

The ProVW is a surefire way to improve your indoor air quality. You have the freedom to choose between a 1200 CFM local blower, a 1700 CFM local blower, or a 1300 CFM inline blower. These robust blowers all boast more than enough power to ensure that your kitchen air stays clean and fresh. We want you to enjoy the time and delicious food that you have with your friends, family, and guests, and buying the ProVW is a step in the right direction. It's easy to use thanks to the variable speed dial knob controls that make adjusting blower power and lights a breeze. Once you've finished in the kitchen and you're ready to join your family, set the baffle filters in the dishwasher so they are ready to clean at a moment's notice. Try out the ProVW wall range hood from Proline today.
