

INSTALLATION MANUAL

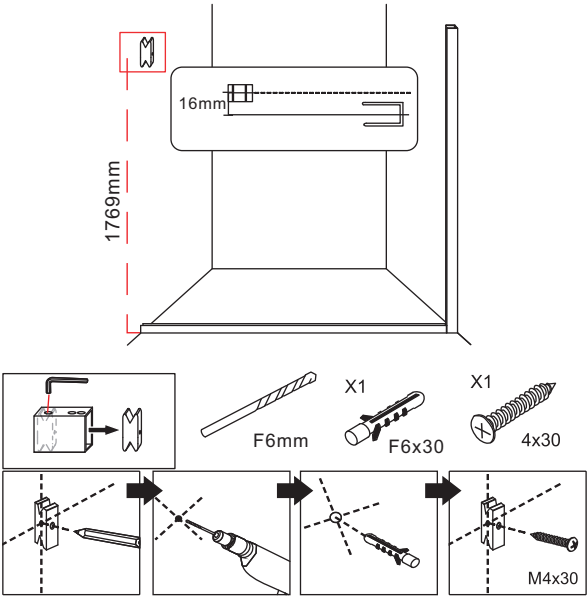

045A

1. Install the side wall channels and the bottom aluminum U-channel.

2. Install the removable wall-mount brackets.

1 Center the bottom guide.

2 Secure the bottom guide.

29mm

M4x30

The technical drawings show the cross-section of the window frame. The left drawing is labeled '4 inside' and shows a 4.5mm gap between the frame and the glass. The right drawing is labeled 'inside' and shows a 2.3mm gap between the frame and the glass. Arrows indicate the direction of the gap measurement.
