WALL STUD
SAFETY BRACKET INSTRUCTIONS

Montant du mur
Instruction pour les crochets de
sécurité

MONTAJE PARA PARED
INSTRUCCIONES DEL SOPORTE DE
SEGURIDAD

WALL STUD

SAFETY BRACKET INSTRUCTIONS

Parts Enclosed:

A Bracket  2x	B Safety Strap  1x	C 2" Wood Screw  1x	D 5/8" Wood Screw  1x
---	--	---	---

IMPORTANT: Tipping can injure young children. Use of this safety hardware is highly recommended. This safety hardware, when properly installed, can provide furniture protection against unexpected accidental tipping of furniture due to improper use.

Step 1

Attach a bracket to the wall board with the 2" screw provided:

- It is recommended that you locate a wall stud behind the furniture unit. If the wall stud is not used, a suitable "Hollow-Wall Anchor Bolt" (not provided) should be used in lieu of the wall stud.
- Position the wall bracket on the stud about 1" below the top of the furniture piece.
- Mark the position for the bracket placement on the wall and drill a pilot hole into the stud.
- Attach the bracket to the back of the furniture with the 2" screws provided.

Step 2

To attach a bracket to the Furniture Frame below to top with the short screws provided:

- Move the furniture piece temporarily to its final position to the wall.
- Mark the location of the bracket on the back of the furniture in relation to the previously mounted wall bracket.
- Move the furniture piece away from the wall mounted bracket and place the other bracket on the mark position on the back of the furniture piece.
- Drill a pilot hole as shown in the figure or into the back furniture frame.
Caution: Make sure you do not drill completely through the back of the furniture.
- Attach the bracket to the back of the furniture with the 5/8" screws provided.

Step 3

To Attach the safety strap:

- Move the furniture back to its final position.
- Thread the safety strap through both of the mounted brackets as shown in the illustration.
- Tighten the strap unit snug.
- Do not over tighten.

Wallboard

Important: Make sure the brackets are firmly attached to the wall stud and furniture frame and the safety strap is snug.

Warning: This product is not be a substitute for proper parental supervision which is the only proper deterrent to prevent improper use of this unit. The manufacturer assumes no liability for improper installation or excessive loads placed on the safety straps, bracket or mounting screws. This hardware will not insure against tipping.

Note: For taller or heavier pieces of furniture, two safety brackets may be installed.

WALL STUD

SAFETY BRACKET INSTRUCTIONS

Parts Enclosed:

A Bracket  2x	B Safety Strap  1x	C 2" Wood Screw  1x	D 5/8" Wood Screw  1x
---	--	---	---

IMPORTANT: Tipping can injure young children. Use of this safety hardware is highly recommended. This safety hardware, when properly installed, can provide furniture protection against unexpected accidental tipping of furniture due to improper use.

Step 1

Attach a bracket to the wall board with the 2" screw provided:

- It is recommended that you locate a wall stud behind the furniture unit. If the wall stud is not used, a suitable "Hollow-Wall Anchor Bolt" (not provided) should be used in lieu of the wall stud.
- Position the wall bracket on the stud about 1" below the top of the furniture piece.
- Mark the position for the bracket placement on the wall and drill a pilot hole into the stud.
- Attach the bracket to the back of the furniture with the 2" screws provided.

Step 2

To attach a bracket to the Furniture Frame below to top with the short screws provided:

- Move the furniture piece temporarily to its final position to the wall.
- Mark the location of the bracket on the back of the furniture in relation to the previously mounted wall bracket.
- Move the furniture piece away from the wall mounted bracket and place the other bracket on the mark position on the back of the furniture piece.
- Drill a pilot hole as shown in the figure or into the back furniture frame.
Caution: Make sure you do not drill completely through the back of the furniture.
- Attach the bracket to the back of the furniture with the 5/8" screws provided.

Step 3

To Attach the safety strap:

- Move the furniture back to its final position.
- Thread the safety strap through both of the mounted brackets as shown in the illustration.
- Tighten the strap unit snug.
- Do not over tighten.

Wallboard

Important: Make sure the brackets are firmly attached to the wall stud and furniture frame and the safety strap is snug.

Warning: This product is not be a substitute for proper parental supervision which is the only proper deterrent to prevent improper use of this unit. The manufacturer assumes no liability for improper installation or excessive loads placed on the safety straps, bracket or mounting screws. This hardware will not insure against tipping.

Note: For taller or heavier pieces of furniture, two safety brackets may be installed.

MODELLO: SX-CT-002

Queste sono le istruzioni originali, si prega di leggere attentamente tutte le istruzioni del manuale prima di utilizzare il prodotto. VEVOR si riserva la piena interpretazione del manuale utente. L'aspetto del prodotto dipenderà dal prodotto ricevuto. Vi preghiamo di non informarvi ulteriormente in caso di aggiornamenti tecnologici o software relativi al nostro prodotto.

AVVERTIMENTO:

Si prega di leggere attentamente questo manuale prima di utilizzare il prodotto. La mancata osservanza di questa indicazione può causare lesioni gravi.

Si prega di maneggiare tutta la plastica e l'imballaggio prima dell'installazione, assicurandosi che non siano raggiungibili dai bambini.

Prendetevi cura del vostro bambino durante l'utilizzo di questo prodotto e non lasciatelo mai!

PRECAUZIONI D'USO

39. Questo prodotto deve essere assemblato e utilizzato da un adulto;
Non utilizzare o installare il prodotto senza aver mai letto o compreso il manuale;
40. Ricambi e pezzi di ricambio non forniti o approvati dal produttore non deve essere utilizzato;
41. Il prodotto non deve essere utilizzato per altri articoli o modificato;
42. Questo prodotto non è un giocattolo e non deve essere utilizzato come giocattolo per bambini. con cui giocare;
43. Può essere utilizzato da un solo bambino alla volta;
44. I bambini devono utilizzare la cintura di sicurezza quando il neonato è sul tavolo per pannolini;
45. **Attenzione:** è necessario prendersi cura del bambino nel tavolo per pannolini, non lasciare il bambino incustodito, non collegare l'elettricità, parlare o aprire la porta e se Se vuoi andartene, devi portare con te i tuoi figli.
46. **Attenzione:** assicurarsi che il freno della ruota sia bloccato prima di

utilizzare il pannolino tavolo alla volta e azionare il freno della ruota solo quando è necessario spostarlo .

47. Qualsiasi componente è rotto, mancante, spaccato, ha connessioni allentate, bordi taglienti o le funzioni sono bloccate, interrompere immediatamente l'utilizzo del prodotto;
48. Prima dell'uso, assicurarsi che il prodotto sia posizionato su una superficie piana e stabile.
49. Età di utilizzo: bambini nati fino a 15 kg, solo per uso familiare;
50. Non posizionare oggetti di peso superiore a 15 kg sullo strato di stoccaggio, non posizionare oggetti taglienti oggetti, prodotti fragili, contenenti calore i contenitori;
51. Tenere il prodotto fuori dalla portata dei bambini quando non è in uso;
52. Non lasciare che altri bambini giochino vicino a questo prodotto!
53. **Attenzione:** Non lasciare il prodotto esposto ad ambienti ad alta temperatura (lontano da fonti di calore, come apparecchiature di essiccazione, acqua bollente lontano da fiamma libera ad alta temperatura);
54. Per evitare il rischio di lesioni, assicurarsi che vi sia spazio sufficiente sopra il tavolo per i pannolini (senza mensole, mobili, ecc.);
55. Controllare regolarmente tutti i dispositivi di fissaggio e le viti installati, che devono essere correttamente installato e serrato,
56. Quando il bambino pesa meno di 15 kg, ma ha la capacità di inginocchiarsi, arrampicarsi e altri comportamenti, si prega di smettere di usarli;
57. Il mancato rispetto di queste avvertenze e istruzioni può provocare lesioni gravi.

**HOW TO USE THE CAMLOCK BOLT(-2-) AND THE CAMLOCK(-1-)
EXEMPLE D'UTILISATION (BOULON CAMLOCK(-2-) RACCORD CAMLOCK(-1-))
EJEMPLO DE UTILIZACIÓN (CAMLOCK(-2-) TORNILLO CAMLOCK(-1-))**

ENGLISH

- A. Fully insert the "Camlock Bolt -2-" into the specified holes.
B. To withdraw the "Camlock Bolt -2-", do not use any tool, unscrew it with the hand.
C. With your thumb, insert the "camlock -1-" into the specified holes with the arrow pointing towards the insertion hole.
D. Insert the pieces into one another and make sure they are completely united.
E. To lock the pieces together, turn (tighten) the "camlock -1-" to the right for slightly more than half a turn.

FRANÇAIS

- A. Insérer jusqu'au fond le «boulon camlock à enfoncer -2-» dans les trous mentionnés.
B. Pour retirer le «boulon camlock à enfoncer -2-», n'utiliser aucun outil, dévisser le à la main.
C. Avec le pouce, insérer «raccord camlock -1-» dans les trous mentionnés, la flèche vers le trou d'insertion.
D. Joindre les pièces l'une dans l'autre et s'assurer qu'elles sont bien unies l'une contre l'autre.
E. Tourner (serrer) «raccord camlock -1-» vers la droite, un peu plus d'un demi tour, pour bloquer les pièces ensemble.

ESPAÑOL

- A. Introduzca el "Tornillo camlock -2-" hasta el fondo en todos los agujeros mencionados.
B. Para retirar el "Tornillo camlock -2-", no utilizar herramientas, desatornillar el a la mano.
C. Introduzca con el pulgar la "camlock -1-" en los agujeros mencionados, con la flecha apuntando hacia el agujero de inserción.
D. Una las piezas entre sí. Asegúrese de que se encuentren bien unidas.
E. Haga girar hacia la derecha y ajuste la " camlock -1-" dando algo más que una media vuelta para que las piezas queden atrancadas.

WALL STUD
SAFETY BRACKET INSTRUCTIONS

Montant du mur
Instruction pour les crochets de
sécurité

MONTAJE PARA PARED
INSTRUCCIONES DEL SOPORTE DE
SEGURIDAD

WALL STUD

SAFETY BRACKET INSTRUCTIONS

Parts Enclosed:

A Bracket  2x	B Safety Strap  1x	C 2" Wood Screw  1x	D 5/8" Wood Screw  1x
---	--	---	---

IMPORTANT: Tipping can injure young children. Use of this safety hardware is highly recommended. This safety hardware, when properly installed, can provide furniture protection against unexpected accidental tipping of furniture due to improper use.

Step 1

Attach a bracket to the wall board with the 2" screw provided:

- It is recommended that you locate a wall stud behind the furniture unit. If the wall stud is not used, a suitable "Hollow-Wall Anchor Bolt" (not provided) should be used in lieu of the wall stud.
- Position the wall bracket on the stud about 1" below the top of the furniture piece.
- Mark the position for the bracket placement on the wall and drill a pilot hole into the stud.
- Attach the bracket to the back of the furniture with the 2" screws provided.

Step 2

To attach a bracket to the Furniture Frame below to top with the short screws provided:

- Move the furniture piece temporarily to its final position to the wall.
- Mark the location of the bracket on the back of the furniture in relation to the previously mounted wall bracket.
- Move the furniture piece away from the wall mounted bracket and place the other bracket on the mark position on the back of the furniture piece.
- Drill a pilot hole as shown in the figure or into the back furniture frame.
Caution: Make sure you do not drill completely through the back of the furniture.
- Attach the bracket to the back of the furniture with the 5/8" screws provided.

Step 3

To Attach the safety strap:

- Move the furniture back to its final position.
- Thread the safety strap through both of the mounted brackets as shown in the illustration.
- Tighten the strap unit snug.
- Do not over tighten.

Wallboard

Important: Make sure the brackets are firmly attached to the wall stud and furniture frame and the safety strap is snug.

Warning: This product is not be a substitute for proper parental supervision which is the only proper deterrent to prevent improper use of this unit. The manufacturer assumes no liability for improper installation or excessive loads placed on the safety straps, bracket or mounting screws. This hardware will not insure against tipping.

Note: For taller or heavier pieces of furniture, two safety brackets may be installed.

SEGURIDAD

WALL STUD

SAFETY BRACKET INSTRUCTIONS

Parts Enclosed:

A Bracket  2x	B Safety Strap  1x	C 2" Wood Screw  1x	D 5/8" Wood Screw  1x
---	--	---	---

IMPORTANT: Tipping can injure young children. Use of this safety hardware is highly recommended. This safety hardware, when properly installed, can provide furniture protection against unexpected accidental tipping of furniture due to improper use.

Step 1

Attach a bracket to the wall board with the 2" screw provided:

- It is recommended that you locate a wall stud behind the furniture unit. If the wall stud is not used, a suitable "Hollow-Wall Anchor Bolt" (not provided) should be used in lieu of the wall stud.
- Position the wall bracket on the stud about 1" below the top of the furniture piece.
- Mark the position for the bracket placement on the wall and drill a pilot hole into the stud.
- Attach the bracket to the back of the furniture with the 2" screws provided.

Step 2

To attach a bracket to the Furniture Frame below to top with the short screws provided:

- Move the furniture piece temporarily to its final position to the wall.
- Mark the location of the bracket on the back of the furniture in relation to the previously mounted wall bracket.
- Move the furniture piece away from the wall mounted bracket and place the other bracket on the mark position on the back of the furniture piece.
- Drill a pilot hole as shown in the figure or into the back furniture frame.
Caution: Make sure you do not drill completely through the back of the furniture.
- Attach the bracket to the back of the furniture with the 5/8" screws provided.

Step 3

To Attach the safety strap:

- Move the furniture back to its final position.
- Thread the safety strap through both of the mounted brackets as shown in the illustration.
- Tighten the strap unit snug.
- Do not over tighten.

Wallboard

Important: Make sure the brackets are firmly attached to the wall stud and furniture frame and the safety strap is snug.

Warning: This product is not be a substitute for proper parental supervision which is the only proper deterrent to prevent improper use of this unit. The manufacturer assumes no liability for improper installation or excessive loads placed on the safety straps, bracket or mounting screws. This hardware will not insure against tipping.

Note: For taller or heavier pieces of furniture, two safety brackets may be installed.

WALL STUD

SAFETY BRACKET INSTRUCTIONS

Parts Enclosed:

A Bracket  2x	B Safety Strap  1x	C 2" Wood Screw  1x	D 5/8" Wood Screw  1x
---	--	---	---

IMPORTANT: Tipping can injure young children. Use of this safety hardware is highly recommended. This safety hardware, when properly installed, can provide furniture protection against unexpected accidental tipping of furniture due to improper use.

Step 1

Attach a bracket to the wall board with the 2" screw provided:

- It is recommended that you locate a wall stud behind the furniture unit. If the wall stud is not used, a suitable "Hollow-Wall Anchor Bolt" (not provided) should be used in lieu of the wall stud.
- Position the wall bracket on the stud about 1" below the top of the furniture piece.
- Mark the position for the bracket placement on the wall and drill a pilot hole into the stud.
- Attach the bracket to the back of the furniture with the 2" screws provided.

Step 2

To attach a bracket to the Furniture Frame below to top with the short screws provided:

- Move the furniture piece temporarily to its final position to the wall.
- Mark the location of the bracket on the back of the furniture in relation to the previously mounted wall bracket.
- Move the furniture piece away from the wall mounted bracket and place the other bracket on the mark position on the back of the furniture piece.
- Drill a pilot hole as shown in the figure or into the back furniture frame.
Caution: Make sure you do not drill completely through the back of the furniture.
- Attach the bracket to the back of the furniture with the 5/8" screws provided.

Step 3

To Attach the safety strap:

- Move the furniture back to its final position.
- Thread the safety strap through both of the mounted brackets as shown in the illustration.
- Tighten the strap unit snug.
- Do not over tighten.

Wallboard

Important: Make sure the brackets are firmly attached to the wall stud and furniture frame and the safety strap is snug.

Warning: This product is not be a substitute for proper parental supervision which is the only proper deterrent to prevent improper use of this unit. The manufacturer assumes no liability for improper installation or excessive loads placed on the safety straps, bracket or mounting screws. This hardware will not insure against tipping.

Note: For taller or heavier pieces of furniture, two safety brackets may be installed.

INSTRUCCIONES DEL SOPORTE DE
SEGURIDAD

WALL STUD

SAFETY BRACKET INSTRUCTIONS

Parts Enclosed:

A Bracket  2x	B Safety Strap  1x	C 2" Wood Screw  1x	D 5/8" Wood Screw  1x
---	--	---	---

IMPORTANT: Tipping can injure young children. Use of this safety hardware is highly recommended. This safety hardware, when properly installed, can provide furniture protection against unexpected accidental tipping of furniture due to improper use.

Step 1

Attach a bracket to the wall board with the 2" screw provided:

- It is recommended that you locate a wall stud behind the furniture unit. If the wall stud is not used, a suitable "Hollow-Wall Anchor Bolt" (not provided) should be used in lieu of the wall stud.
- Position the wall bracket on the stud about 1" below the top of the furniture piece.
- Mark the position for the bracket placement on the wall and drill a pilot hole into the stud.
- Attach the bracket to the back of the furniture with the 2" screws provided.

Step 2

To attach a bracket to the Furniture Frame below to top with the short screws provided:

- Move the furniture piece temporarily to its final position to the wall.
- Mark the location of the bracket on the back of the furniture in relation to the previously mounted wall bracket.
- Move the furniture piece away from the wall mounted bracket and place the other bracket on the mark position on the back of the furniture piece.
- Drill a pilot hole as shown in the figure or into the back furniture frame.
Caution: Make sure you do not drill completely through the back of the furniture.
- Attach the bracket to the back of the furniture with the 5/8" screws provided.

Step 3

To Attach the safety strap:

- Move the furniture back to its final position.
- Thread the safety strap through both of the mounted brackets as shown in the illustration.
- Tighten the strap unit snug.
- Do not over tighten.

Wallboard

Important: Make sure the brackets are firmly attached to the wall stud and furniture frame and the safety strap is snug.

Warning: This product is not be a substitute for proper parental supervision which is the only proper deterrent to prevent improper use of this unit. The manufacturer assumes no liability for improper installation or excessive loads placed on the safety straps, bracket or mounting screws. This hardware will not insure against tipping.

Note: For taller or heavier pieces of furniture, two safety brackets may be installed.

SKÖTBORD

MODELL: SX-CT-002

<https://youtu.be/ZDZ4jmH7xkU>

MODELL: SX-CT-002

Detta är den ursprungliga instruktionen, läs alla instruktioner noggrant innan du använder den. VEVOR reserverar sig för en tydlig tolkning av vår användarmanual. Utseendet på produkten är beroende av den produkt du fått. Ursäkta oss att vi inte kommer att informera dig igen om det finns någon teknik eller mjukvaruuppdateringar på vår produkt.

VARNING:

Läs denna bruksanvisning noggrant innan du använder produkten.

Underlåtenhet att göra det kan leda till allvarliga skador.

Hantera all plast och all förpackning före installationen och se till att barn inte kan nå den.

Du måste ta väl hand om ditt barn under hela användningen av denna produkt och gå inte iväg!

ANVÄND FÖRSIKTIGHETSÅTGÄRDER

- 115. Denna produkt måste monteras och användas av en vuxen; Använd eller installera inte produkten när du aldrig läser eller förstår manualen;
- 116. Reservdelar och reservdelar som inte tillhandahålls eller godkänts av tillverkaren får inte användas;
- 117. Produkten får inte användas för andra föremål eller modifieras;
- 118. Denna produkt är inte en leksak och ska inte användas som en barnleksak för barn att leka med;
- 119. Den kan bara användas av ett barn åt gången;
- 120. Barn måste använda säkerhetsbälte när barnet på blöjbordet;
- 121. **Varning:** Du måste ta hand om barnet i blöjbordet, lämna inte barn utan uppsikt, anslut inte elen tala eller öppna dörren, och om du vill lämna, måste du ta dina barn med dig.
- 122. **Varning:** Se till att hjulbromsen är låst innan du använder blöjan bord varje gång, och bara öppna hjulbromsen när den behöver flyttas .
- 123. Alla komponenter är trasiga, saknas, delas, har lösa anslutningar, vassa kanter eller om funktioner är blockerade, sluta använda produkten omedelbart;

- 124. Före användning, se till att produkten är placerad på ett plant och stabilt underlag.
- 125. Användningsålder: barn födda till 15 kg, endast för familjebruk;
- 126. Placera inte föremål som överstiger 15 kg på lagringsskiktet, placera inte vassa föremål, ömtåliga produkter, som innehåller värme kärnen;
- 127. Håll produkten utom räckhåll för barn när den inte används;
- 128. Låt inte andra barn leka i närheten av denna produkt!
- 129. **Varning:** Låt inte produkten utsättas för miljö med hög temperatur (bort från värmekällor, såsom torkutrustning, kokande vatten långt borta från hög temperatur öppen låga);
- 130. För att undvika risken för skador, se till att det finns tillräckligt med utrymme ovanför blöjbordet (inga hyllor eller möbler etc.);
- 131. Kontrollera regelbundet alla installerade fixturer och skruvar, de bör vara korrekt installerad och åtdragen,
- 132. När barnet väger mindre än 15KGS, men har förmågan att knäböja, klättra och andra beteenden, vänligen sluta använda;
- 133. Underlåtenhet att följa dessa varningar och instruktioner kan resultera i allvarliga skador.

- A. Fully insert the "Camlock Bolt -2-" into the specified holes.
B. To withdraw the "Camlock Bolt -2-", do not use any tool, unscrew it with the hand.
C. With your thumb, insert the "camlock -1-" into the specified holes with the arrow pointing towards the insertion hole.
D. Insert the pieces into one another and make sure they are completely united.
E. To lock the pieces together, turn (tighten) the "camlock -1-" to the right for slightly more than half a turn.

FRANÇAIS

- A. Insérer jusqu'au fond le «boulon camlock à enfoncer -2-» dans les trous mentionnés.
B. Pour retirer le «boulon camlock à enfoncer -2-», n'utiliser aucun outil, dévisser le à la main.
C. Avec le pouce, insérer «raccord camlock -1-» dans les trous mentionnés, la flèche vers le trou d'insertion.
D. Joindre les pièces l'une dans l'autre et s'assurer qu'elles sont bien unies l'une contre l'autre.
E. Tourner (serrer) «raccord camlock -1-» vers la droite, un peu plus d'un demi tour, pour bloquer les pièces ensemble.

ESPAÑOL

- A. Introduzca el "Tornillo camlock -2-" hasta el fondo en todos los agujeros mencionados.
B. Para retirar el "Tornillo camlock -2-", no utilizar herramientas, desatornillar el a la mano.
C. Introduzca con el pulgar la "camlock -1-" en los agujeros mencionados, con la flecha apuntando hacia el agujero de inserción.
D. Una las piezas entre sí. Asegúrese de que se encuentren bien unidas.
E. Haga girar hacia la derecha y ajuste la "camlock -1-" dando algo más que una media vuelta para que las piezas queden atrancadas.

WALL STUD

SAFETY BRACKET INSTRUCTIONS

Parts Enclosed:

A Bracket  2x	B Safety Strap  1x	C 2" Wood Screw  1x	D 5/8" Wood Screw  1x
---	--	---	---

IMPORTANT: Tipping can injure young children. Use of this safety hardware is highly recommended. This safety hardware, when properly installed, can provide furniture protection against unexpected accidental tipping of furniture due to improper use.

Step 1

Attach a bracket to the wall board with the 2" screw provided:

- It is recommended that you locate a wall stud behind the furniture unit. If the wall stud is not used, a suitable "Hollow-Wall Anchor Bolt" (not provided) should be used in lieu of the wall stud.
- Position the wall bracket on the stud about 1" below the top of the furniture piece.
- Mark the position for the bracket placement on the wall and drill a pilot hole into the stud.
- Attach the bracket to the back of the furniture with the 2" screws provided.

Step 2

To attach a bracket to the Furniture Frame below to top with the short screws provided:

- Move the furniture piece temporarily to its final position to the wall.
- Mark the location of the bracket on the back of the furniture in relation to the previously mounted wall bracket.
- Move the furniture piece away from the wall mounted bracket and place the other bracket on the mark position on the back of the furniture piece.
- Drill a pilot hole as shown in the figure or into the back furniture frame.
Caution: Make sure you do not drill completely through the back of the furniture.
- Attach the bracket to the back of the furniture with the 5/8" screws provided.

Step 3

To Attach the safety strap:

- Move the furniture back to its final position.
- Thread the safety strap through both of the mounted brackets as shown in the illustration.
- Tighten the strap unit snug.
- Do not over tighten.

Wallboard

Important: Make sure the brackets are firmly attached to the wall stud and furniture frame and the safety strap is snug.

Warning: This product is not be a substitute for proper parental supervision which is the only proper deterrent to prevent improper use of this unit. The manufacturer assumes no liability for improper installation or excessive loads placed on the safety straps, bracket or mounting screws. This hardware will not insure against tipping.

Note: For taller or heavier pieces of furniture, two safety brackets may be installed.
