

NO ASSEMBLY needed on chairs, ottoman, coffe table, dining chairs or chaise lounge!
Simply locate cushions from underneath the chairs. Only minor assembly required on dining table.

LOCATING PARTS

CUSHIONS: Cushions are tucked beneath the chair. Please check and locate cushions by flipping over and checking underneath each chair. See image A.

PROTECTIVE COVER: If your set includes complimentary protective cover, it may be located underneath a coffee table or one of the chairs. Chairs may need to be pushed together to fit underneath the cover.

HARDWARE: Hardware needed for dining table assembly is included in the box with dining table frame or legs.

CHAIR CLIPS: Chair clips are provided with seating sets. They are used to hold individual chairs together. See image B.
