

Installation Guide

WARNING!

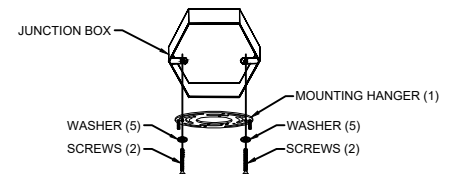

Read these instructions carefully prior to installation.

- DO NOT touch the lamp directly at any time. Oil from your skin may damage the lamp. Use a soft cloth.
- DO NOT use with bulbs exceeding the recommended wattage.
- When used with incandescent bulbs, be careful about the lamp's heat. DO NOT touch it or place it near curtains or other combustible materials.
- ALWAYS cut ALL relevant power before installing a lighting fixture, and do not restore power to the line until the lamp has been FULLY installed.
- Check for electric, gas, plumbing lines before drilling or consult a professional.

Parts List					Wiring	
					L = Hot/Black	
1x	2x + 1 extra 1 1/8"	3x + 1 extra	2x 1 1/8"	2x + 1 extra	N = Neutral/White	
					 = Ground/Green	

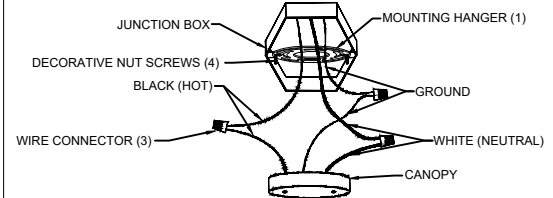

STEP 2

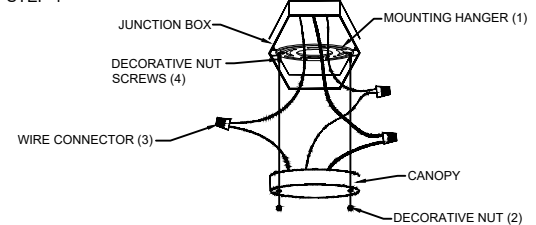

Secure the mounting hanger (1) to the electric junction box with the screws (2) and washers (5) provided.

STEP 3

Connect the hot wire to the hot wire from the power supply. Connect the neutral wire to the neutral wire from the power supply. Fix the ground wire to the ground wire from the power supply.

STEP 4

Install the canopy (shade/cover) of the decorative fixture on the mounting hanger, using the supplied screws or decorative nuts (2).

STEP 5

Install light bulbs. This fixture is rated for up to **eighteen (18) E26 40-Watt maximum** bulbs (not included).

Turn your power back on at the breaker box. Then check if the product turns on.
