

## Nesting Coffee Tables, Set of Two: Assembly Instructions

The tables are easily assembled by attaching the legs to the table top with the included screws.

You will need a screw driver to complete the assembly.

1. Turn the table tops over on a soft surface to avoid any scratches or scarring. You will see the pre-drilled holes on the underside of the table.
2. Attach the SHORTER LEGS to the LARGER tabletop by aligning the legs with the pre-drilled holes visible on the underside of the Larger table top.
3. Then use a screwdriver to fasten the legs to the underside of the table.
4. Attach the LONGER LEGS to the SMALLER tabletop by aligning the legs with the pre-drilled holes visible on the underside of the Smaller table top.
5. Turn the tables over and enjoy!

### Tips:

PROTECT your table top from hot items (coffee cups, food containers, etc) by using coasters or thick placemats underneath all hot items

PROTECT your table tops from liquids by using coasters and not allowing any spilled liquids to stay on the wood table tops for extended periods of time.

You can extend the lifetime of your table tops by occasionally applying a thin layer of high-quality furniture wax to the table tops. We suggest BriWax.
