

How to Hang Your Wall Decor

Method 1 - For Light objects: Mark the installation place, hammer nail into the wall, and hang wall decor onto the nail. Method 2 - For Heavy Objects: Mark the installation place, drill hole into wall, hammer anchor into the wall, screw nail into wall anchor, hang heavy wall decor onto nail and anchor.

How to Keep Your Wall Decor Looking Their Best

Preserving the beauty of your home accent pieces and wall decor made of one or more materials including wood, MDF, metal, plastic, or rattan, is easy with some simple maintenance. To remove light surface dust, we recommend using a soft, dry cloth or feather duster. If a more thorough cleaning is needed, dampen a soft cloth with a little lukewarm water and gently wipe the surface clean. Be sure to dry all surfaces thoroughly. You never want to use harsh chemical, soap, or abrasive cleaners on any material, as they could cause permanent damage to finishes. Voilà! With regular care, your treasured home decor will stay looking fabulous for years of long-lasting enjoyment!

How Its Made

This elegant home decor piece is handcrafted and hand-painted by skilled artisans ensuring attention to detail. We use the most durable and highest quality materials to create timeless decor that has a simple way of making your space feel like home.
