Installation Instructions

1. Connect the metal rods, attaching the canopy to the upper section of the rod assembly and the fixture frame to the lower section. (Tip: You can adjust the hanging height by adding or removing metal rods as needed.)
2. Secure the mounting plate to the junction box using the provided mounting screws.
3. Join the fixture wires (neutral, live, and ground) to the corresponding wires from the junction box using wire nuts. Wrap all connections with electrical tape for added safety, then carefully tuck the wires into the junction box.
4. Align the canopy with the mounting plate and secure it using the decorative nuts.
5. Assemble the light bulbs (not included).
6. Following the provided diagram, hang the glass globes in the recommended quantity and size sequence — Layer 1, Layer 2, Layer 3, and Layer 4 — to complete the installation.
