

Dentil molding around the crown of the Mt. Bonnell bookcase adds a classic design element to a beautiful piece. The two adjustable shelves in the deck are wood-framed with glass inserts. There is another adjustable shelf behind each of the lower doors.

The Westlake Dining Table is designed to accommodate serious multi-tasking. A decorative antique pewter pivot door in the table surface conceals a power module with four electrical outlets and a powered USB port. The module is equipped with a circuit breaker and surge protection. There are pullout storage drawers on all four sides of the table, open storage with adjustable shelves on both ends of the pedestal base, and a hidden compartment behind a touch latch door on both sides of the base.
