Sheldon Mantel Clock 635127

Add warmth and elegance to the home or office with this wooden mantel clock. From its rich hue to its exquisite workmanship, it exhibits a sense of traditional appeal that makes it the perfect addition to nearly any traditional space. With some creativity, it can even complement a transitional interior design with ease.

Warm Elegance: It's easy to work this masterfully-designed clock into your home or office thanks to its eye-catching Americana Cherry hue. Dark and sophisticated, it exudes a sense of subtle elegance. Details like arched molding at the top and gentle curves along the sides lend it an approachable feel, while the decorative carved overlays along the cutout base and adjacent to the dial creates character. The finishing touch is a distinctive dial finished in off-white. Black Arabic numerals and sleek black serpentine hands are shielded by a convex glass crystal.

Quartz Movement: Quartz movement requires two C batteries. Quartz, dual-chime movement with strike on the hour plays Ave Maria or Westminster chimes, with an optional 4/4 chime feature that plays 1/4, 1/2, and 3/4 chimes.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
