MODEL: JT-GW-08

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

⚠ WARNING:

Please read this manual carefully before using the product. Failure to do so may result in serious injury.

Assembly precautions

1.Assemble only according to these instructions. Improper assembly can create hazards.
2.Wear ANSI-approved safety goggles and heavy-duty work gloves during assembly.
3.Keep the assembly area clean and well-lit.
4.Keep bystanders out of the area during assembly.
5.Do not assemble if tired or when under the influence of alcohol , drugs or medication .
6.The product capabilities apply to properly and completely assembled products only.
7.Assemble on a flat, level , hard and smooth surface capable of safely supporting the stand-alone lectern.
8.For additional information regarding the parts listed in the following pages , please refer to the Assembly Diagram of this manual . unwrap and separate all parts in a clean work area.

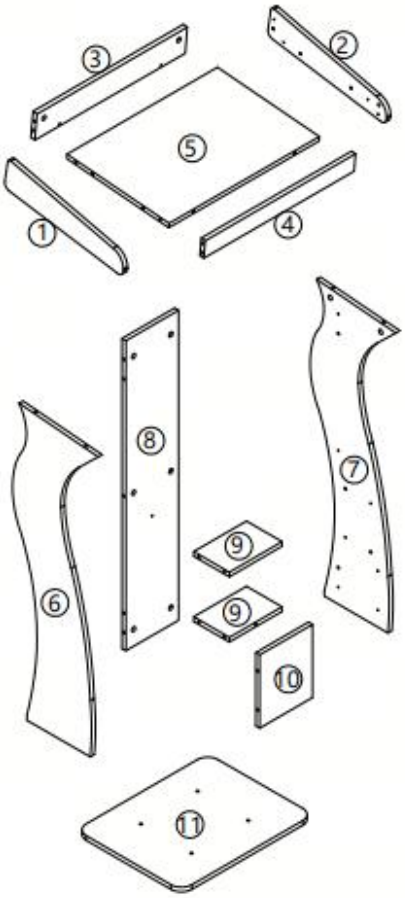

use precautions

1.Do not sit or stand on this item.
2.This product is not a toy. Do not allow children to play with or near this item.
3.Do not exceed specified weight capacities.
4.Use only on a fat, level , hard , and smooth surface that can safely support a fully loaded stand-alone lectern.
5.Use as intended only.
6.Inspect before every use; do not use if parts are loose or damaged.
7.The product complies with relevant standards and regulations.
Installation of this device must comply with all applicable regulations, and it

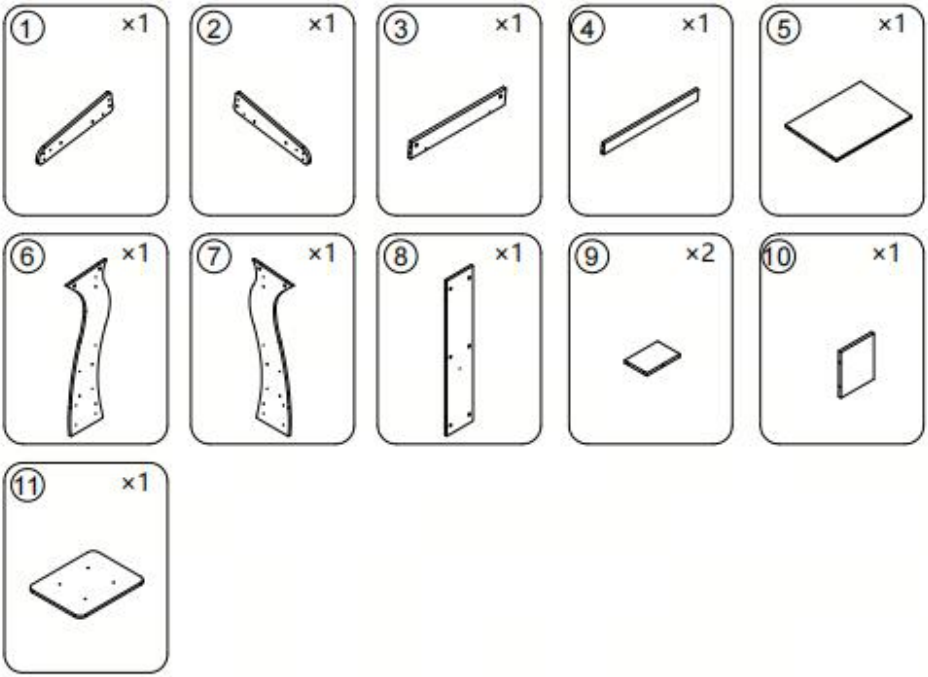

should only be operated in well-ventilated areas. Please read the user manual before installing and using this equipment.
8.This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
9.Children shall not play with the produce.
10.This product shall not be used by children. Keep the appliance out of reach of children.
11.This appliance is intended to be used in training, meetings and similar applications such as:
- Classrooms;
- Lecture halls;
- Corporate training rooms;
- Press conference venues and other similar places ;
12.Please properly keep product. Check whether the product is abnormal before use. If it is abnormal, please stop using it.
13.Please use the product according to the intended use, warn of potential injury from misuse.

Instructions For Fastening
CAM-BOLT and CAM-LOCK

CAM-BOLT

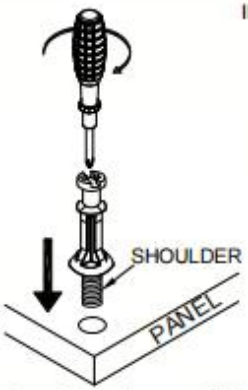

CAM-LOCK

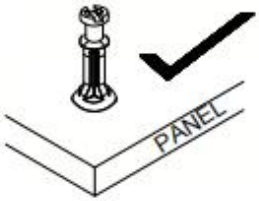

Tools Required

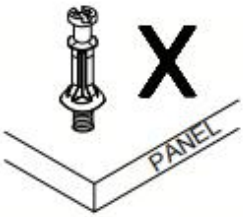

INSERTING AND TIGHTENING CAM-BOLT

Place Cam-bolt on pre-drilled hole and screw in vertically

Shoulder is flushed (on the same level) with the panel.

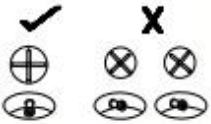

Shoulder is above the panel.

Place Cam-bolt on the designated pre-drilled holes on the panel. Use a Phillips Screwdriver to screw-in Cam-bolt vertically until shoulder is flushed (on the same level) with panel.

INSERTING CAM-LOCK

Insert Cam-lock with arrow align to Cam-bolt head

CORRECT WRONG

Align the arrow on the Cam-lock to the Cam-bolt head and insert the Cam-lock. Ensure Cam-lock is fully inserted.

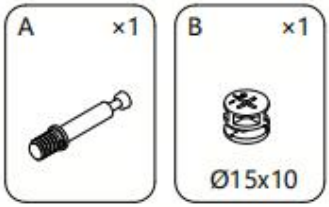

TIGHTENING CAM-LOCK

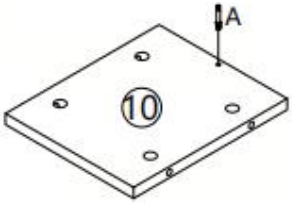

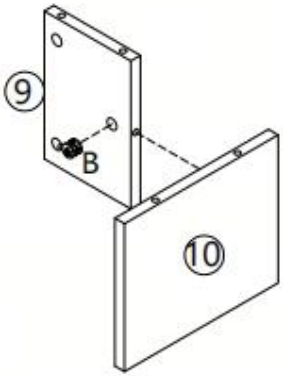

Use a Flat-head Screwdriver to turn Camlock clockwise so it locks onto the head of the Cam-bolt. Turn until it is snug (about 3/4ths of a turn) -- over-tightening could damage Cam-lock or/and Cam-bolt.

Instructions For Fastening
CAM-BOLT and CAM-LOCK

CAM-BOLT

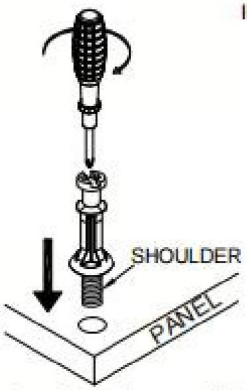

CAM-LOCK

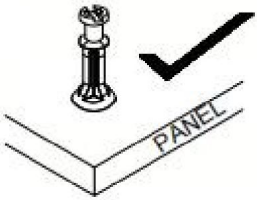

Tools Required

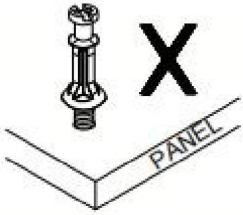

INSERTING AND TIGHTENING CAM-BOLT

Place Cam-bolt on pre-drilled hole and screw in vertically

Shoulder is flushed (on the same level) with the panel.

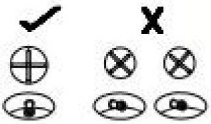

Shoulder is above the panel.

Place Cam-bolt on the designated pre-drilled holes on the panel. Use a Phillips Screwdriver to screw-in Cam-bolt vertically until shoulder is flushed (on the same level) with panel.

INSERTING CAM-LOCK

Insert Cam-lock with arrow align to Cam-bolt head

CORRECT WRONG

TIGHTENING CAM-LOCK

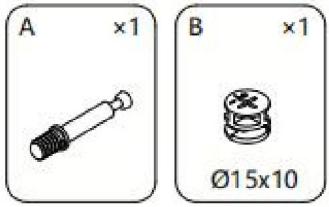

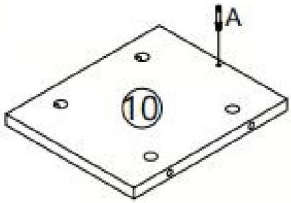

Align the arrow on the Cam-lock to the Cam-bolt head and insert the Cam-lock. Ensure Cam-lock is fully inserted.

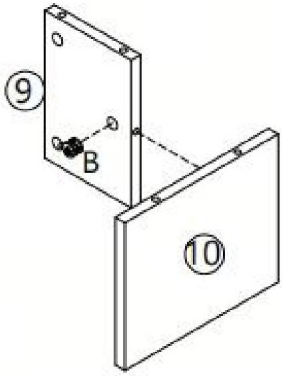

Use a Flat-head Screwdriver to turn Camlock clockwise so it locks onto the head of the Cam-bolt. Turn until it is snug (about 3/4ths of a turn) – over-tightening could damage Cam-lock or/and Cam-bolt.
