

## 2X4 LED Panel by WENLIGHTING

- Available Wattage: 50W
- Color Temperature Available: 4000K & 5000K
- Luminous Flux Available: 5000 Lumens
- Beam angle: 120°
- Lifespan: 50,000 hours
- Voltage: AC100-277V
- IP40 Rated
- Working Temp. : -4°F to 113°F
- Dimension : 23.74x23.74
- ETL certified.
- Dimming: 0-10V/PMW/Resistant dimming
- 5 years warranty

Gone are the days when an orange or white bulb inside the metallic canopy would illuminate the offices and medical institutions. In the present era, 2X4 LED panel lights have redefined lighting. Available in various options, these lights not only spread soothing beams but their superior technology also saves abundant energy. To know more about LED panel lights, go through its inimitable features.

## SPECIFICATION

MPN	Model Name	Wattage	Voltage	Lumens	CCT	Beam Angle	CRI
PN013	WEN-CPS-U5A50-P6-5000K	50	100-277V	5000	5000K	120°	>82
PN015	WEN-CPS-U5A50-P6-4000K	50	100-277V	5000	4000K	120°	>82

## MODEL VARIATION

- LED ceiling lights can be installed in four ways-built in, recessed, mounted and suspended. Built-in and recessed installation offers the sleeker look, albeit the latter provides the subdued lighting.
- With high CRI- colors pop, textures stand out and finishes have depth and luster. Sleek and suave, Led panel lights have 80 + CRI, which means when you put a yellow colored object under this light you see it as yellow.

## WARNING AND CAUTIONS

- The product must be installed according to the instructions. Installed by a person familiar with the product, production and product hazards.
- Avoid fire and electric shock. When installing the lighting fixtures, you need to understand the electrical characteristics. If you are not sure, do not attempt to install. Please contact an electrician.
- Understand the structural features and dimensions of lighting before installation.
