ASSEMBLY INSTRUCTIONS

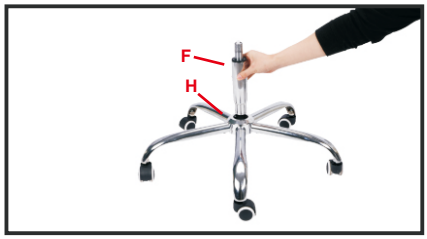

1 Insert the Base Legs (J) into the Base Hub (H) and tighten all Bolts (L) using the Wrench (R).

2 Press the Casters (K) firmly into the holes at the end of each Base Leg(J).

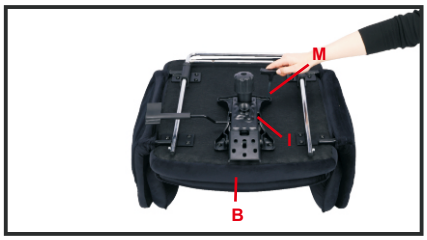

3 Insert the Gas Lift (F) into the Base Hub (H).

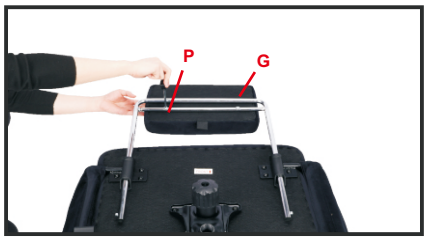

4 Attach the Armrests (D) to the Seat (B) using Bolts (N) and tighten.

5 Attach the Seat Mechanism (I) to the Seat (B) with 4 Bolts (M).
NOTE: Align arrow on seat mechanism with "FRONT"label on seat.

6 Attach the Footrest (G) to the footrest bar using bolts (P) and tighten.

7 Attach the Backrest (A) to the Backrest Bracket (E) using bolts (O) and tighten.

8 Insert the Backrest Bracket (E)into the Seat Mechanism (I) and secure it with Bolts (Q). Tighten securely.

9 Align the assembled seat with the gas lift and press down firmly to the bottom.

PRODUCD FEATURES OVERVIEW

Seat Height Adjustment

While seated, pull the lever upward to lower the seat.
When not seated, pull the lever upward to raise the seat.

Backrest Recline Adjustment

Pull the lever outward and lean back firmly to adjust the reclining angle.
Push the lever inward and lean back again; the backrest will return to the upright position once pressure is released.

Armrest Adjustment

Pull the armrest slightly inward to unlock, then adjust outward step-by-step.
The armrest can be fully extended (90°) to be parallel with the seat.

Footrest Adjustment

Slide the footrest forward until fully extended.
Rotate into open position for use.

Armrest Side Pocket

Convenient storage for your phone, books, magazines, and other items.
