

DESK

INSTALLATION INSTRUCTIONS

NOTE:
If there are nuts on the
frame, you need to
unscrew the nuts first.

All fittings before installation

Step 1

Unscrew the nut under the table

Step 2

Align the table legs with the holes at the bottom of the tabletop and tighten the nuts

Step 3

Tighten the gasket at the bottom of the table legs

Step 4

Place the metal frame directly on the cabinet surface

Step 5

Align the drawer handle with the hole position, then install the screws and tighten them

Step 6

After installing the table legs, simply flip the desktop over and place it on the storage cabinet
