

FJ Tops Floating Shelves

Items Included:

- 2 Shelves
- 2 Mounting Brackets
- 6 Screws for 38" and 48" shelves*
- **Only 4 Screws for smaller shelves**

Easy to Install

To make the installation process easy and quick, you will need the following:

- Tape measure
- Stud finder
- Pencil
- Level
- Drill

Installation Steps

- 1) Use Stud Finder to locate and mark studs.
- 2) Use level to mark each stud with a level line.
- 3) Hold the bracket up to the wall and use your pencil to mark the exact drill spot you want.
- 4) Drill pilot holes on marked spots.
 - a) Drill a hole 2.5 inches deep
- 5) Hold the bracket up and screw it onto the wall.
- 6) Slide the Shelf onto the bracket
 - a) For a more permanent fixture you can put glue on the bracket before sliding the shelf on.
