

Christmas Tree Installation Instruction

Note:

1. Be careful not to pinch any of the light wires (if applicable) between the hinge when shaping the branches.
2. Make sure all bolts are tightly screwed in to keep the tree stable.
3. Opening the leaves and tips of the branches may require gently pulling them outward & downward as branches can get tangled during shipping.
4. When not in use, store neatly in a cool, dry location protected from sunlight.
