Instruction Manual

Thank you for shopping with us!

If any parts is missing, broken upon receipt or you need any help from us.

For the FASTEST solutions, please FIRSTLY CONTACT US at our after-sales email: **CSsince1987@hotmail.com!**

IMPORTANT

Follow the instructions for the assembly,
daily care and after-sales service!

1. Insulate the furniture:

Rattan furniture will go soft because of the heat. To guarantee and extend its service life, it should be put at a place away from the heat.

2. Keep away from the direct sunlight:

Strong sunlight will discolorate the rattan and shorten its service life. When in use, it should be kept away from the direct sunlight.

3. Avoid contact with water:

Rattan furniture usually has a metal frame for the solidness and sturdiness, but it will get oxidized and corroded because of a contact with the water. So it should avoid the contact with water when being used.

4. Clean and maintain the furniture:

Use a feather duster to clean the dust and dirt on it. For stubborn stain, use the wet towel to wipe it off. Wax the rattan to prevent it from discoloration and keep good-looking.

5. Do not allow light source to focus on it:

Glasses, mirrors and other items that are easy to gather the light source should not be put at a place where they can project the light source to the furniture.

Please prepare the following tools

When installing, please carefully confirm whether each screw corresponds to the manual, accessories with similar shapes can be distinguished by size
