

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point **OFF**.
3. Unfold the arms of the fixture body as in diagram (A).
4. Remove the finial (D) from the nipple.
5. Attach the ring (B) and L-arm (C) to fixture body (A) by aligning and passing through nipple on bottom side of fixture body (A) through the mounting hole at side of ring (B) and L-arm (C). Secure with finial (D), as shown in the diagram.
6. Place the glass shade (E) over the socket.
7. Refer to the additional installation instructions included with the product for wiring and installation.
8. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
9. Restore power to the installation point and retain this sheet for future reference.
