VERVE - SWAROVSKI

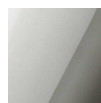

SVR605

Verve is a versatile luminaire with flexible application options—available as a wall luminaire and a pendant luminaire, each offered in a variety of sizes. The wall luminaire can be mounted horizontally as well as vertically. That versatility allows it to integrate seamlessly into a room's architecture while accentuating the character of the space. What makes Verve stand out is its fusion of contemporary shape, precision-cut crystal, and pleasantly warm halogen light. It gently illuminates a room, while casting fine yet vibrant light structures on its walls. The pendant luminaire suffuses dining tables or bars with pleasant light, making Verve ideal for underscoring the sophisticated ambience of restaurants or private rooms.
