Dear Customer,

This play set satisfies all the requirements of the Australian Standard AS/NZS ISO 8124 ,and European Standard EN71-1,2,3,8 ,and has been certified by an independent laboratory. To guarantee safety, please give special attention to the assembly, safety, and care instructions detailed in this document.

ASSEMBLY ADVICE

Please follow the assembly instructions exactly as given.

- This product must be assembled by adult.
- Once assembly has been completed, keep the instructions sheet especially for the identification of the component by after sales service.
- Before commencing assembly, check that none of the parts are missing. You can retain excess parts as spares for future use when necessary.
- Retain extra parts to use as spares in the future if necessary.

The dimensions given in the instructions are indicative only, they may vary according to the assembly method.

SAFETY ADVICE

- This product must not be used by children under 36 months (the small parts could be swallowed).It is only for children from 3 to 7 years with a 35kg maximum weight.It must be used under adult supervision.
 - This product is only for private use at home and must never be used in parks and public gardens,in schools, camp sites, hotels, public leisure areas etc.
 - The play set should be set up on a flat surface and 2 metres away from all other things, structures or obstacles (walls, fences, trees, washing lines or electric cables etc.).that could cause injury during use.
 - The product must be not set up on hard surfaces (concrete, tarmac,etc.).Grass or soft surface are better.
 - The play centre must be embedded firmly into the ground,respecting the assembly instructions.
- Do not throw packaging in nature and do not leave with the range of children.

MAINTENANCE

- The metal parts do not need any particular care.However,in certain regions (ie seaside ares),certain coating could be prone to damage.In this case, it is advised to use a rust prevention.
- All parts that are under constant friction can be controlled regularly.All elements such as stones or other objects that could cause injury in the case of a fall, should be removed.
- It is advised to remove the apparatus during the winter period,when not in use, to avoid any deterioration due to bad weather conditions.

Practical advice

Certain safety checks should be carried out regularly on the play set.This check should includes,if necessary ,removing any sharp edges,replacing missing screw covers, tightening of the play set.
