INSTALLATION

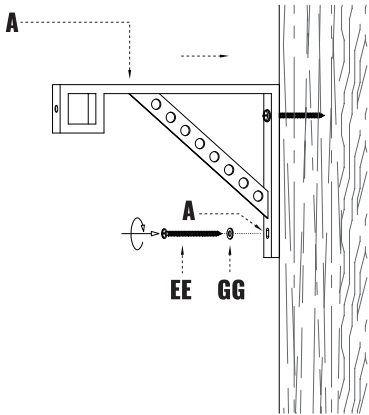

1. Install Arc-shaped Hanger

Align the holes of fixture body (C) with arc-shaped hanger (B) and close them together, then secure with plum blossom lock (AA).

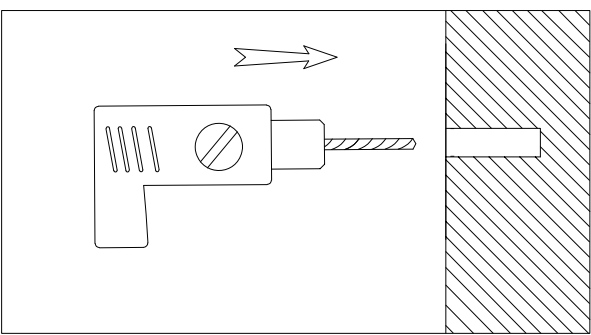

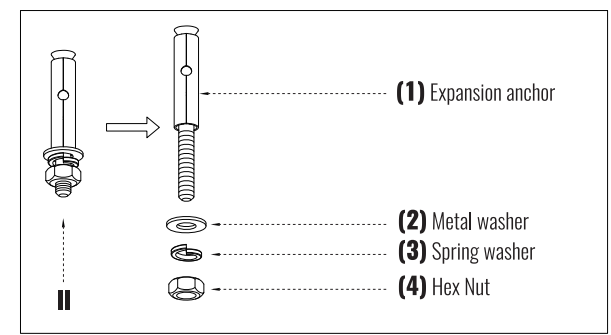

2. Installation Diagram for Solid Wood Wall Paneling

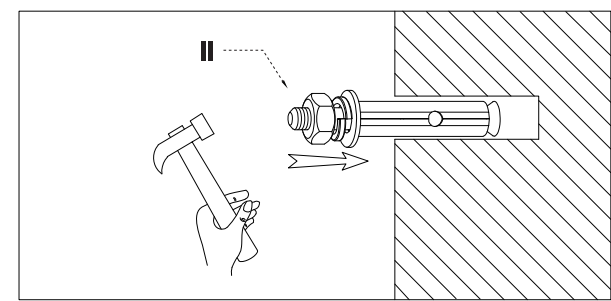

- Step 1:** Adhere triangular bracket (A) to the corresponding wooden wall.
Step 2: Thread wood screw (EE) through flat washer (small) (GG) and tighten triangular bracket (A).

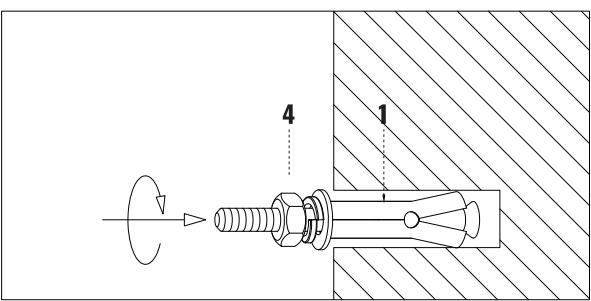

3. Installation Diagram for Cement Wall Surface

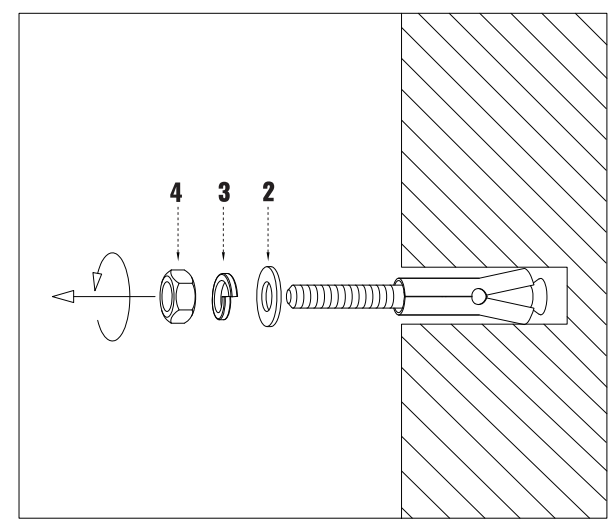

Step 1: First fix the bracket position, then drill the holes.

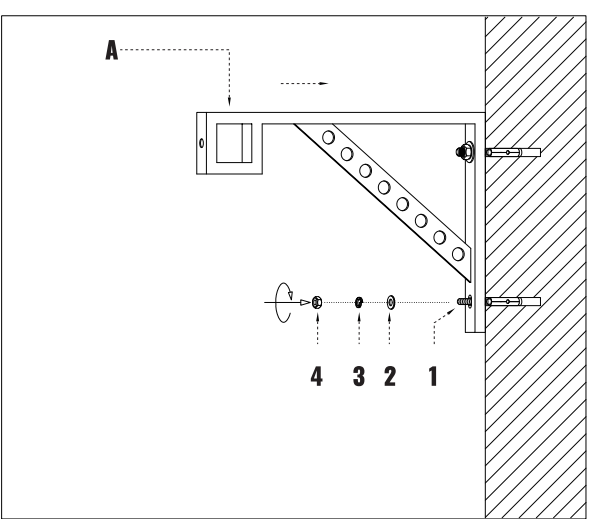

Step 2: Insert expansion anchor (1) into the hole. Note: Do not remove hex nut (4), spring washer (3), and metal washer (2).

Step 3: Tighten hex nut (4) until expansion anchor (1) feels secure and no longer loose.

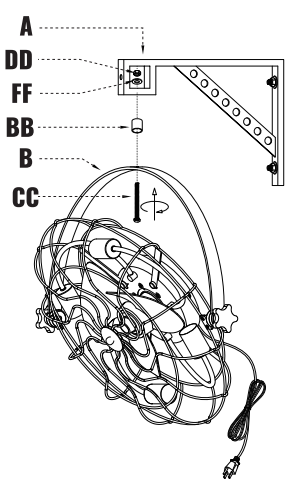

Step 4: Remove hex nut (4), spring washer (3), metal washer (2) for use in the next step.

Step 5: At last insert the hole on triangular bracket (A) into expansion anchor (1); Successively fit in metal washer (2), spring washer (3), and tighten with hex nut (4).

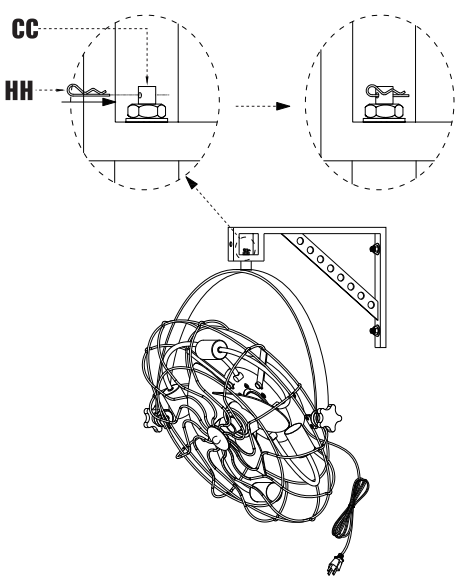

4. Installation Body

Secure hex bolt (CC) through arc-shaped hanger (B), sleeve (BB), triangular bracket (A), flat washer (large) (FF) using hex nut (DD).

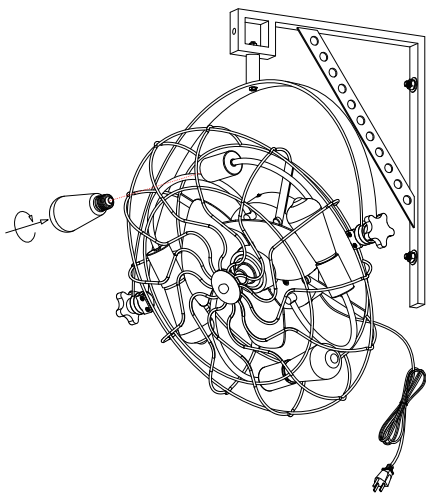

5. Fix Main Body

Insert safety clevis pin (HH) into the hole of hex bolt (CC).

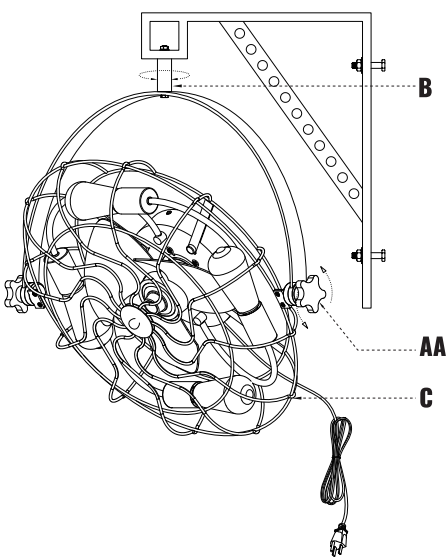

6. Install Bulb

E26 Bulbs X 4
(Max 60W each, not included)

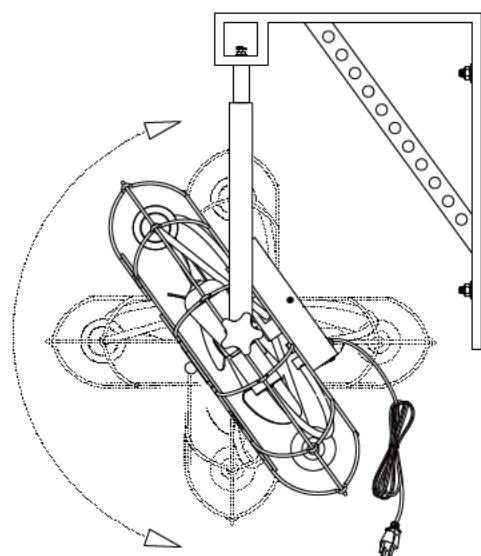

7. Adjustable from Multiple Angles

Step 1: Loosen plum blossom lock (AA) to adjust fixture body (C) up and down, align it to the desired angle, and then tighten plum blossom lock (AA).
Step 2: Adjust to the desired position by moving arc-shaped hanger (B) left or right.

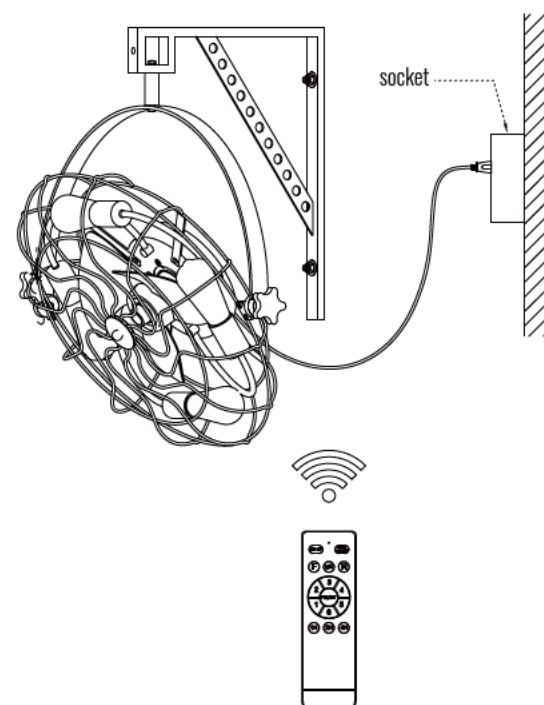

8. Adjustable from Multiple Angles

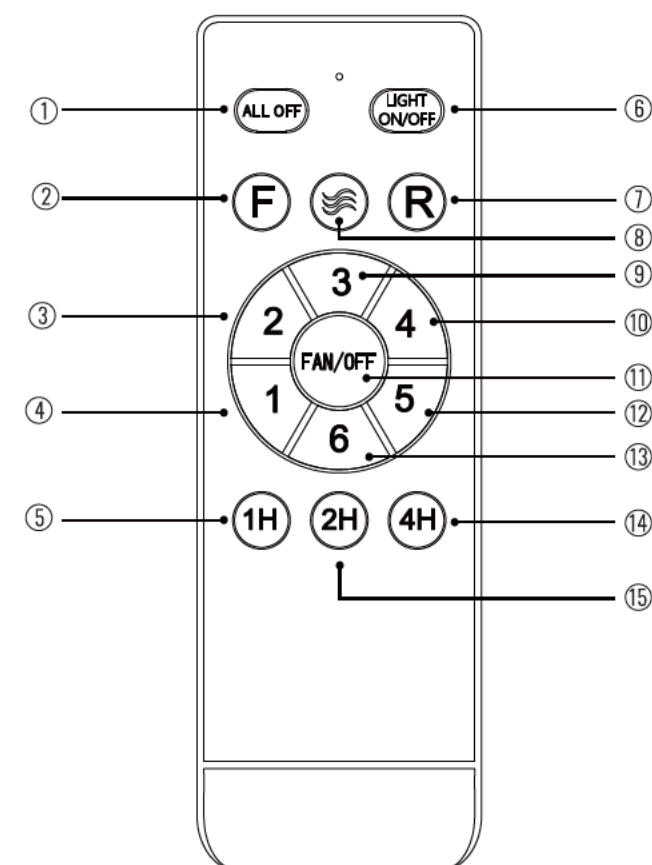

Adjust the view

9. Power On and Use
