

Swivel Glider Recliner Chair

The Swivel Gliding Recliner is the ultimate in nursery room seating. With comfort features such as a reclining mechanism and a supportive spring core foam-filled seat, you will love spending even more time in the nursery tending to your child. The hidden easy-pull reclining mechanism can be pulled out and tucked back in between the seat and armrest, making it out of sight yet within easy reach.

- Square silhouette with coil seating, track arm design, soft-to-the-touch upholstery and welt trim detail.
- Customizable reclining position to suit your reclined position preference. Enclosed ball bearing mechanism for both a rotating swivel function and smooth gliding motion.
- Sturdy construction with supportive spring core foam filled seat and padded leg rest.
