

Technical drawing of a double-glazed arched window. The drawing shows a cross-section of the window frame and the glass panes. The overall height is 36 inches, and the overall width is 14 inches. The window has a double-glazed construction, with two panes separated by a spacer. The top of the window is arched, with a radius of 7 inches. The window is shown in a closed position, with the handle on the right side. The drawing includes dimension lines and labels for the overall size, the radius, and the thickness of the frame and glass.
