

# INSTALLATION INSTRUCTIONS

## Medium Base Incandescent Architectural Wall Sconce

### IMPORTANT SAFETY INSTRUCTIONS

When installing or using this luminaire, basic safety precautions should always be followed including the following:

1. Read all instructions before attempting to install this product.
2. Ensure main power is off before installing or wiring this luminaire.
3. This product must be installed in accordance with the applicable NEC and local codes by a person familiar with the construction and operation of the product and the hazards involved.
4. Disconnect electrical power before adding to or changing the configuration of this product.
5. Save these installation instructions and refer to them when modifications are made.
6. Failure to follow safety instructions will void warranty.

### CAUTION – RISK OF FIRE

**MAXIMUM WATTAGE AS MARKED ON LUMINAIRE MUST NOT EXCEED**

**Note:** Sconce can be installed facing up or facing down

### SCONCE ASSEMBLY & INSTALLATION

Installation steps and components may vary depending on various types of custom installation

1. Attach mounting plate to Junction box (Fig A)
2. Connect black luminaire lead to hot, white luminaire lead to neutral, green and/or bare lead(s) to outlet box (Fig B)
3. Slide canopy over mounting plate and secure with wire nuts (Fig C)
4. Secure shade to husk using supplied nuts (Fig D)
5. Insert proper lamp type/wattage. Refer to luminaire marking.
6. If using lens, attach the lens to the shade using the aluminum ring with the spring clip included. (Fig E)
