MAINTENANCE AND CARE

Protect your furniture from extreme weather conditions by moving it to a covered area. Alternatively, use furniture covers or traps for added protection.

Avoid dragging or placing heavy objects on the furniture to prevent potential damage.

Regularly inspect your furniture for signs of wear, loose strands, or damage. Address any issues promptly.

Hardware may loosen over time. Periodically check to make sure all connections are tight. Re-tighten if necessary.

Do not dispose of any packaging or contents of the shipping carton until assembly is completed to avoid accidentally discarding small parts or hardware.

Do not use sharp objects that may scratch the painted surface.

Clean with a damp cloth soaked in warm soapy water or a specialized, suitable cleaning product.

Conclude the cleaning process by wiping with a clean, dry cloth.

Ensure proper drying after cleaning or exposure to rain to prevent mold or mildew growth.
