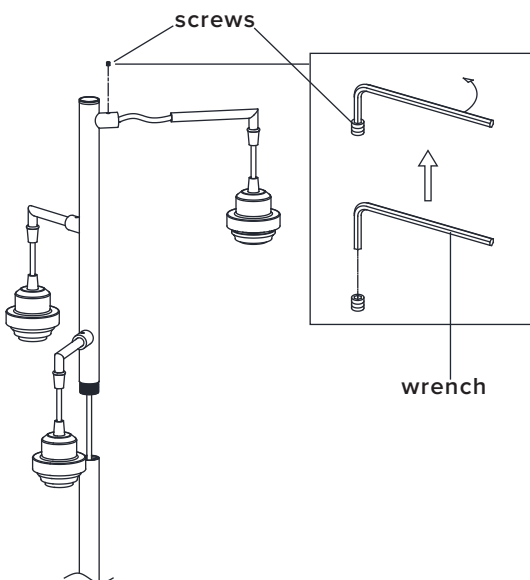

Wrench

***PARTS SHOWN MAY DIFFER SLIGHTLY PER LIGHT FIXTURE**
