Her Smile 1

D2216S44304-3501

Her Smile is a unique take on fine art photography that combines sculpture and print. The focus is on classic Greek sculpture featuring the female torso. Smooth marble is coupled with the intricately carved waves of the woman's hair that lend texture to the image.

A pleasing composition of positive and negative space, Her Smile highlights the beauty of the subject in this classical pose. An original addition to the carefully curated ART by TA collection, Her Smile works as an elegant complement to His Eyes.
