BIANCO CARRARA 5X12 POLISHED MARBLE BASE MOLDING

The Bianco Carrara 5x12 Polished Marble Base Molding presents authentic Carrara marble, quarried in Italy and carefully selected for its crisp white background and well-defined veining, in a base molding format. The polished surface delivers a lightly reflective finish that adds clarity to the overall look while enhancing the stone's natural detail. Designed to finish and frame wall installations, it introduces a refined character that patinas gracefully over time.

BIANCO CARRARA

Renowned for its luminous white base and soft gray veining, Carrara marble has shaped architecture and design for centuries. Quarried in the mountains of Italy, where authentic Carrara originates, its cool white background and delicate feathered veining are carefully selected for clarity and consistency. Both luxurious and remarkably versatile, this classic marble acts as a sophisticated neutral—equally suited to bold expressive designs or quiet minimalist spaces.
