| 2 | Sides | 6 | Small Screws |
| 1 | Handle and
Bottle Holder | 1 | Wrench |

WARNING:

CHOKING HAZARD - Small parts. Not for children under 3 years.

Follow Steps in order

Step 4 Locate holes in Top Tray as shown in circle. This will be the end that gets the Handle.

Insert the Handle into the Top Tray as shown. Then insert the pins on the Bottle Holder into the holes in the Top Tray as shown in circle.

Step 7

Push the Ball End Rods down through Top Tray, Side Piece, and Bottom Tray until it protrudes out the bottom. Attach Capnuts at bottom and tighten.

Step 5

Push the Side Pieces into the Bottom Tray with Handle end away from the Wheels.

Step 3

Place Top Tray upside down on a flat surface and attach the 2 Sides to the Top Tray as shown. (Note: screw holes in Sides must line up with screw holes in Top Tray)

Step 6

Push Legs & Feet Rods up thru Bottom Shelf, Side Piece and Top Tray. Screw Feet Rods into the Handle and tighten with the Wrench provided.

Step 1

Attach Axle to Bottom Tray with Screws provided.

Step 2

Attach Wheels with 2 Large Screws and tighten.
