Avoid allowing pets on the upholstery as their claws may cause damage to the cover.

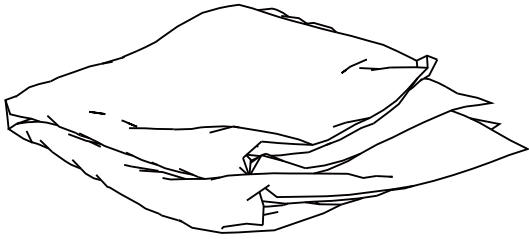

When your new upholstery arrives, you may notice that some of the cover may have been creased or squashed during transit. This can be simply corrected by gently patting the cover/foam back into shape to re-distribute the foam and reshape the covering.

### **Cleaning Advise**

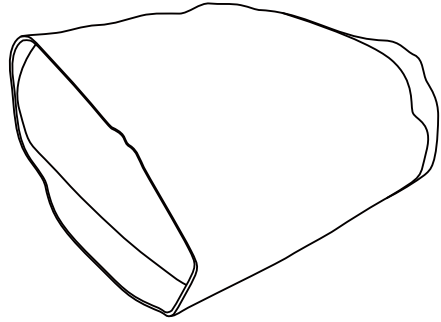

For light daily cleaning, use a clean, damp cloth (not wet).

In case stronger cleaning is required, use only detergent specially recommended for your furniture.
