Installation Guide

A058

Important Safety Instructions

Please read and understand all instructions before assembling, using, or maintaining this product. Failure to follow these instructions may result in serious injury, property damage, or fire.

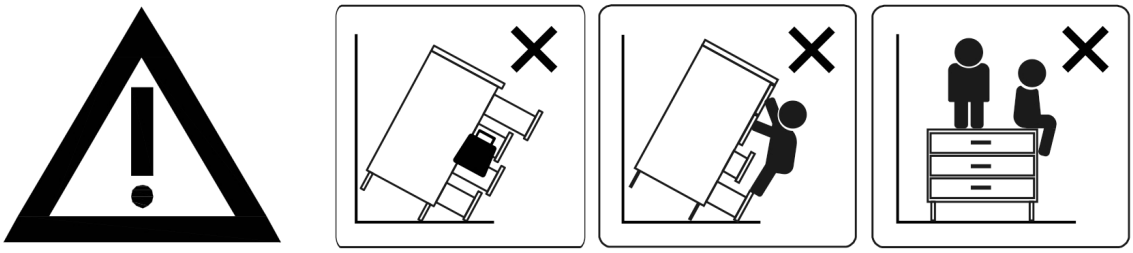

General Safety Warnings

- **Adult Assembly Required**: This product must be assembled by an adult. Keep children away from the assembly area to prevent accidents.
- **Keep Small Parts Away from Children**: Small parts, such as screws and bolts, can pose a choking hazard. Store them out of children's reach during assembly.
- **Inspect for Damage**: Before assembly, inspect all parts for damage, such as cracks or deformities. Do not use any damaged parts.
- **Use Only Provided Hardware**: Use only the hardware included with this product. Using non-original parts may cause instability or damage.
- **Secure Wall Mounting for Headboard**：Follow the assembly instructions carefully to ensure the headboard is securely mounted to the wall. A headboard that is not properly mounted could tip over, resulting in injury.
- **No Climbing or Hanging**: Do not climb, stand, or hang objects (e.g., lamps or decorations) from the headboard. It is not designed to support such activities.
- **No Sitting or Standing**: The headboard is not designed to support human weight. Sitting or standing on it may cause damage or tipping.
- **Clear Surrounding Area**: Keep the area around the headboard clear to prevent trips and falls.
- **Periodic Inspection**: Periodically inspect all fasteners and tighten them as needed to maintain stability.
- **Check for Sharp Edges or Splinters**: After assembly, inspect the surface for sharp edges or splinters. Sand down any rough areas as needed to prevent injury.
- **Retain Warning Labels**: Do not remove any warning labels, as they contain important safety information.
- **Supervise Children**: Always supervise children near the headboard to prevent misuse, such as climbing, which could cause injury.

Electrical Safety Warnings

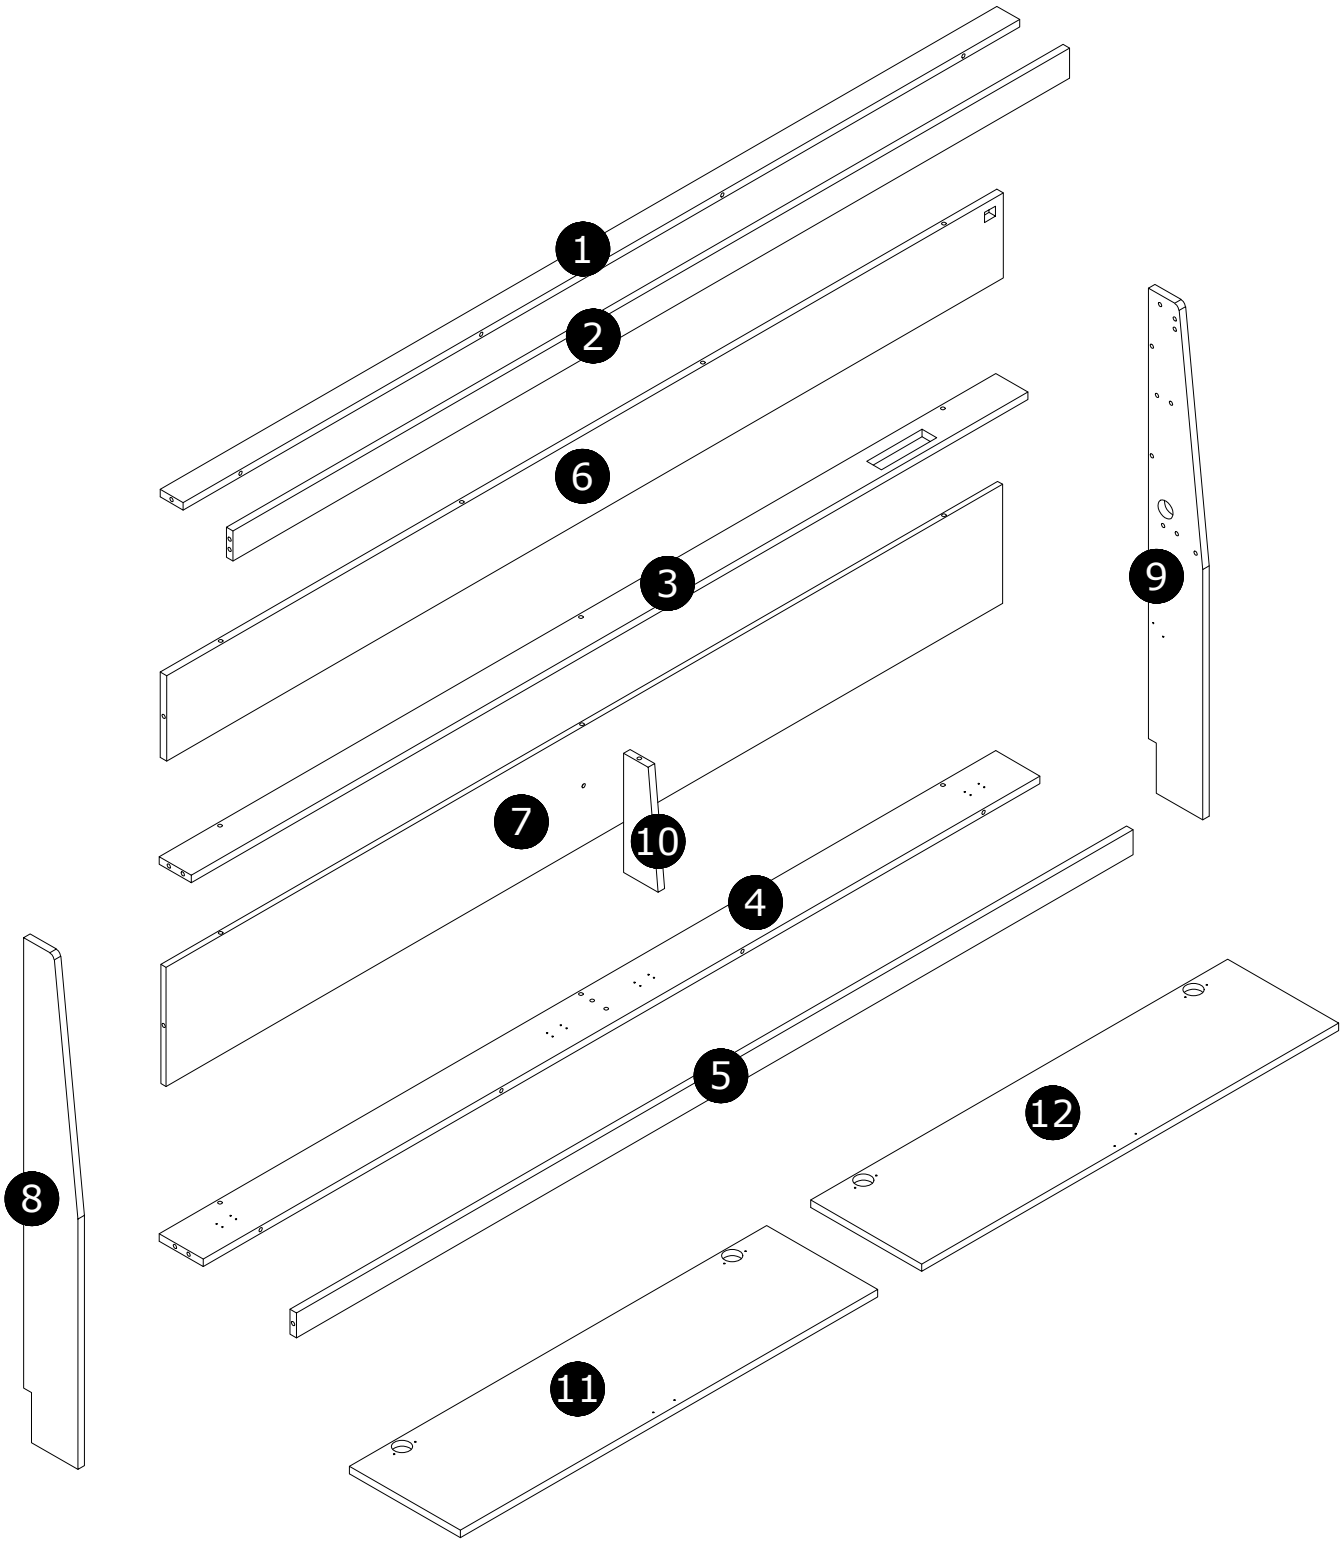

This product contains electrical components, including light strips
Improper use may result in electric shock or fire. Do not
disassemble, repair, or modify electrical components yourself. Contact qualified service personnel for assistance.

- **Unplug When Not in Use**: Always unplug the power cord before cleaning, performing maintenance, or leaving the product unused for extended periods.
- **Keep Dry**: Keep the headboard and its electrical components away from water, moisture, and heat sources. Do not use in wet environments.
- **Check Power Cord**: If the power cord is damaged, discontinue use immediately and contact customer service for a replacement.
- **Grounding Requirements**: If grounding is required, ensure the product is properly grounded. Refer to the product label for grounding instructions.
- **Eye Safety**: Avoid direct eye exposure to the light source, especially for prolonged periods, to prevent discomfort or potential eye strain.
- **Keep Away from Flammable Materials**: Ensure the light strips are not in contact with flammable materials, such as bedding or curtains, to minimize fire risk.

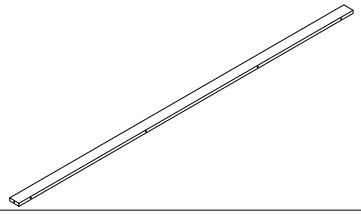

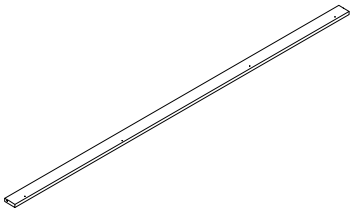

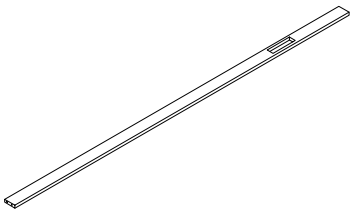

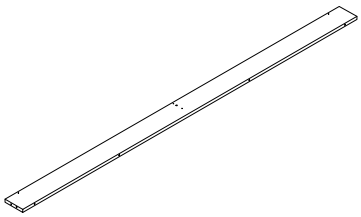

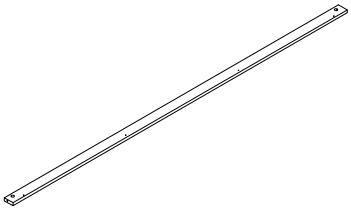

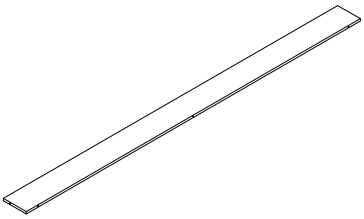

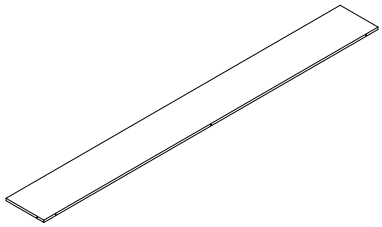

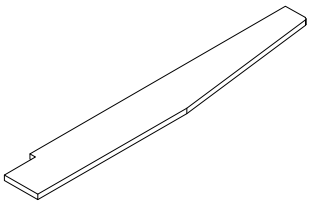

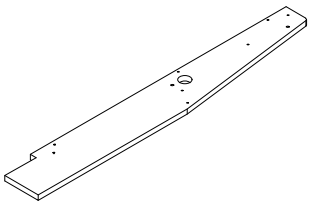

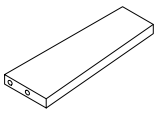

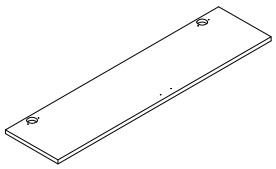

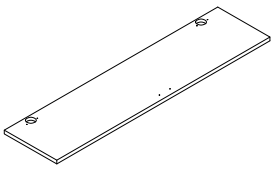

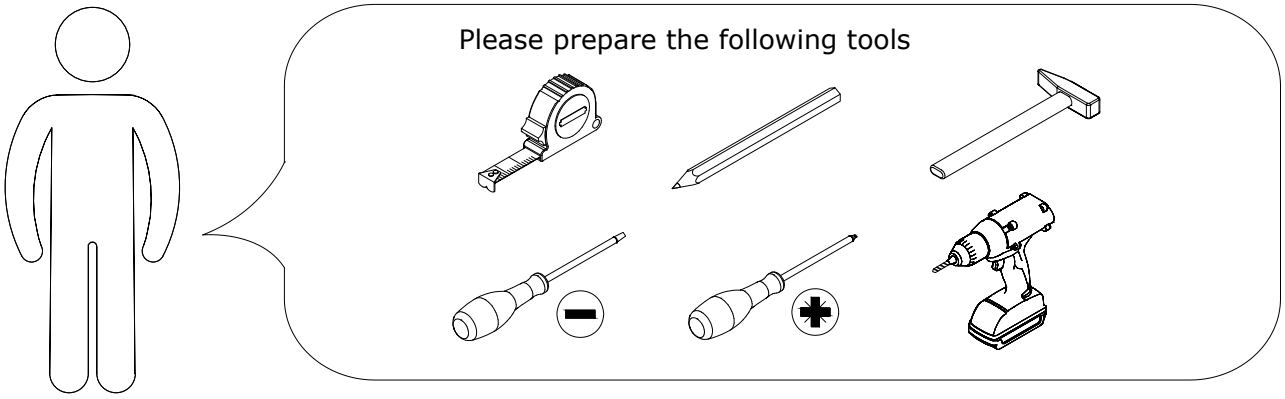

Thank you for choosing our product. We hope you enjoy your new furniture!

the part E also includes plastic clips for you to fix the light strip.Note: Do not peel off the adhesive layer underneath—otherwise, the strip will lose its stickiness.

Detailed Remark 1

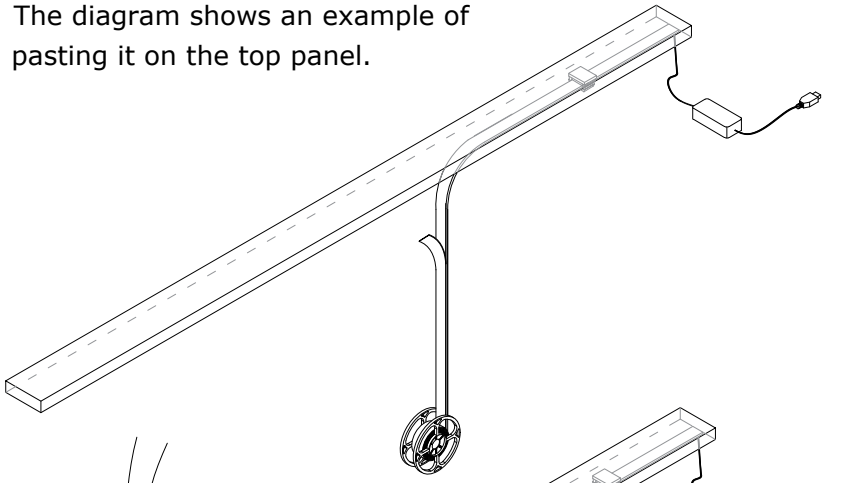

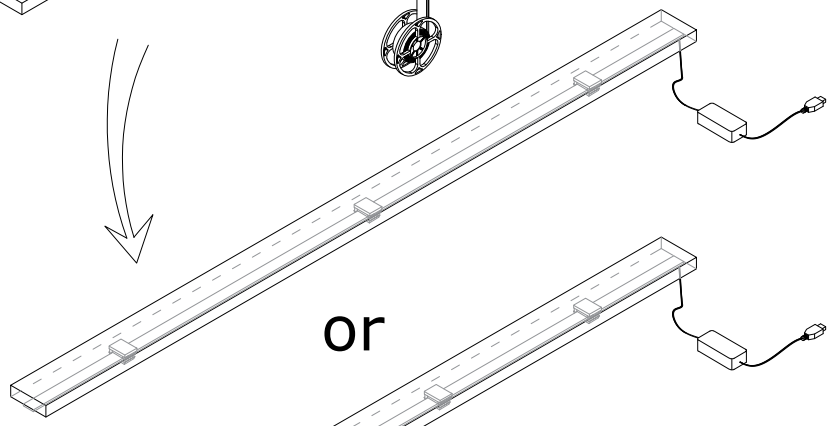

Detailed Remark 2

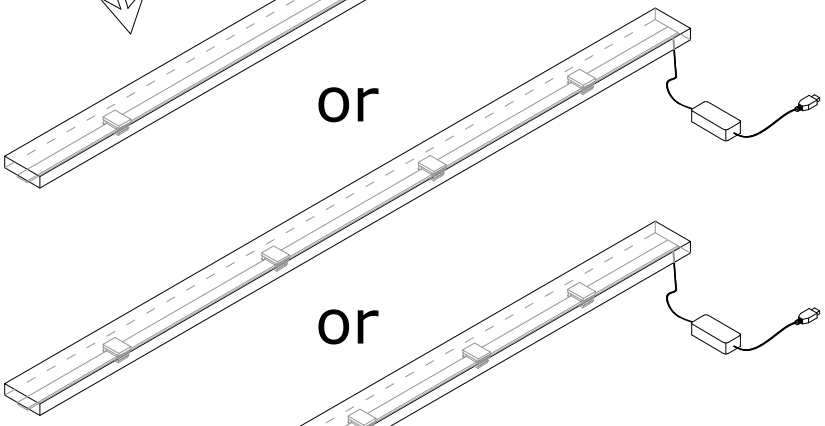

Detailed Remark 3

The diagram shows an example of pasting it on the top panel.

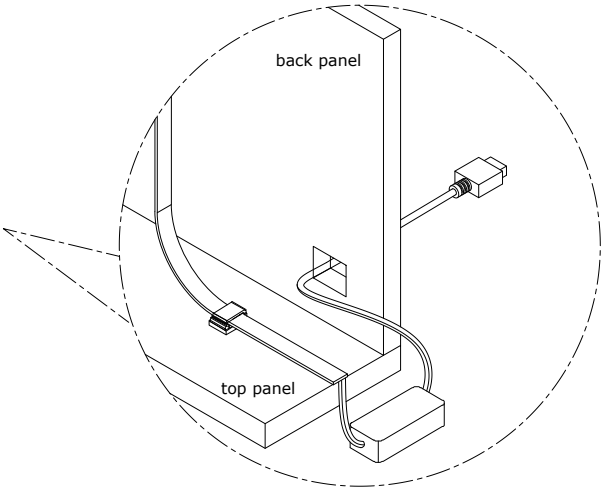

or

or

Please gently peel off a small section of the plastic film from the LED strip. Then, attach the plastic clip to the exposed part of the strip. Next, remove the plastic film from the clip. After that, stick the LED strip—together with the plastic clip—to the desired board. Note that you should start attaching from the side closer to the wire hole (located on the back panel) to facilitate threading the power connector end through the wire hole.

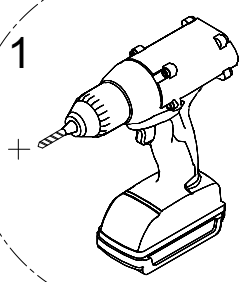

Extra plastic clips are included for your convenience — feel free to use them as needed to secure the light strip.

AUTHORIZATION TO MARK

This authorizes the application of the Certification Mark(s) shown below to the models described in the Product(s) Covered section when made in accordance with the conditions set forth in the Certification Agreement and Listing Report. This authorization also applies to multiple listee model(s) identified on the correlation page of the Listing Report.

This document is the property of Intertek Testing Services and is not transferable. The certification mark(s) may be applied only at the location of the Party Authorized To Apply Mark.

Applicant:	Dongguan Baiyou Electronic Co Ltd	**Manufacturer:**	Dongguan baiyou electronic co.,ltd
Address:	2 F A building wufeng industrial jintan road shijie town dongguan city guangdong 523295	**Address:**	2 F A building wufeng industrial jintan road shijie town Dongguan city Guangdong 523295
Country:	CHINA	**Country:**	CHINA

Party Authorized To Apply Mark: Same as Manufacturer
Report Issuing Office: Intertek Testing Services Shenzhen Limited Guangzhou Branch

Control Number: *5011080* **Authorized by:** _____
for L. Matthew Snyder, Certification Manager

This document supersedes all previous Authorizations to Mark for the noted Report Number.

This Authorization to Mark is for the exclusive use of Intertek's Client and is provided pursuant to the Certification agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Authorization to Mark. Only the Client is authorized to permit copying or distribution of this Authorization to Mark and then only in its entirety. Use of Intertek's Certification mark is restricted to the conditions laid out in the agreement and in this Authorization to Mark. Any further use of the Intertek name for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. Initial Factory Assessments and Follow up Services are for the purpose of assuring appropriate usage of the Certification mark in accordance with the agreement, they are not for the purposes of production quality control and do not relieve the Client of their obligations in this respect.
