Installation diagram

			
3.5CM hexagon socket head screw A*8	Washer B*8	Foot pad C*4	Wrench D*1

Friendly reminder: When installing, tighten the screws to about 70% (seven-tenths tight), and only fully tighten them after everything is assembled

The desktop section is one piece and does not require assembly

Desktop panel

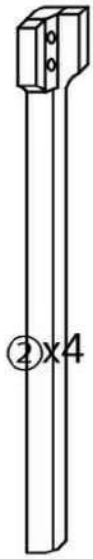

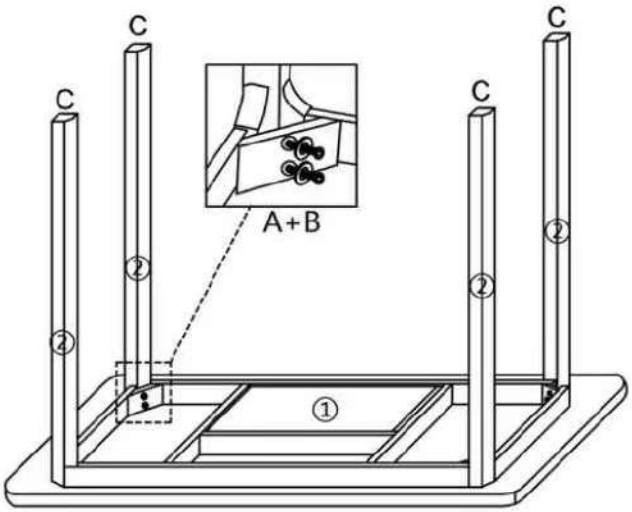

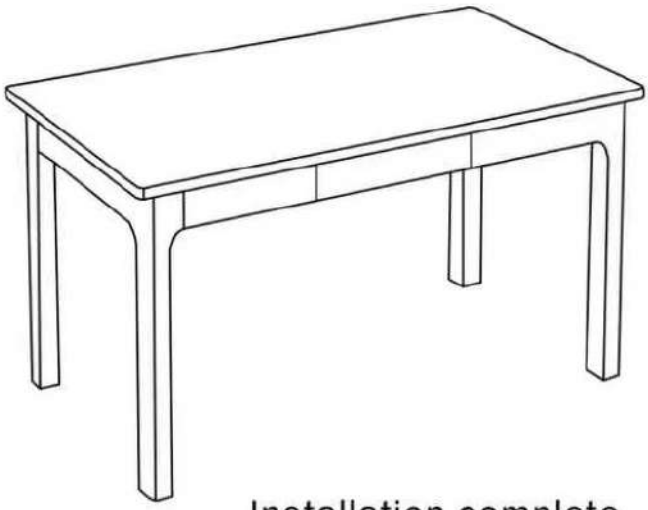

Table leg

Secure using screws A and B

Position the table frame squarely

Installation complete
