Efine Shelving Units: 1 Year Limited Warranty

Efine USA ("Efine") warrants to the original purchaser ("Purchaser") of a EFINE NSF Shelf Unit ("Product") that each Product will be free from defects in workmanship and materials for a period 1 year from date of original purchase. Efine's obligations under this warranty are limited to repairing or replacing the product during the warranty period, or to provide reasonable compensation for the product, at Efine's option not to exceed the purchase price of the product. All replacement parts and products become the property of Efine and must be returned to Efine.

This warranty does not cover normal wear and tear of the product and its parts, as well as damage caused by negligent use or abuse of the product, use contrary to this user manual, or modification by anyone other than Efine. The one-year warranty period is not extended or renewed for product repair or replacement or compensation. Any warranties implied by applicable law are limited to one year from the date of purchase and are subject to the same conditions and limitations as our express warranties.

Except as provided in this Agreement and to the extent applicable, this product provides no warranties, express or implied, and Efine disclaims all warranties, including, but not limited to, implied warranties of merchantability, infringement, or fitness for a particular purpose. Any individual, company No warranty or guarantee given by any entity or entity with respect to this product shall be binding on Efine.

If your product is defective or needs repair or parts, please contact Efine Customer Service email at csr@efineusa.com. Please list out the model you purchased, date of purchase and product issues. Your service request must be accompanied by a copy of the original sales receipt.

Assembly Instructions

Parts List

No.	A	B	C	D	E	F
Name	Wire Shelf	Upper Pole	Middle Pole	Lower Pole	Plastic Clip	Leveling Foot
Parts						
Qty	5PCS	4PCS	4PCS	4PCS	40PCS	4PCS

1

Screw the Leveling Feet (F) into the bottom of Lower Pole. Snap the Plastic Clips (E) into the pole grooves of lower poles(D) at the same position and make sure that the arrow of plastic clips are pointing up.

3

Refer to Step 1 to snap the plastic clips on the grooves of four pieces of lower poles at your desired position and slide down the wire shelf from the top of each lower pole down onto the plastic clips.

*To ensure the stability of the shelves, make sure all 4 clips are attached to the same layer on the pole.

5

Refer to the Step 3 to snap the plastic clips on the same grooves of each pole on your next desired position to assemble the other 3 wire shelves.

2

Please make sure that you have the wire shelf (A) the correct way up. (The gap in collar shall be faced down) Hold the shelf on its side and slide the top of four lower poles through the bottom of each shelf at its corners until there is a snug fit. After 4 poles have been slid through the shelf collar holes, set the shelf upright.

4

Screw middle poles(C) into lower poles using the connectors from both ends. Repeat this process for screwing upper poles(B) onto the middle poles(C).

6

Push firmly down on every wire shelf at its corners with a rubber mallet to ensure all the shelves are properly in place over the plastic clips. To attain proper leveling, screw the leveling feet inwards or outwards.
