Installation Instruction

1. Two main connecting rods (AB) from the product accessories need to be taken out. With the four support feet (A/B) (as shown in Figure 1 below), the support will be provided. The support feet are connected to the corresponding main body connecting rods (as shown in Figure 2 below).

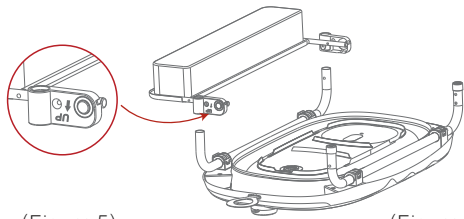

(Figure 1)

(Figure 2)

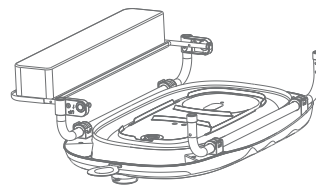

(Figure 3)

3. Turn the bathtub upside down and open the arched frames on both sides (as shown in Figure 4 below). Turn the word "UP ↑" marked at the button on the storage basket upside down (e.g. And install it on an arched frame without adhesive parts (as shown in Figure 5 below)).

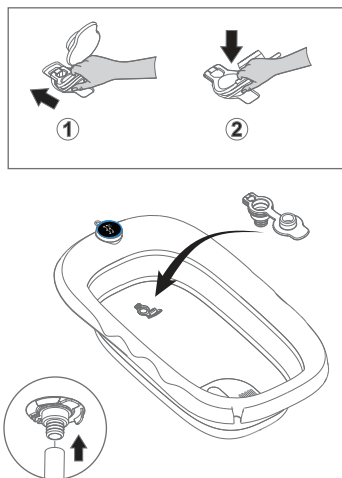

(Figure 5)

(Figure 4)

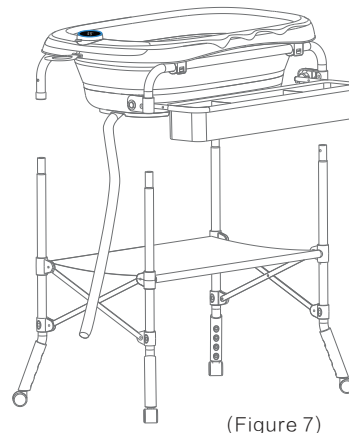

(Figure 6)

4. Install the water plug and water pipe on the bathtub.

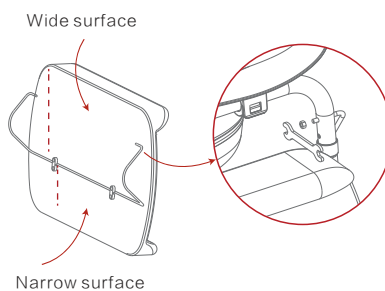

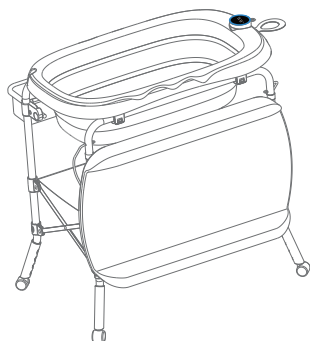

5. The bathtub is combined with the main connection frame (as shown in Figure 7 below).

(Figure 7)

6. After removing the screws on the connecting rod of the changing table, fix it to the product. Finally, tighten the screws to secure it. The screws at both ends of the changing table iron rod, with the iron rod As the dividing line, make the narrow side face down (as shown in the figure), insert both ends into the holes respectively, and then use the wrench to tighten the screws.

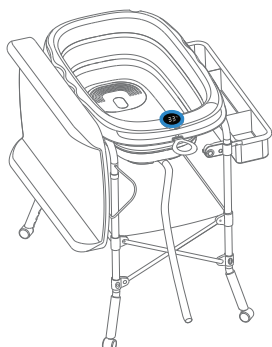

(Figure 8)

(Figure 9)

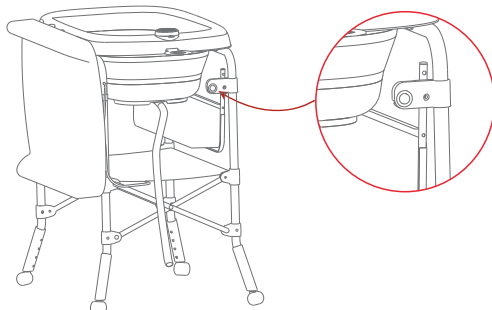

Folding instructions

1. Turn the changing table upside down and place it vertically on one side (as shown in Figure 1 below)

(Figure 1)

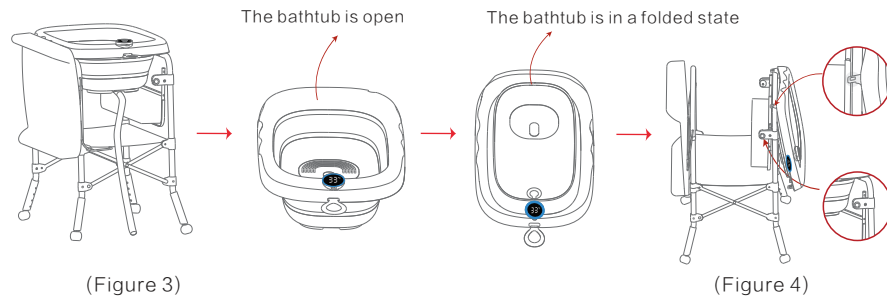

2. Press and hold the buttons on both sides of the storage basket, and the storage rack will be retracted downward (until the adjustment lever is inward) (as shown in Figure 2 below).

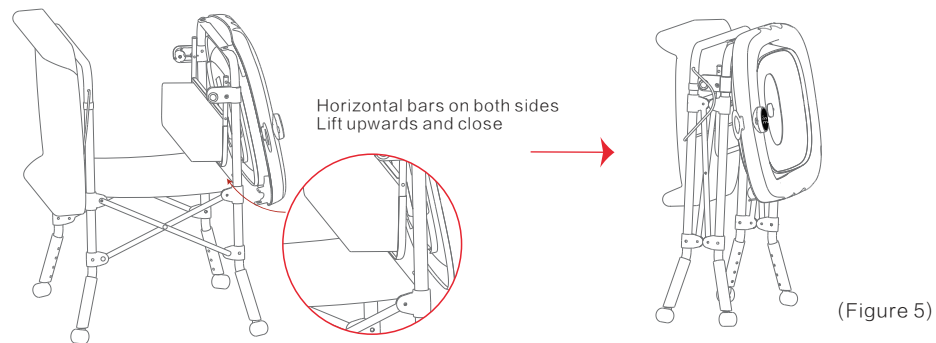

(Figure 2)
