What's in the Box

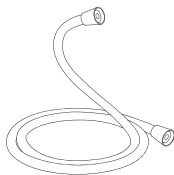

Handheld Shower Head

Filter Cartridge

Shower Bracket

Hose

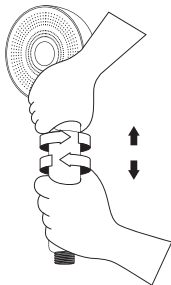

Filter Replacement Reminder:

Recommended every 3 months. Scan QR code for Shower Filters

Shower Head Installation Method

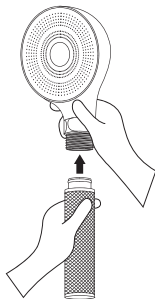

Step 1

Remove the shower head and handle by turning them in the direction shown in the diagram.

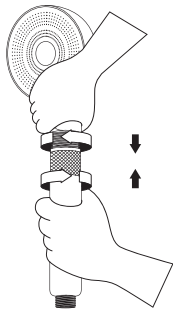

Step 2

Insert the filter cartridge directly into the shower head component.

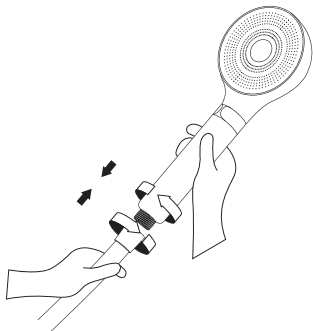

Step 3

Reconnect the shower head to the handle, aligning them as illustrated, and tighten by turning in the specified direction.

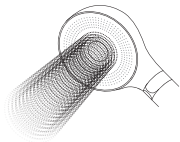

Step 4

Attach the hose to the shower head's water inlet port and securely tighten it by following the directional guide in the diagram.

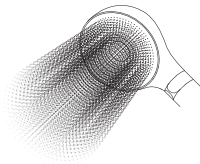

3 Spray Modes

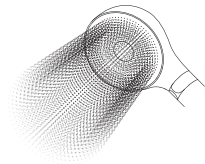

Turbo Pulse Mode

High-pressure jet stream for targeted cleansing.

Hybrid Boost Mode

Extreme pressure meets gentle flow for a powerful yet comfortable wash.

Rain Shower Mode

Evenly distributed droplets for a relaxing full-body rinse.
