Step 1

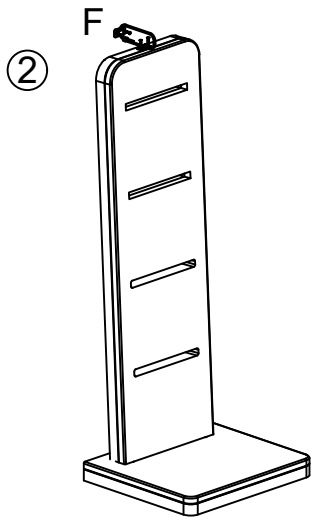

Note: After unpacking, please check against the instruction manual to see if the number of assembled parts is correct. Then assemble as shown in the picture.
Insert part 2 into the slot of part 1 and fix it with hardware A/B/C. Note that the screw cannot be fully tightened.

Step 2

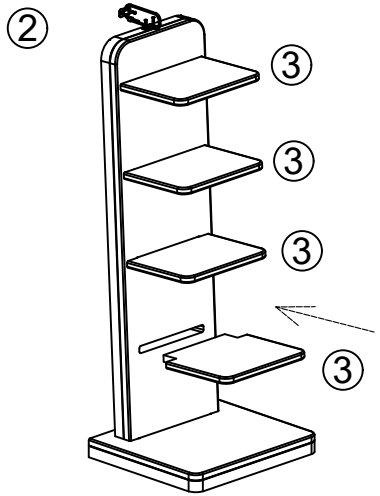

As shown in the figure.
Connect the parts grouped in step 1 with A/B/C.
Then tighten all the screws that were not tightened in step 1.
Attach hardware E to the back of part 1.

Step 3

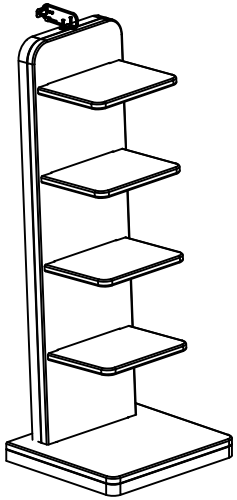

Set the pieces grouped in step 2 against the wall as shown.
Install the anti-tipover hardware F.

Step 4

Place part 3 as shown in the diagram into the parts assembled in step 3.
