2PERS

x2

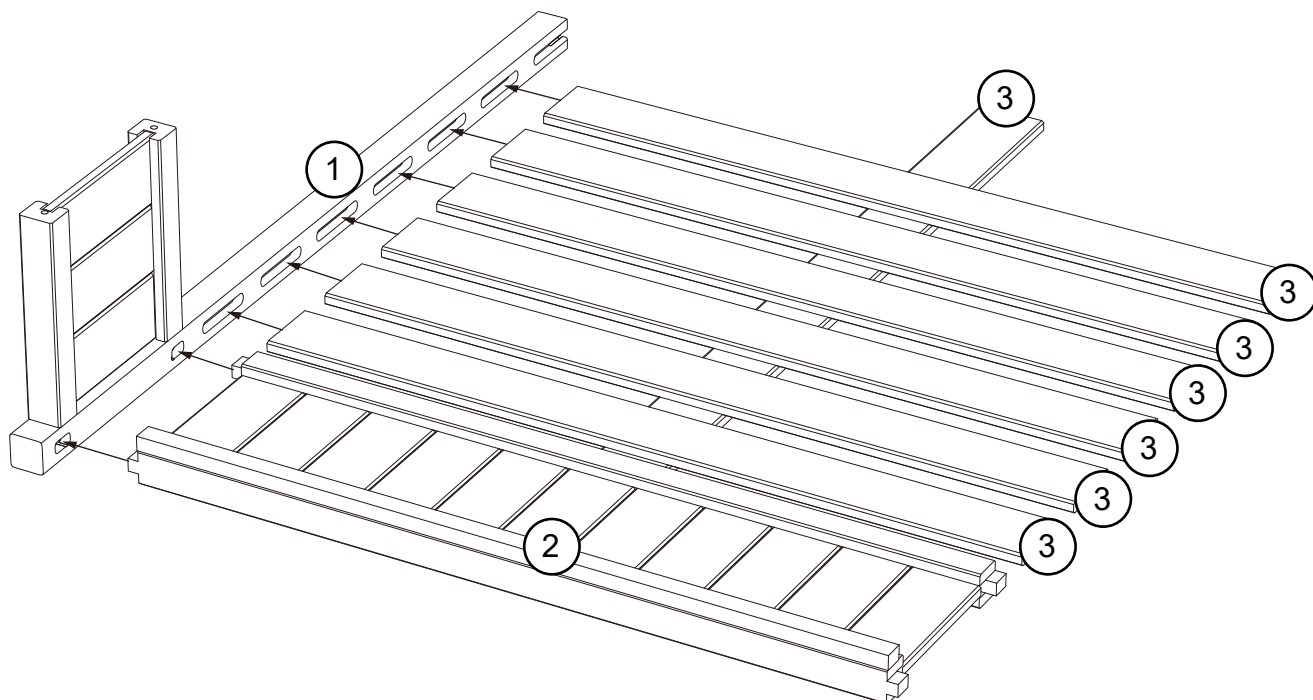

A	x36(+3)
	
Ø 3.5x60mm	

B	x32(+3)
	
Ø 3x30mm	

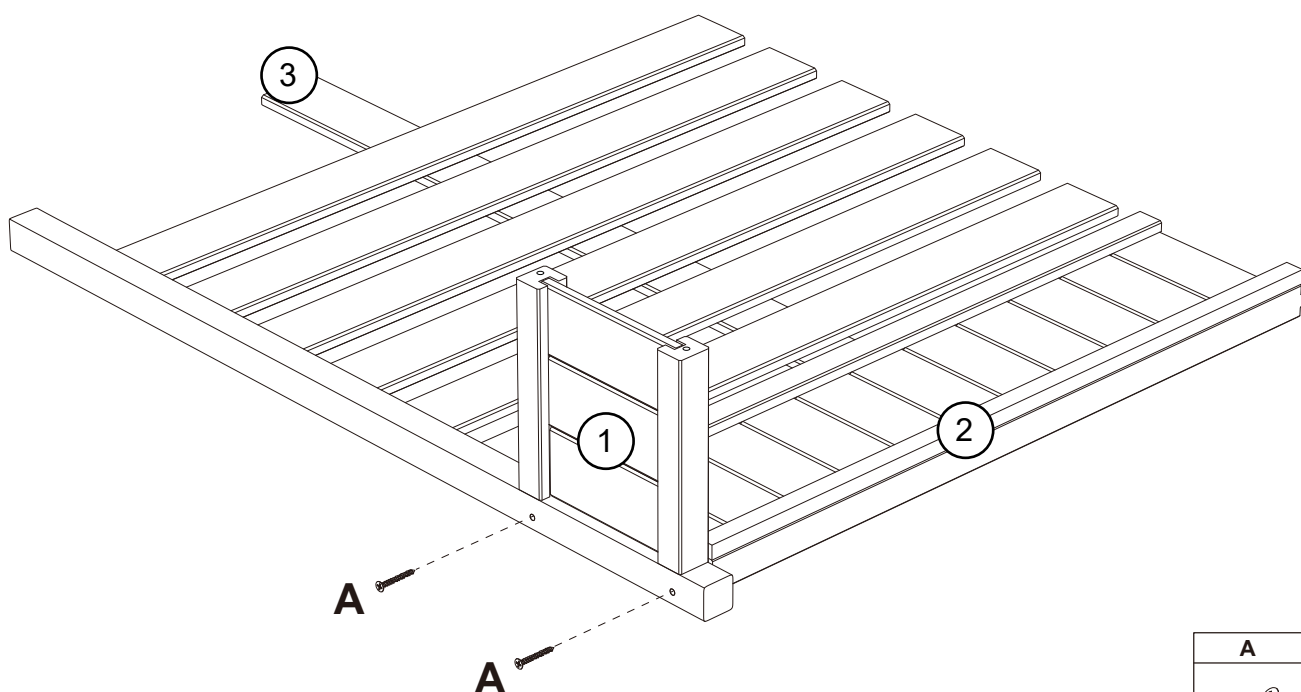

C	x8(+1)
	
Ø 3x16mm	

D	x4(+1)
	

STEP1 Lay the product flat on the floor. In order to facilitate easier connection, please put an extra Part #3 underneath as shown. Insert Part #2 and Part #3 (x6) into the grooves of the first Part #1.

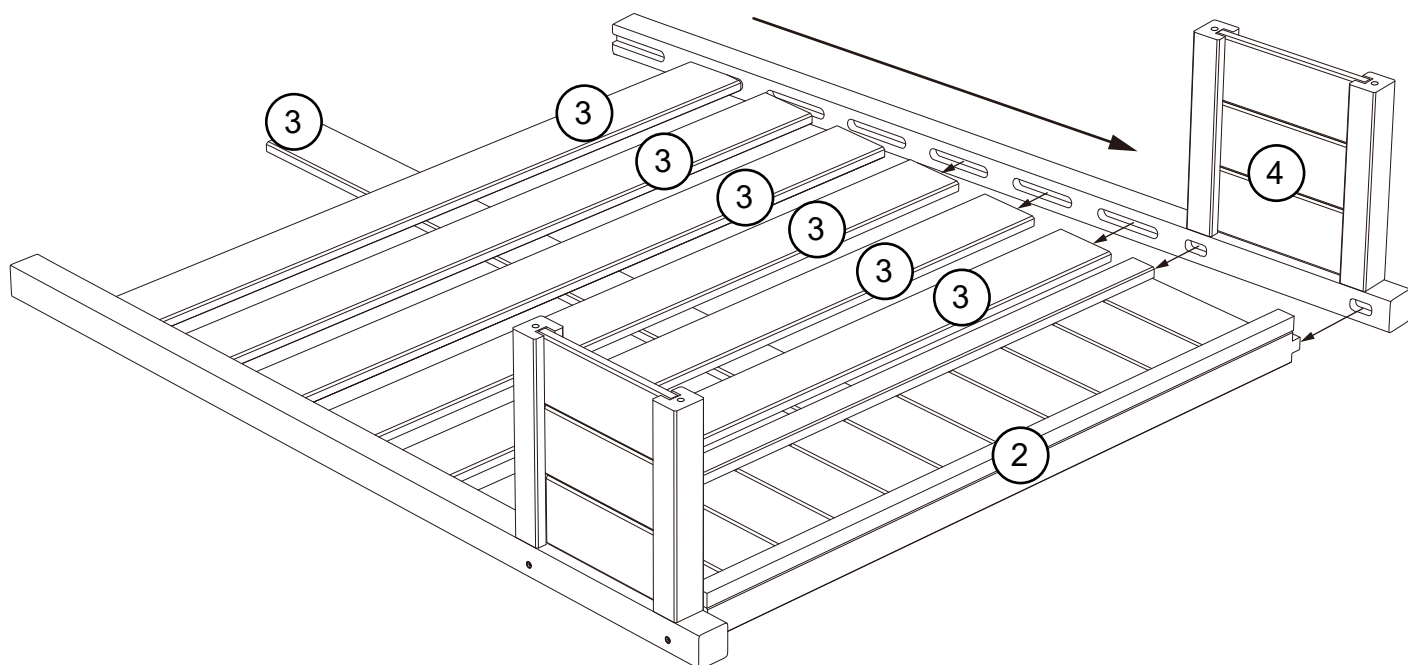

STEP2 Then connect Part #1 and #2 with screw A (x2) - Pay attention to the front and back orientation of Part #2, as shown in the figure.

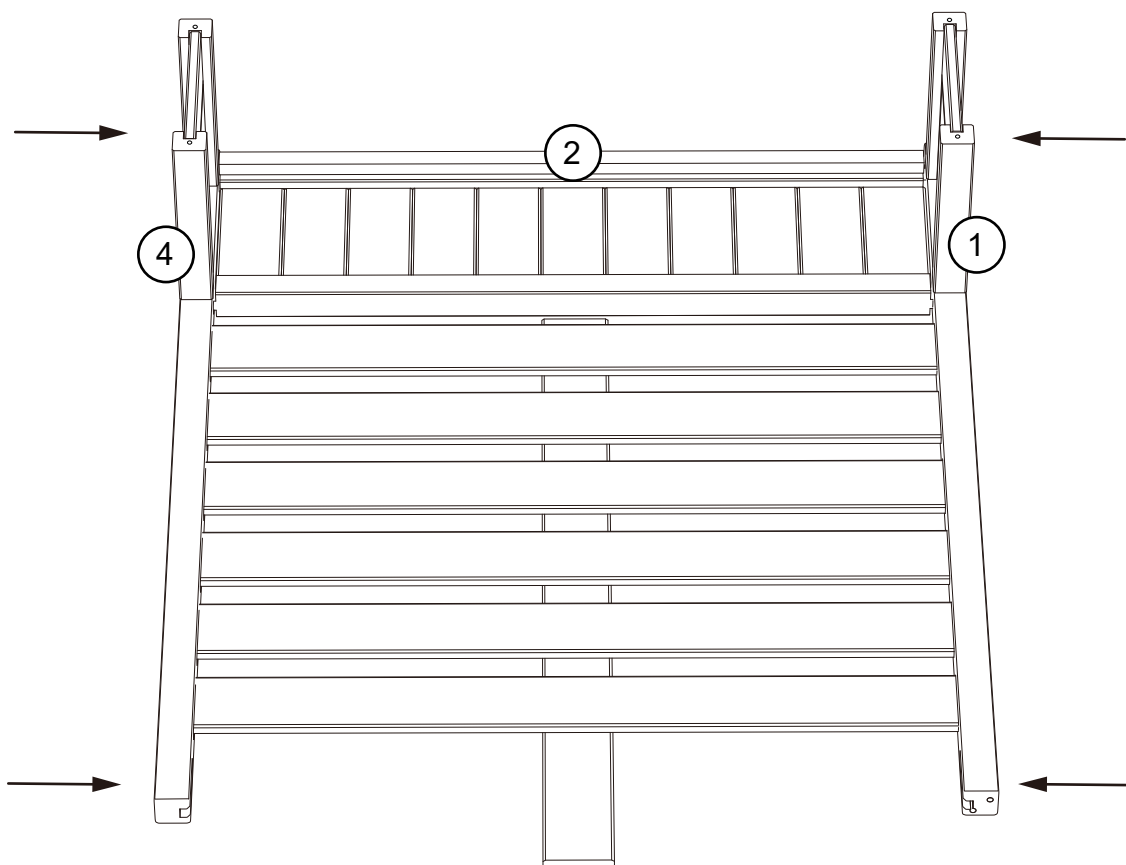

A	x2
	
Ø 3.5x60mm	

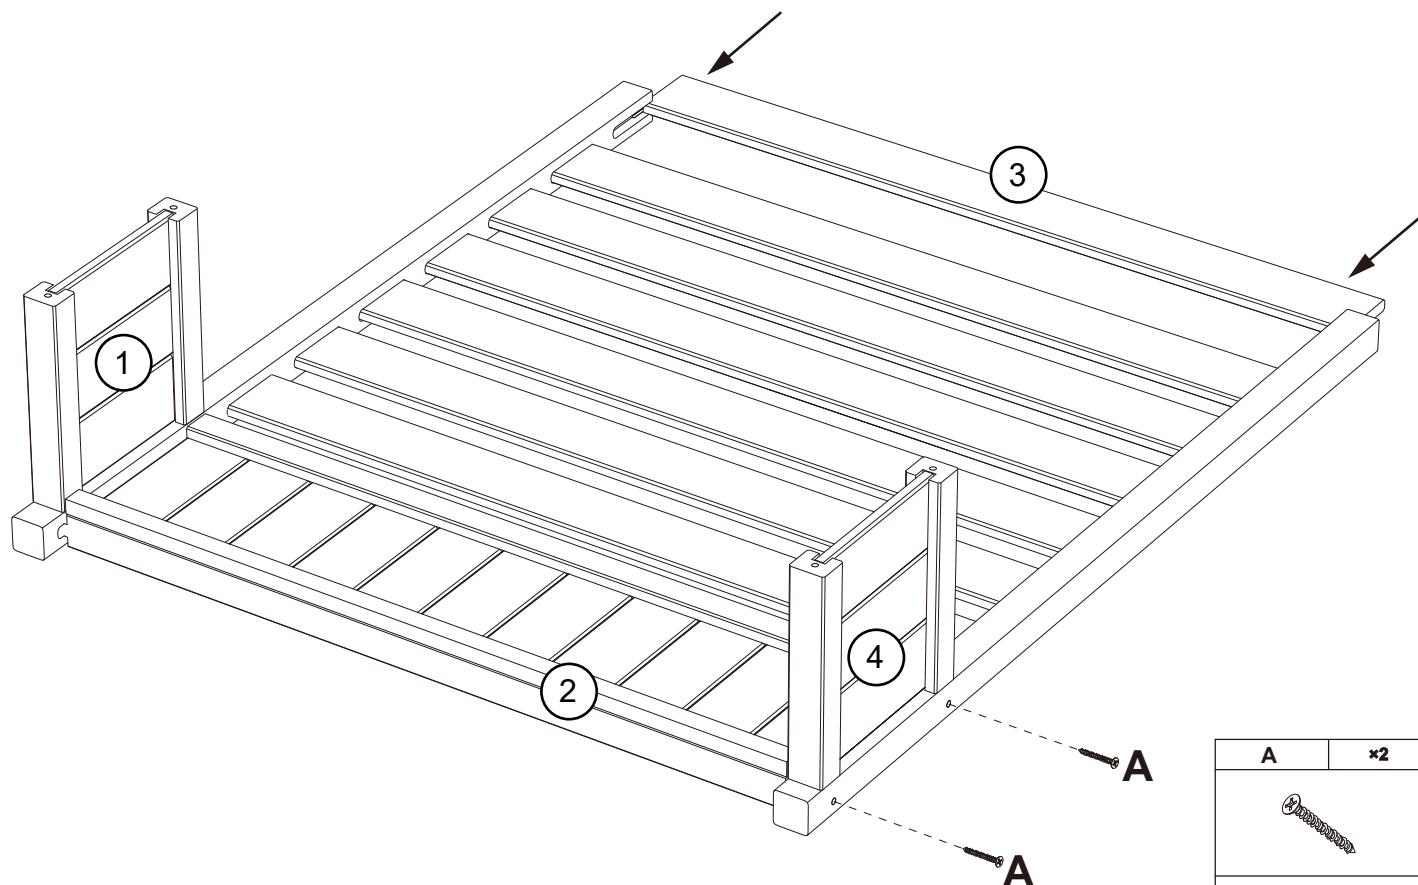

STEP3 Connect Part #4 to the assembled unit from the top to the bottom as shown.

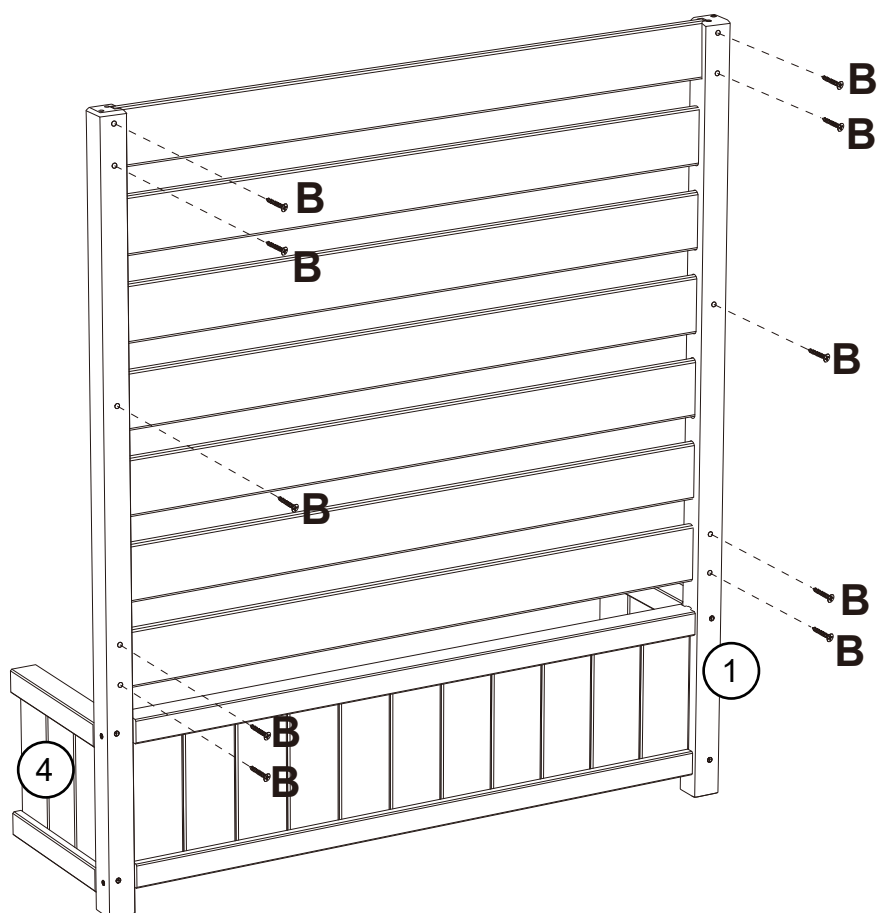

STEP4 Have two people lock in the top and bottom of the assembled unit with two hands respectively, while pressing or tapping until all parts are snug together in the grooves.

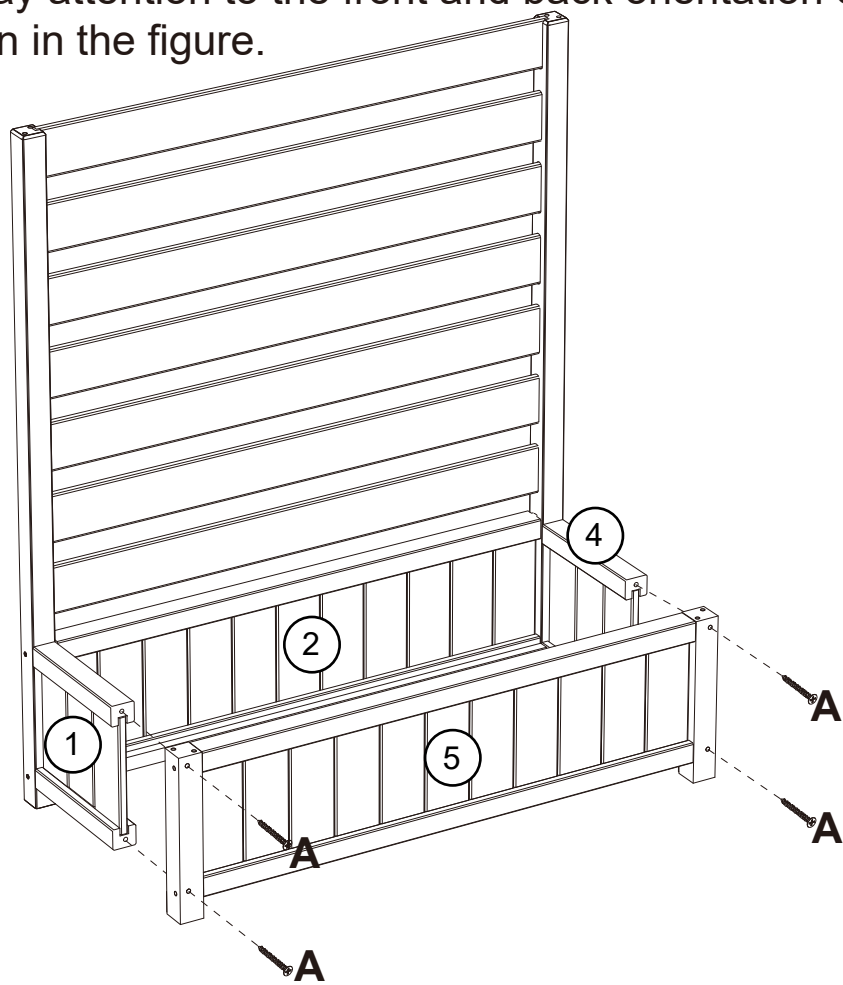

STEP5 Lock Part #2 and Part #4 with screw A x 2, take out the Part #3 from underneath and put it into the top groove as shown.

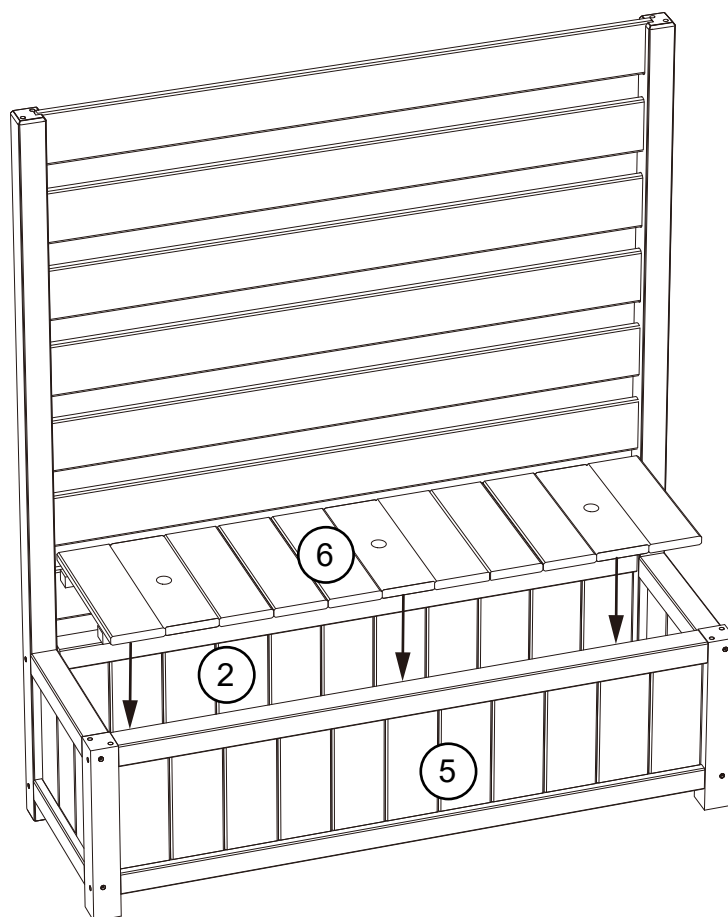

STEP6 Hold unit with both hands and carefully lift up and secure all connections with screw B (x10) on the back as shown.

STEP7 Put bottom front Part #5 in place and connect it with screws A (x4) Pay attention to the front and back orientation of Part #2, as shown in the figure.

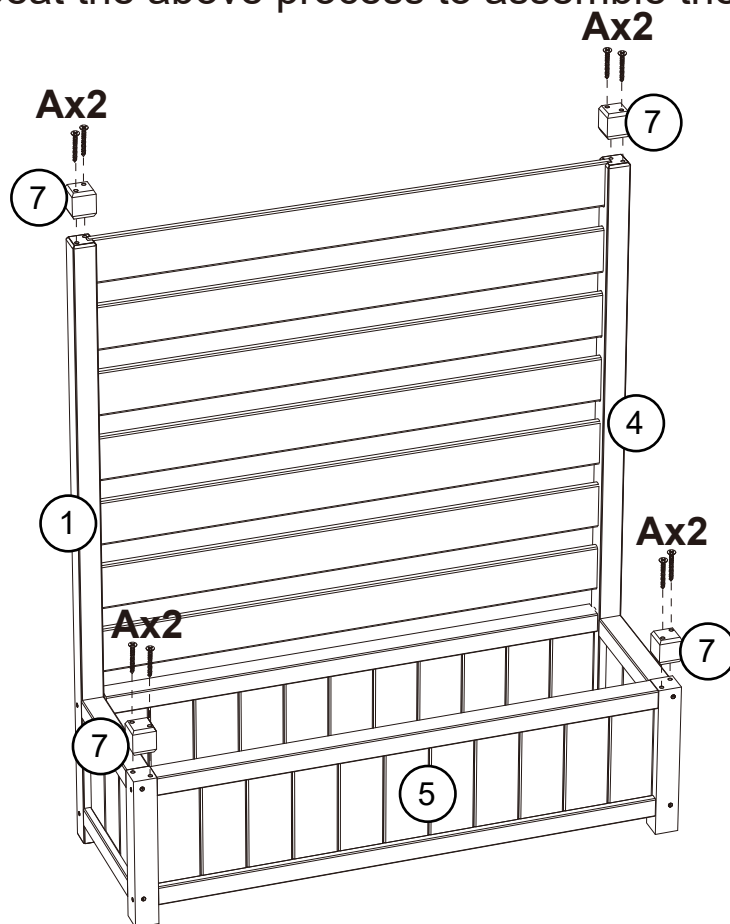

STEP8 Place Part #6 into the bottom of the plant box.

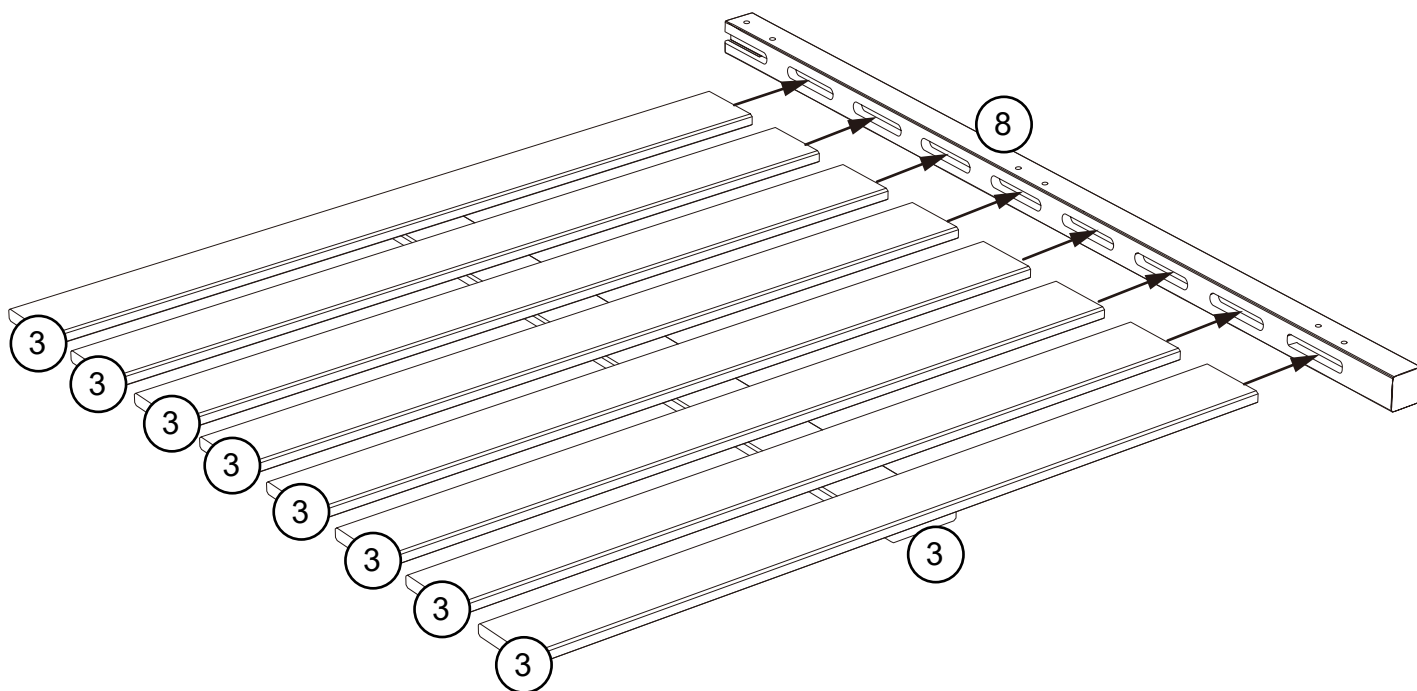

STEP9 Connect Part #7 caps (x4) on the main body with screws A (x8) as shown.

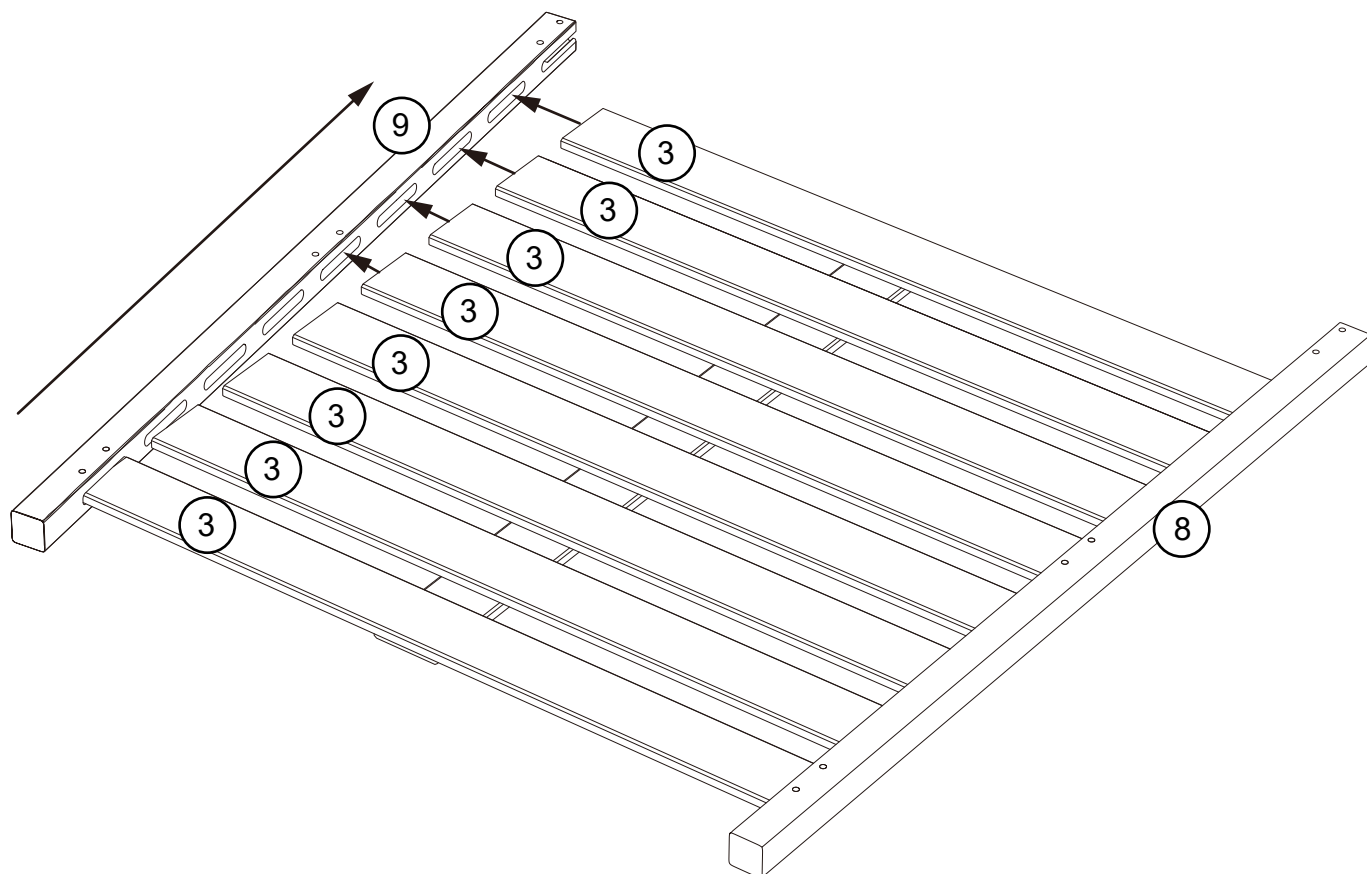

(Repeat the above process to assemble the 2nd planter)

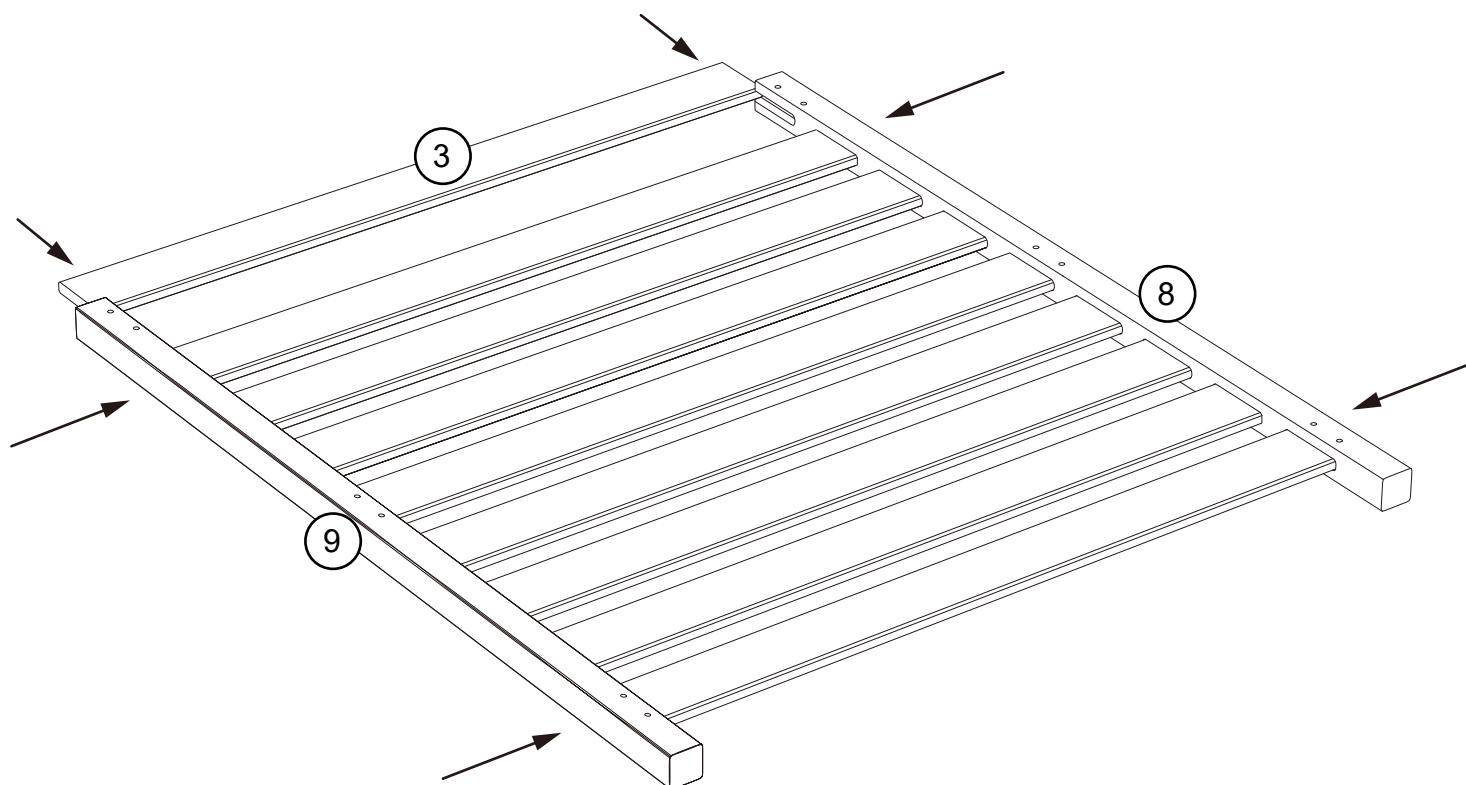

STEP10 Lay the product flat on the floor. In order to facilitate easier connection, please put an extra Part #3 underneath as shown. Insert Part #3 (x8) into the grooves of the first Part #8.

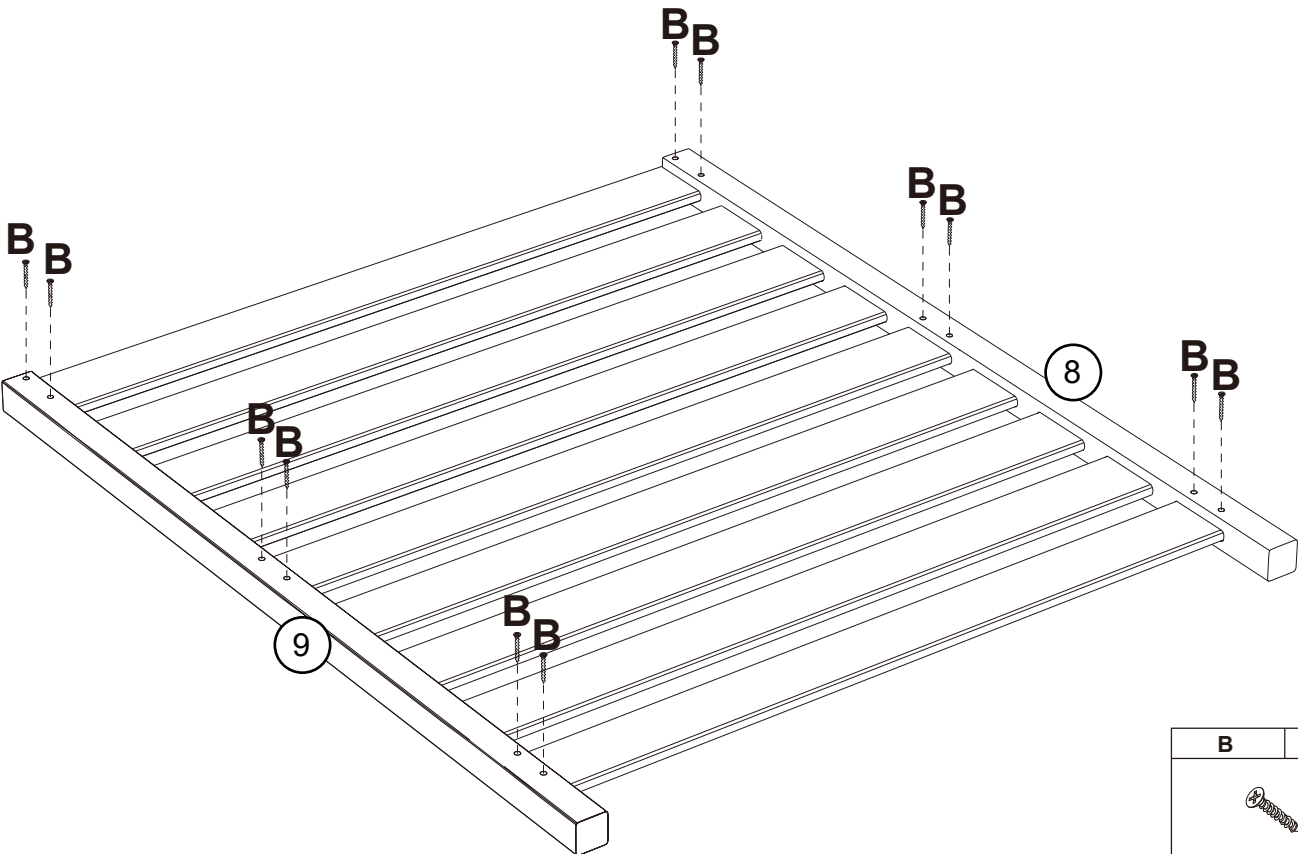

STEP 11 Connect Part #9 to the unit from the top to the bottom as shown.

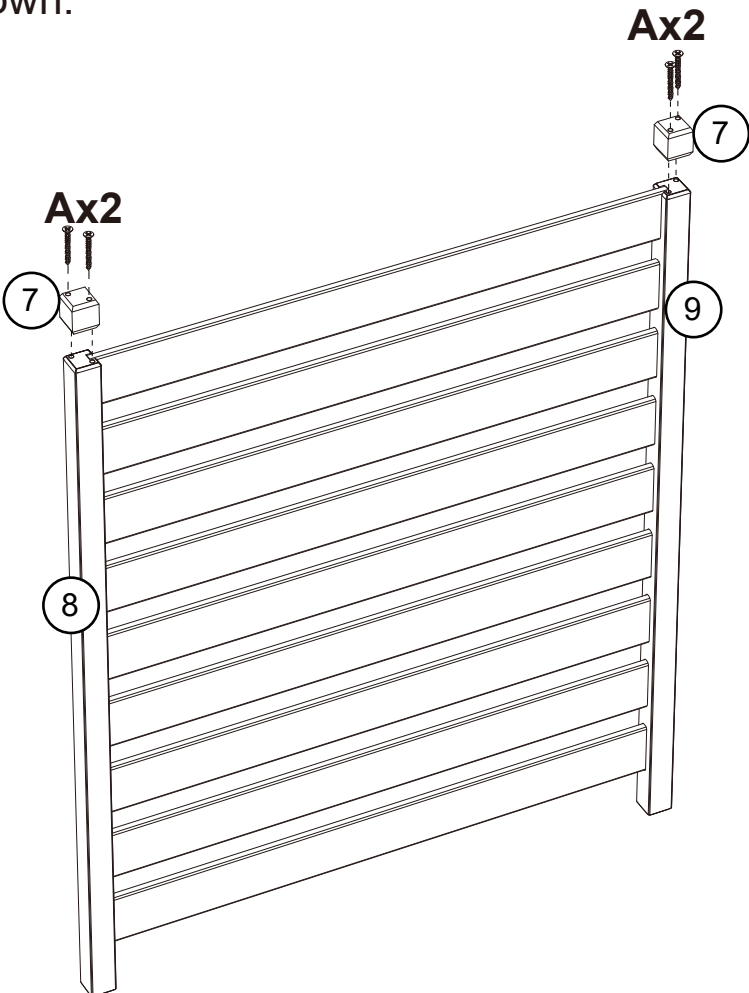

STEP 12 Have two people lock in the top and bottom of the assembled unit with two hands respectively, while pressing or tapping until all parts are snug together in the grooves. Take out the extra Part #3 from underneath and put it into the top groove as shown.

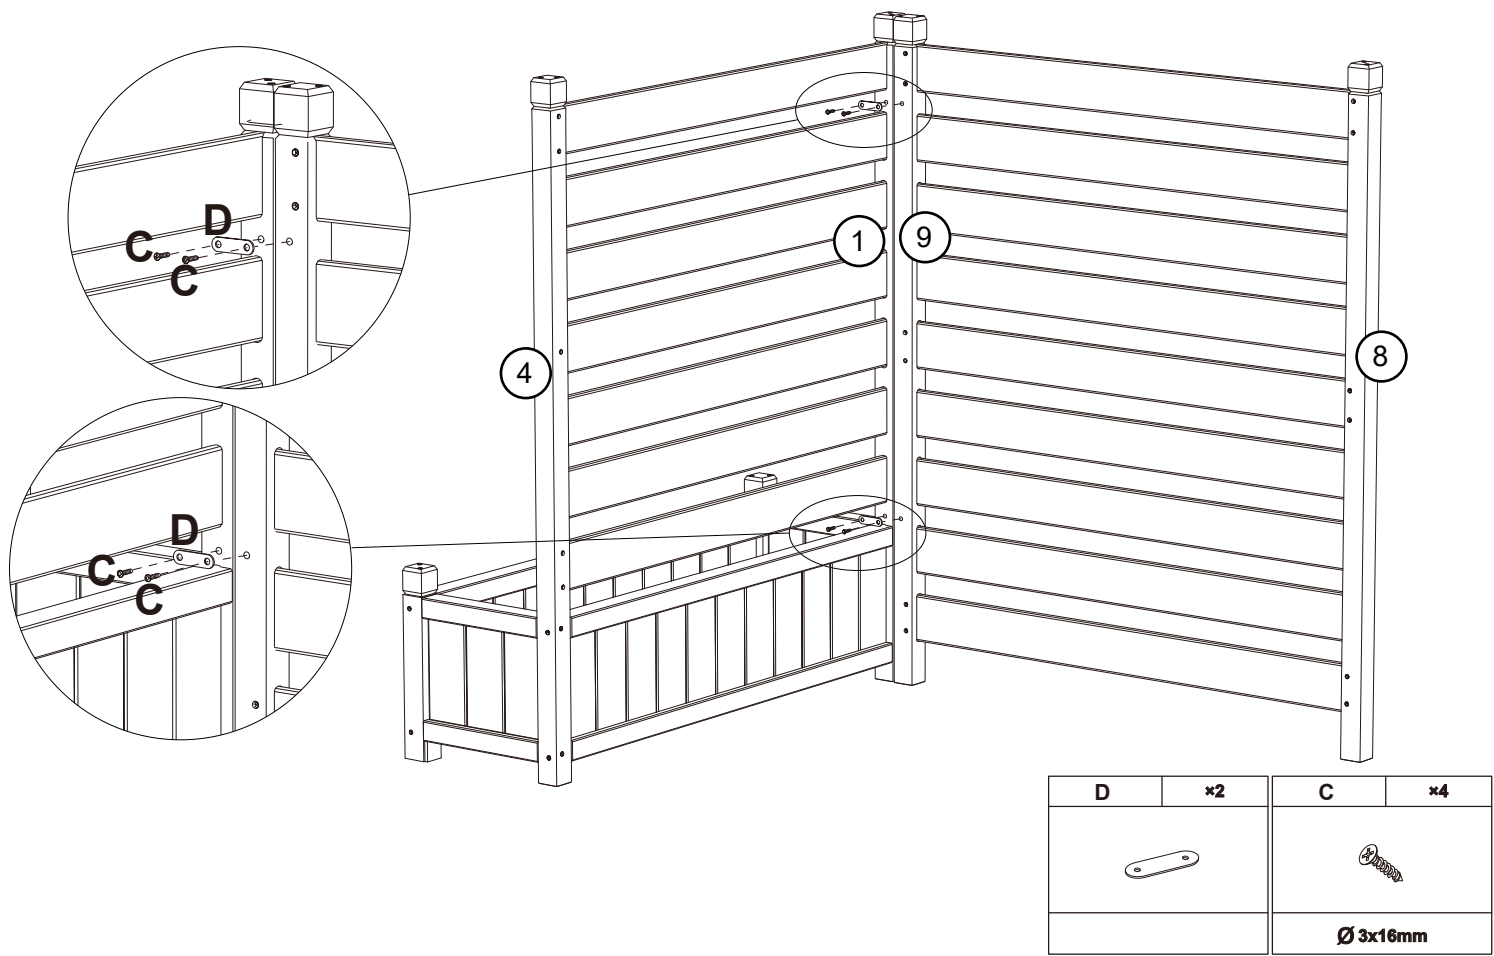

STEP13 Hold unit with both hands and secure all connections with screw B (x12) on the back as shown.

STEP14 Connect Part #7 caps (x2) on the main body with screws A (x4) as shown.

STEP15 Two wooden panels can be locked with metal hardware
Part D x2 and screw C x4 as desired.

STEP16 Additional panel can be locked with metal hardware Part D x2
and screw C x4 as desired.
