ASSEMBLY INSTRUCTION

Disclaimer

To Valued Customers:

Thank you for purchasing furniture products from our store. To ensure your safety and the best user experience, please read and understand all the contents of this notice carefully before installation and use. Once you start installing or using this product, it is deemed that you have accepted all the following terms.

I. Regarding Installation

●**Professional Installation Recommendation:** For large, modular, or wall-mounted furniture, we strongly recommend that you hire qualified professionals for installation. Self-installation may involve risks.

●**Self-Installation Liability:** If you choose to install the product yourself, it means that you confirm you have the corresponding installation capability and voluntarily assume all risks and responsibilities arising from improper installation, including personal injury and property damage. Improper installation includes, but is not limited to, damage to product components due to ignoring installation instructions during the installation process, loose, missing, or wrong installation of connectors, and obvious instability such as tilting and shaking due to improper placement after installation.

●**Follow Official Instructions:** Installation must strictly follow the steps in the Installation Manual and diagrams provided with the product. Do not rely on any installation guidance from unofficial channels. Our company shall not be responsible for any problems caused by failure to follow official instructions.

●**Safe Installation Environment:** Please carry out the installation in a spacious, bright, and well-ventilated environment and use appropriate tools. During installation, please keep children and pets away from the work area to prevent accidental ingestion of small parts or accidental injuries.

II. Regarding Usage

●**Weight Capacity Limit:** Please strictly comply with the maximum weight capacity limit indicated on the product. Overloading may cause structural damage, deformation, or overturning of the furniture, leading to serious accidents. Our company shall not be responsible for any consequences arising therefrom.

●**Regular Inspection and Maintenance:** It is recommended that you regularly (especially in the early stage of installation and after moving) inspect and tighten all connectors (screws, bolts, etc.) to ensure the structural stability of the furniture (see the maintenance method in the manual for details). Problems caused by neglect of inspection and maintenance are not covered by the warranty.

●**Proper Use and Placement:**

Place the furniture on a flat and solid floor.

Do not use the furniture for purposes other than its designed use (for example, standing on drawers or shelves, using a chair as a ladder, etc.).

Do not place heavy objects such as televisions or items that attract children on the upper part of the furniture.

Avoid placing the furniture in humid, sun-exposed, or extreme temperature environments to avoid affecting the product's service life or structural stability.

III. Liability Limitation

Our company provides warranty services for product quality in compliance with platform policies and relevant regulations. However, our company shall not be legally responsible for any direct or indirect personal injury, property damage, and other incidental losses caused by the following reasons:

Failure to comply with the requirements of this notice, the official Installation Manual , or product labels;

Misuse, abuse, negligence, or unauthorized repair or modification without our company's authorization;

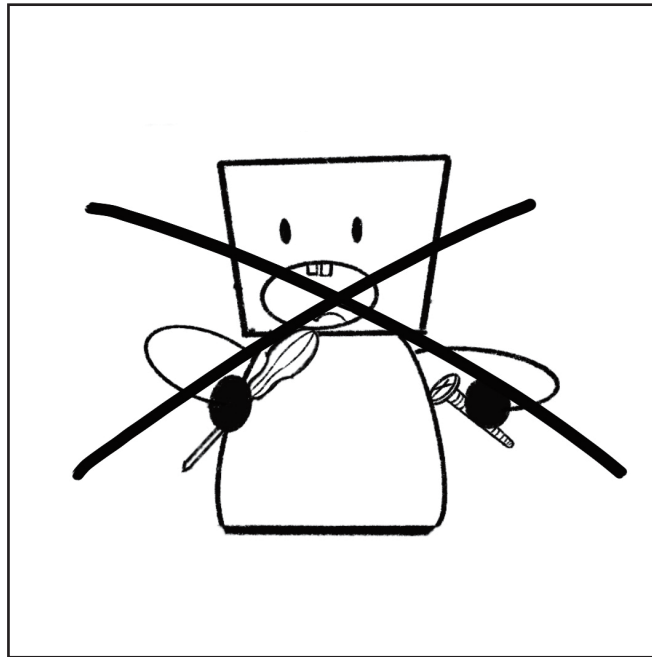

Improper installation (whether carried out by the user or a third party not designated by our company);

Warm Tip:

When using cutting tools,take care to avoid damaging the product. Keep all packaging materials away from children, as they pose a potential suffocation hazard.

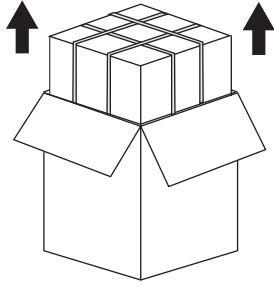

Handy opener tool is one option to get started.
Find it in the package box.

Caution: This cutter is sharp,
please keep it away from children.

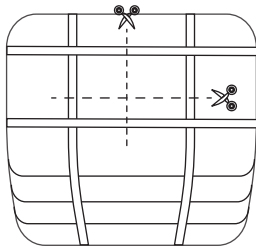

1. HOW TO PROPERLY UNBOX THE BEAN BAG

1

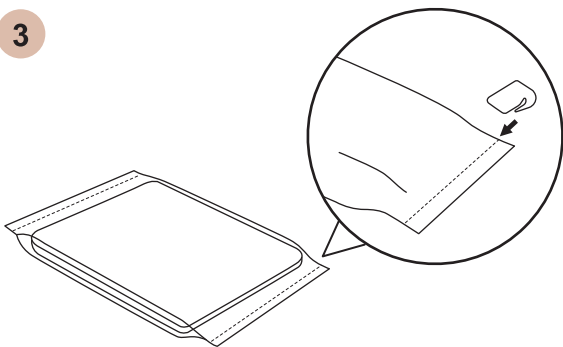

Take out the compressed bean bag from the package and place it on a flat and clean ground.

2

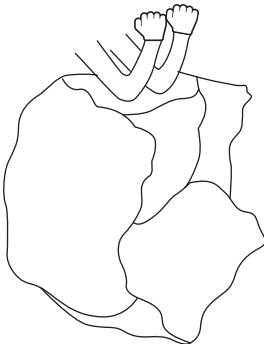

Use scissors to carefully cut the binding strap. Be careful not to puncture the inner vacuum packaging. (Scissors are not included in our provided tools—please prepare them yourself.)

3

Use the provided cutting tool to carefully open the inner vacuum packaging. Make sure to be extra careful not to cut the products inside.

4

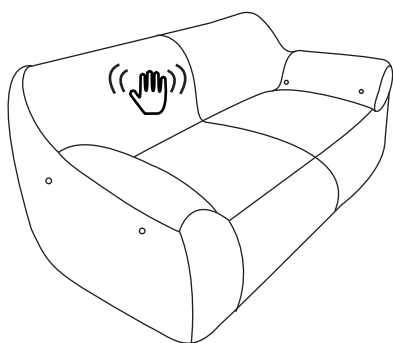

1. Unroll the bean bag.
2. Pat and squeeze the bean bag firmly to make it fluff up quickly.

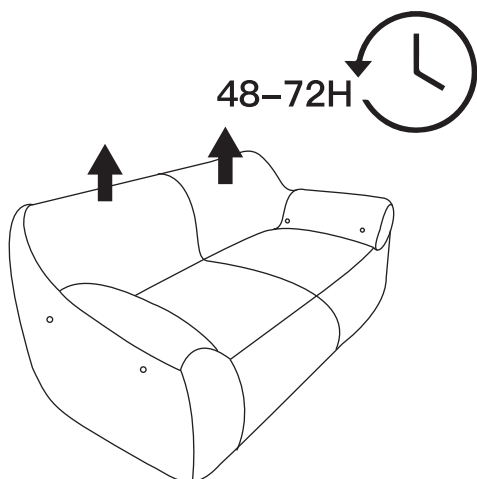

If the inner vacuum packaging is punctured, the compressed bean bag will unroll quickly. When decompressing, always stand at the end of the compressed bean bag to avoid injury.

5

Tap the backrest of the bean bag as well to make the whole item fluffier.

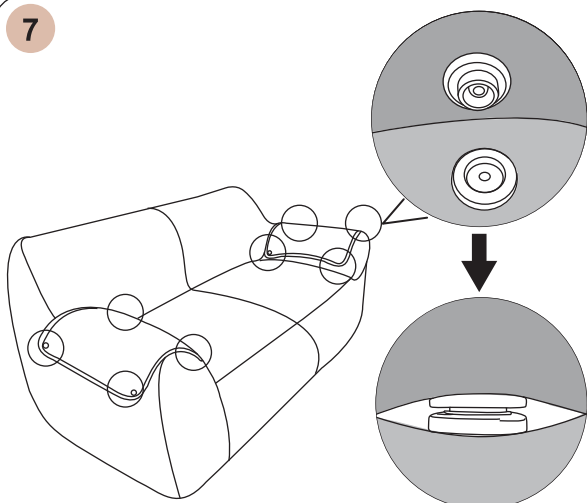

6

The bean bag may take about 48–72 hours to fully expand.

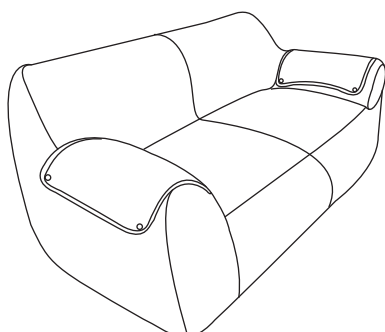

(Note: The bean bag can be used normally during the unfolding period.)

7

While waiting for the bean bag to fully expand, fasten all buckles on the sofa armrest pad.

8

Different people have different perceptions of firmness and softness. Some people find it firm, while others find it soft. Please give the bean bag enough time to overcome the first impression bias.

Sponge products

Ensure that **only adults** perform the installation, and keep children away from the installation area.

Instructions for Use

- (1) **Proper Placement:** Ensure that sponge – like products are placed on a flat and dry surface. Avoid deformation caused by uneven force.
- (2) **Usage Scenarios:** Sponge – like products can only be used in indoor environments. Avoid long – term exposure to direct sunlight or humid environments to prevent aging, yellowing, or mildew.
- (3) **Even Force Application:** Avoid sitting in the same position for a long time, which may cause local collapse, so as to extend the service life.
- (4) **Cleaning Frequency:** Regularly clean surface dust and stains to maintain hygiene.
- (5) **Prevent Pet Scratching:** Pets may damage textiles. It is recommended to use protective covers or regularly trim your pets' nails.

Notes

- **Avoid Sharp Objects:** Prevent sharp objects from scratching or piercing the sponge surface, which may damage the internal materials.
- **Keep Away from High Temperatures and Fire Sources:** Sponges are flammable. Keep them away from high temperatures, open flames or heat sources to prevent fires.
- **Moisture and Mildew Prevention:** Use moisture – proof mats or ventilate regularly in humid environments to prevent the sponge from getting moldy.

- **Load – Bearing Limit:** Pay attention to the load – bearing range of the product and avoid overloading.
- **Avoid Jumping on the Product or Placing Heavy Objects to Prevent Sponge Deformation.**
- **Avoid Pulling Forcefully, Which May Cause Structural Damage.**
- **Do not use an iron to dry sponge products.**

Maintenance Methods

(1) **Regular Turning:** It is recommended to rotate or swap the position of the sponge pad every 3 months to ensure even force distribution on the sponge and prevent sagging.

(2) **Cleaning Method:** Use a vacuum cleaner to remove surface dust. For local stains, gently wipe with a neutral cleaner. Avoid using strong acid or strong alkali cleaners.

(3) **Dust – Proof Protection:** Use a dust cover or sofa cover to reduce direct contact with dust and stains.

(4) **Ventilation and Air – Drying:** Regularly place sponge – like products in a well – ventilated area indoors for air – drying. Make sure not to expose them to direct sunlight outdoors.

(5) **Moisture – Proof Measures:** Use a dehumidifier or place a moisture absorbent during humid seasons, and put a moisture – proof mat under the product.
