

Assembly Instruction

EEI-805

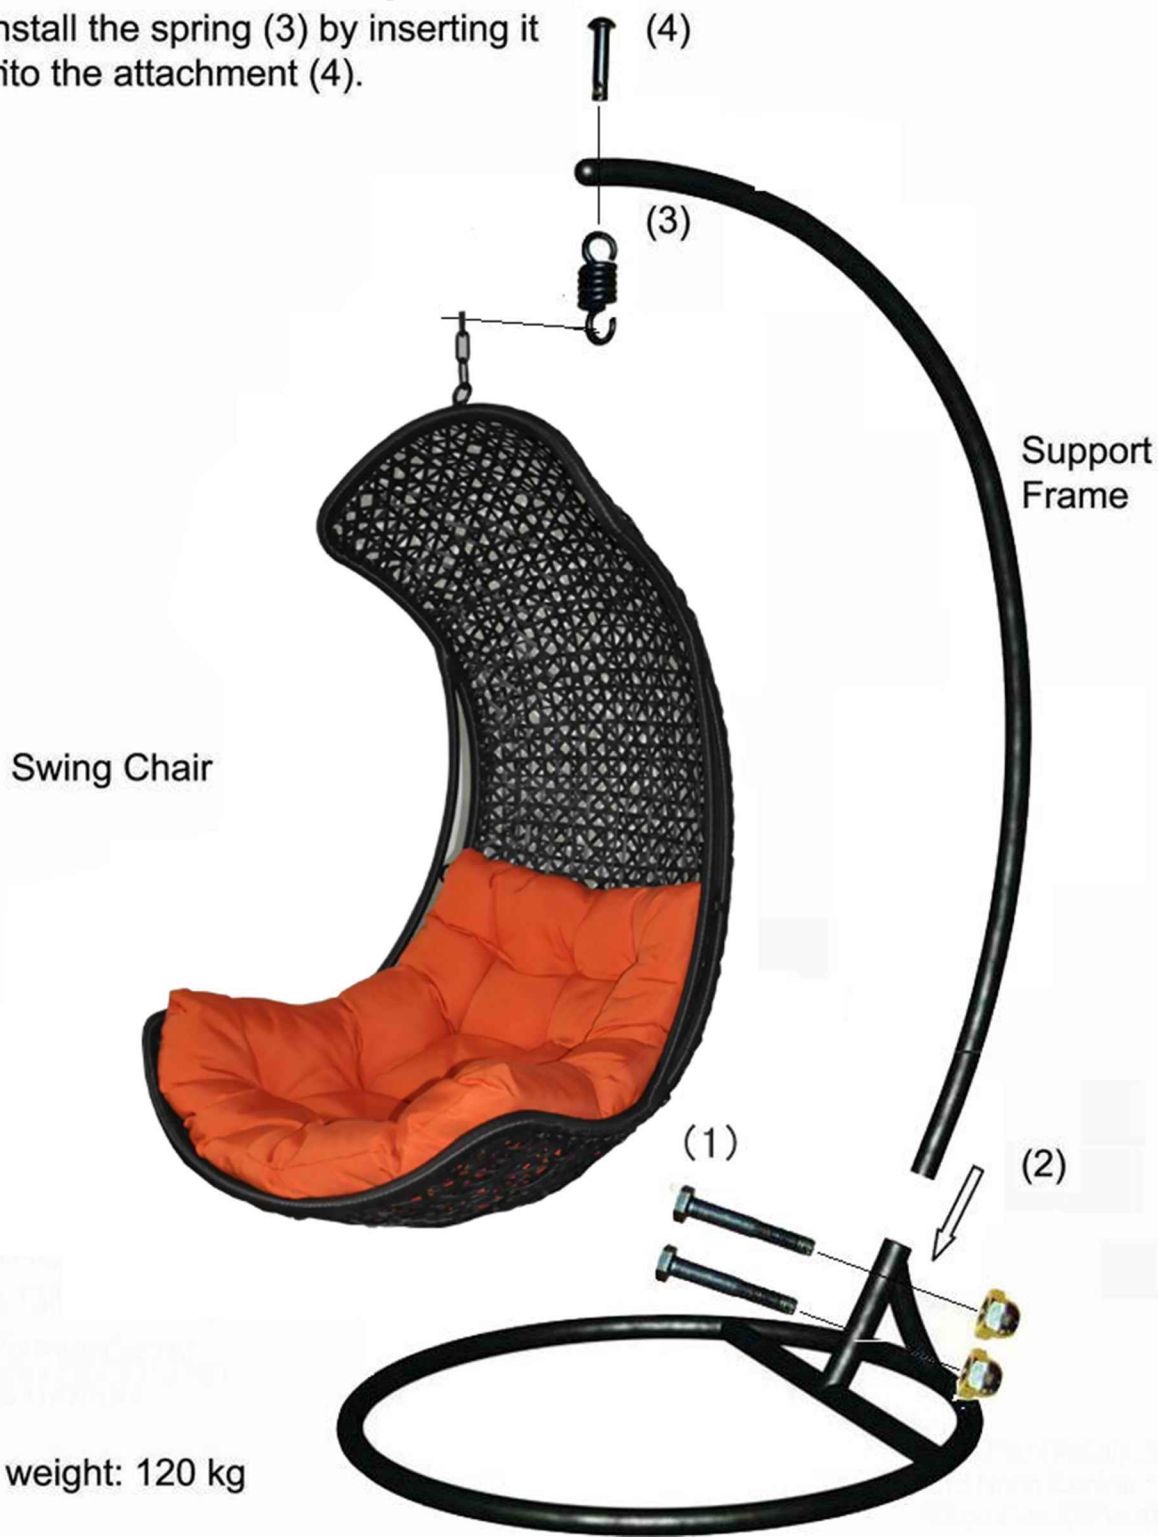

4 Parts: Swing Chair, Support Frame and Base

You will find the hardware packed inside the base

Step 1 : Insert the support frame to the base. Ensure that both holes are aligned and put in the bolt (1) and attach the nut tightly (2). Make sure the bolts were inserted from the big hole to the small hole.

Step 2 : Install the spring (3) by inserting it into the attachment (4).

Maximum weight: 120 kg
