Installation steps

STEP 7

This side is the panel side that has indentations.

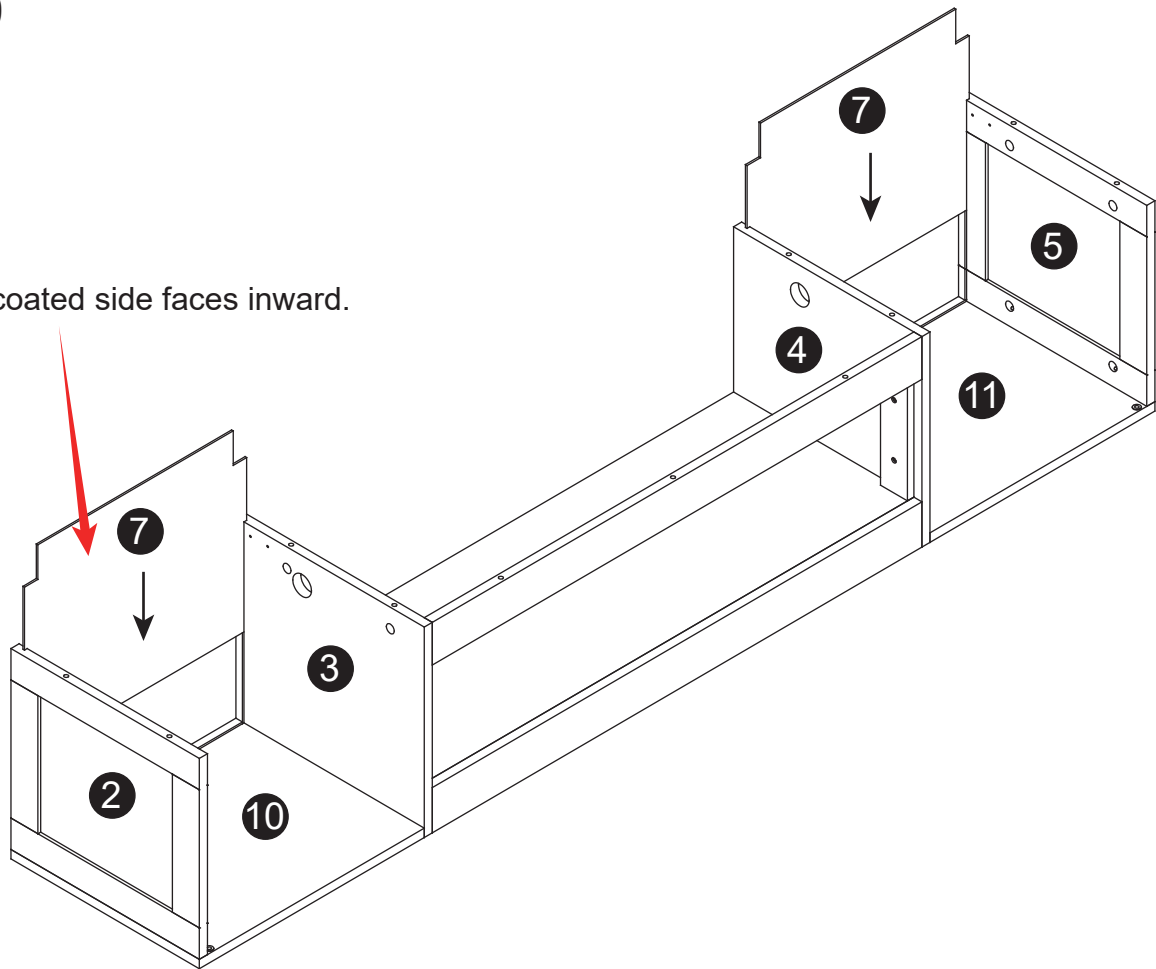

STEP 8

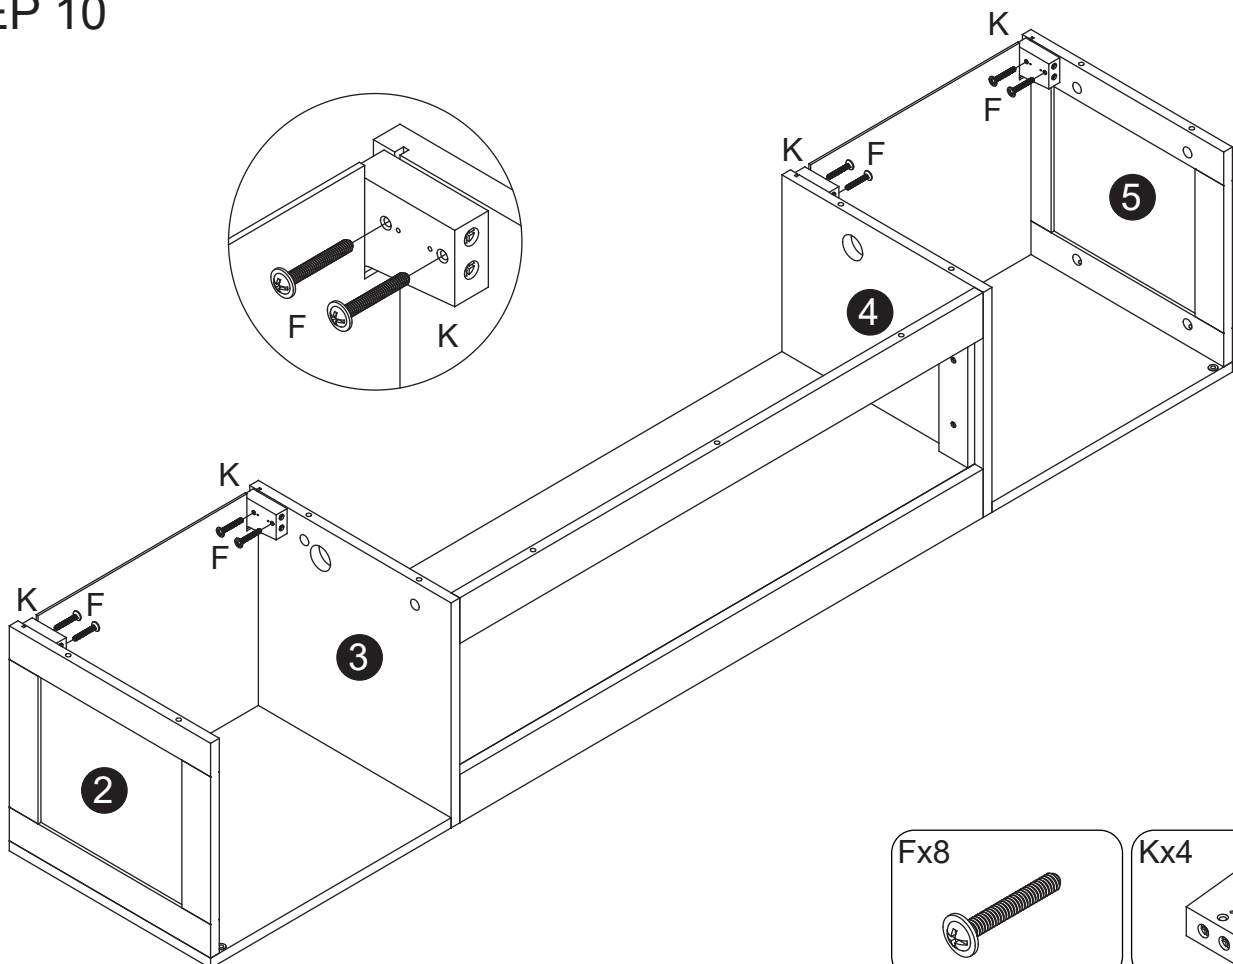

Installation steps

STEP 9

The coated side faces inward.

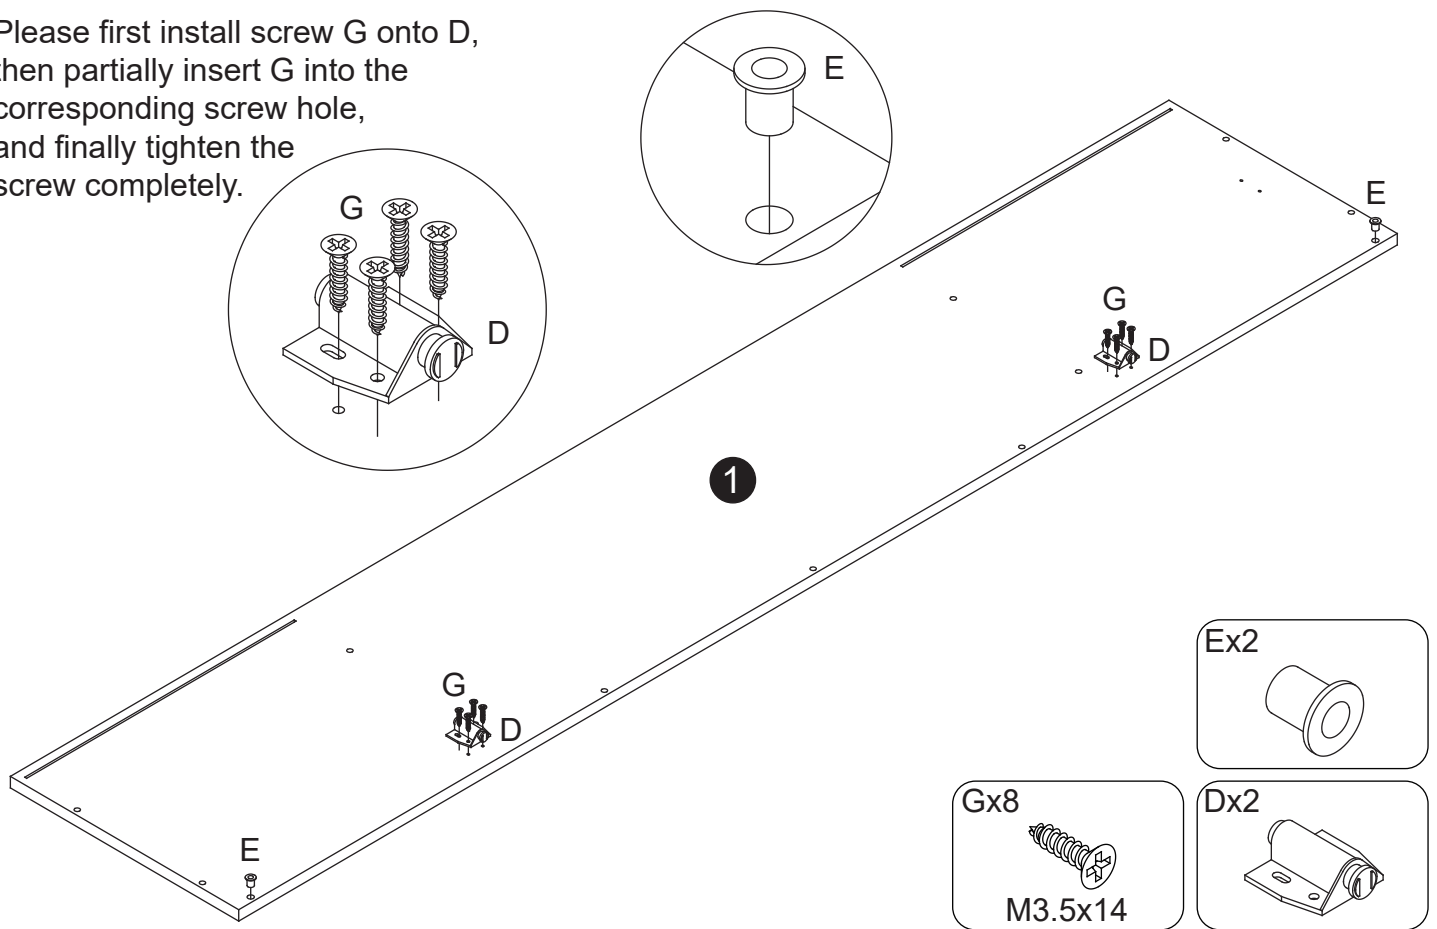

STEP 10

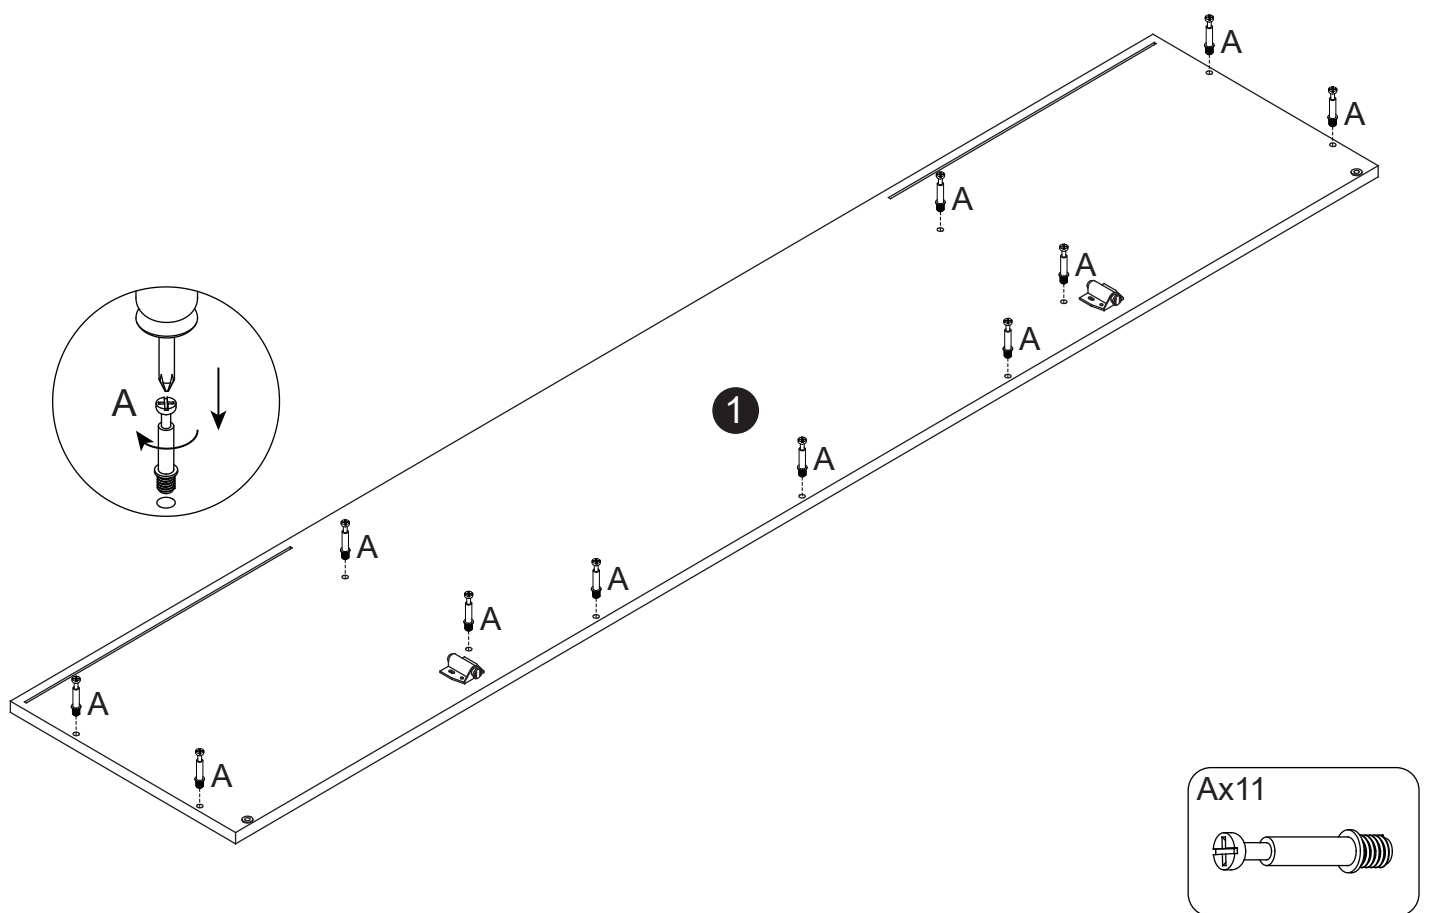

Installation steps

STEP 11

Please first install screw G onto D, then partially insert G into the corresponding screw hole, and finally tighten the screw completely.

STEP 12

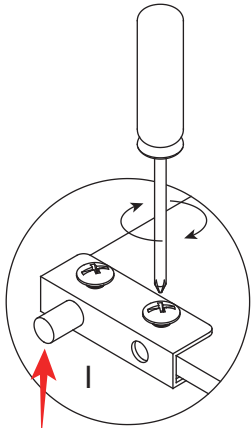

Installation steps

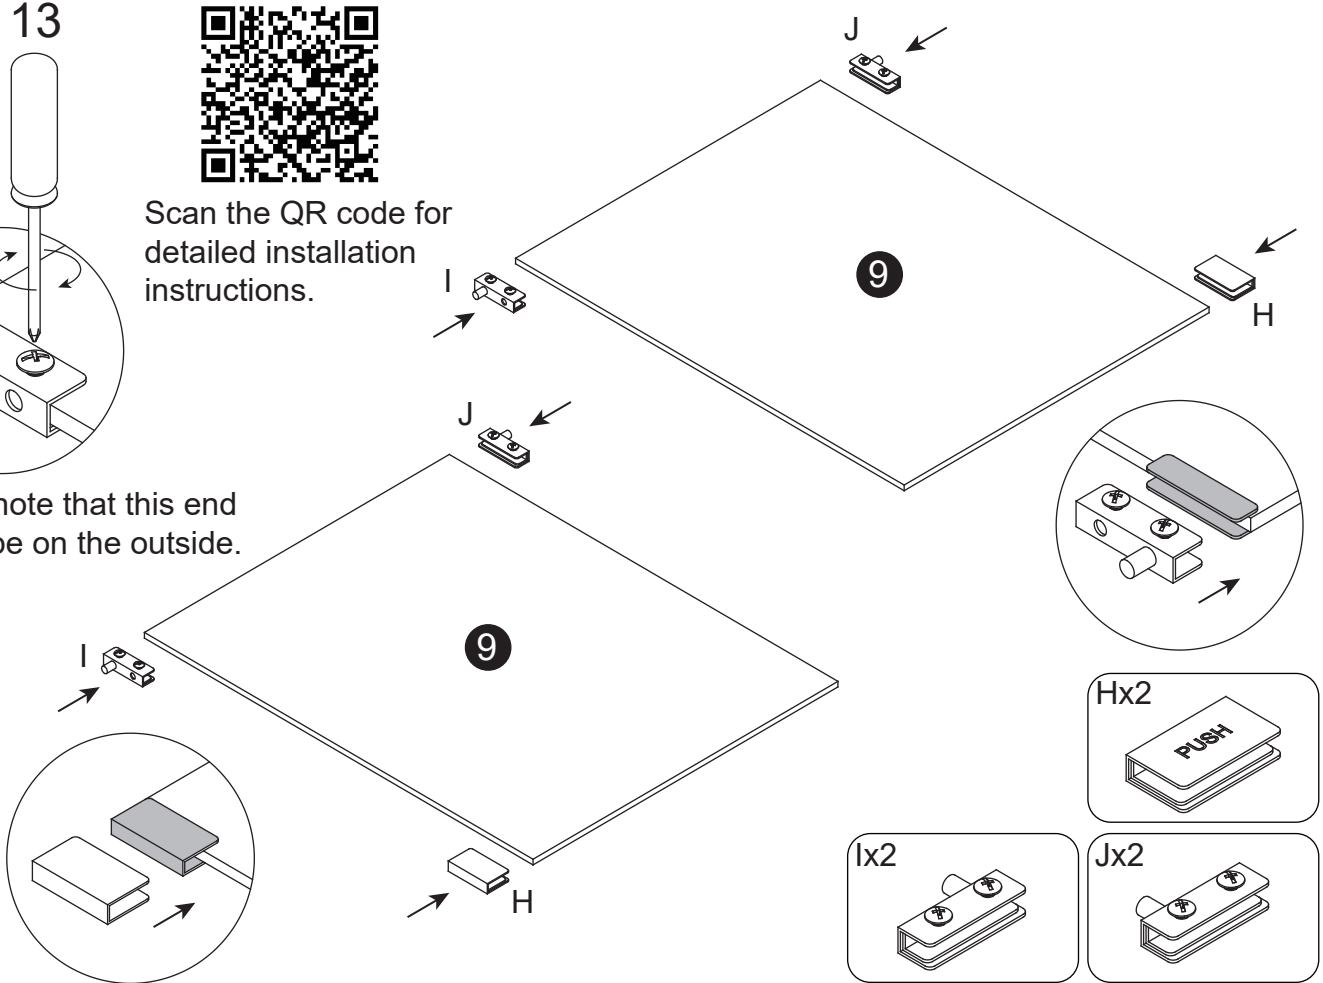

STEP 13

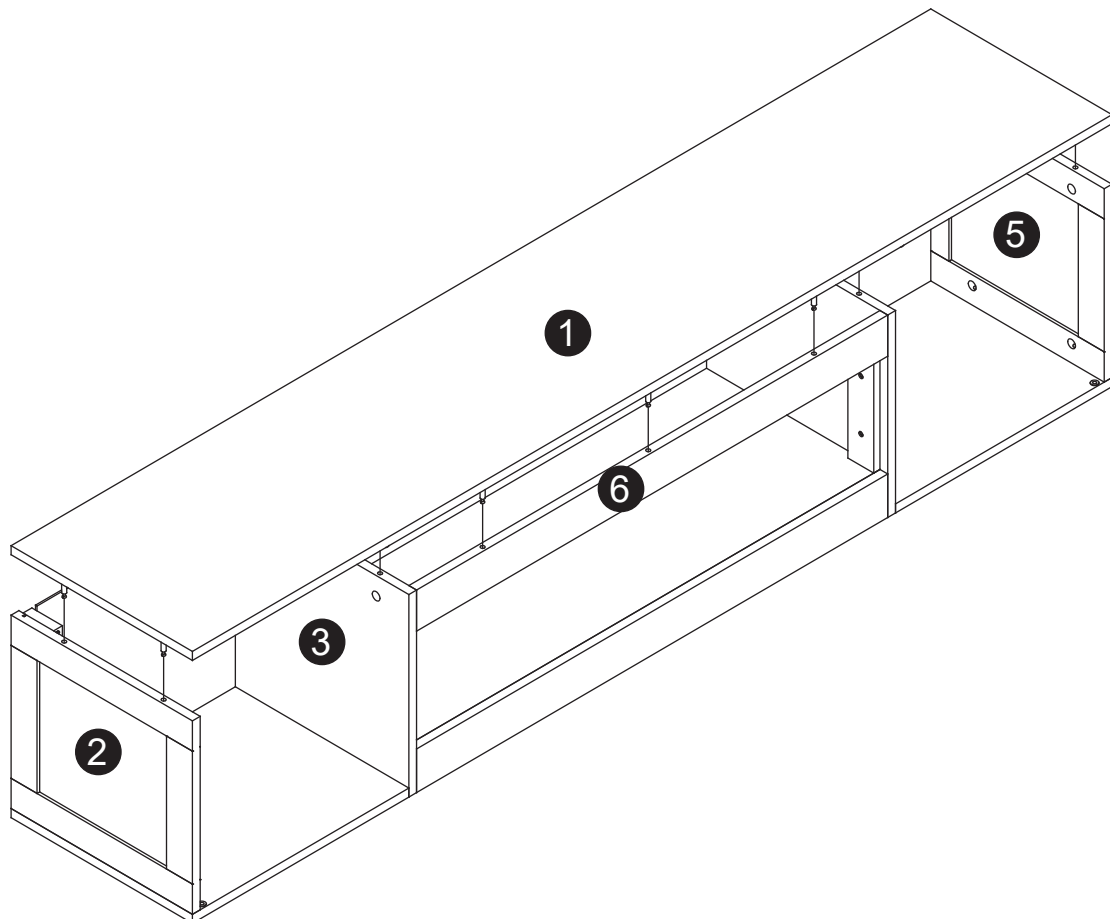

Scan the QR code for detailed installation instructions.

Please note that this end should be on the outside.

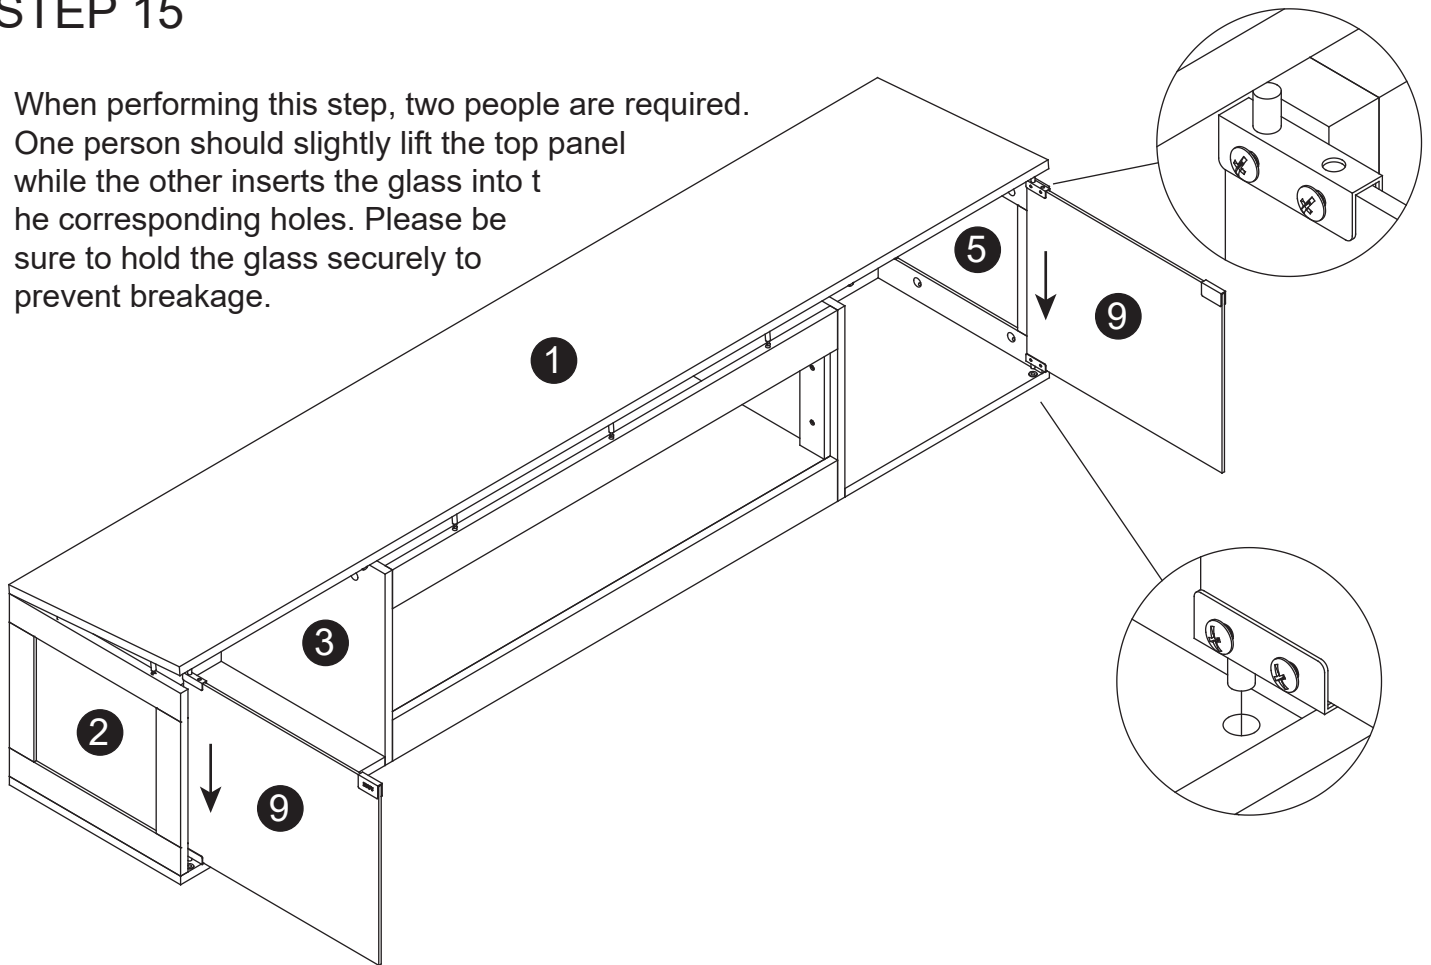

STEP 14

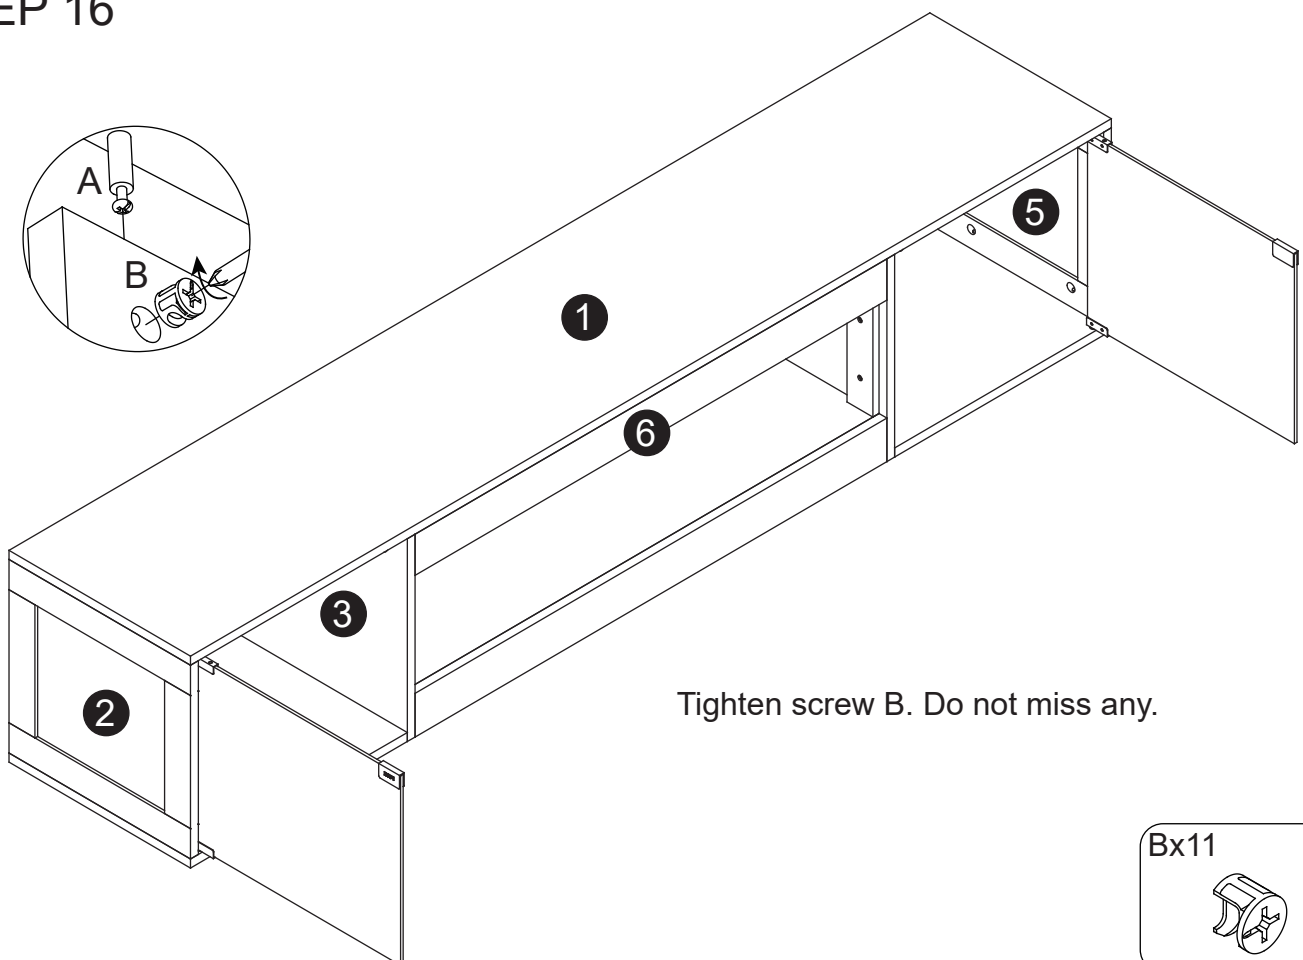

Installation steps

STEP 15

When performing this step, two people are required. One person should slightly lift the top panel while the other inserts the glass into the corresponding holes. Please be sure to hold the glass securely to prevent breakage.
