

ASSEMBLY INSTRUCTION

CONGRATULATIONS!

You have just purchased one of the best lighting products available in the market. Before assembling your new lamp, please read the following precautions and instructions thoroughly.

ASSEMBLY INSTRUCTIONS:

Note: the electrical wire is connected continuously through the poles. Do not pull wires during unpacking. Bad connections may result. The assembly process is much easier to complete when performed by two people.

Floor Lamp

1. Lay out lamps parts on the floor as shown in the illustration.
2. Tighten the **Bottom Pole** onto the **Base** until tight.
3. Tighten the **Middle Pole** onto the **Bottom Pole** until tight, then the **Upper Pole** onto the **Middle Pole**.
4. Tighten the **Neck** onto the **Upper Pole** until tight.
5. Place the **Shade** through the **Light Bulb Socket** and tighten it with **Cap**.

Table Lamp

1. Carefully unpack all parts from the packaging and place them on a flat/smooth surface. Be sure to remove all the packaging materials from the lamp.
2. Tighten the **Metal Screw Rod** onto the **Body** until tight.
3. Place the **Glass Shade & Cap** through the **Metal Screw Rod** and tighten the **Finial**.

WARNING:

The lamp produces very high temperature. DO NOT, under any circumstance, touch the bulb with bare hands. Always unplug, electrical cord before replacing the bulb, and allow sufficient time for the bulb to cool down.
